## From Reader Review ??? XXVII [Kuroshitsuji XXVII] for online ebook

**Karissa says**

This is the 27th volume in the Black Butler series and was the darkest and most disturbing volume of the series. It was incredibly well done and I really enjoyed it.

Volume 26 left the readers on a huge cliffhanger, this volume explains the backstory behind that. We finally learn the true story behind the death of Ciel's family and how Ciel ended up bound to Sebastian.

This series continues to be amazingly well done, although I will warn this is a very dark book in the series. The illustration is amazingly beautiful and I absolutely love the characters. Learning all the backstory behind Ciel and Sebastian was incredible.

Overall I continue to really love this series and this book was an excellent addition to it. I am dying to know what happens next!!!

**Chia-Tung says**

Despite already knowing what had happened to Ciel in the past, it was still hard to read about it and learning that he had lost his brother was just as painful. I'm gonna cry. We still don't know who is behind this tragedy... I hope they find out soon with the return of the real Ciel...

I'm just gonna go cry in the corner.

**Olivia says**

Gosh...what even is my reaction to all that horror and gore? I mean, it was good and we now know the details of what happened to bring Sebastian into the picture. But to read it and enjoy it? I feel like I shouldn't have enjoyed that...but I did.

## Puff Magicdragon says

When I took a glance at the picture on the first page in it, I had a feeling how the story will turn out. I have been with this series for so many years and just love every little thing that it covers. Getting to know what had really happened in the begining at this point, I mean I have been waiting for this for so many years, really almost made me cry.

I recommend this book not only to the old fans but also to the new commers who are wandering where to start from.

### **Amanda Setasha Hall says**

I'm so COMPLETELY excited to finally have real backstory to this series. It's extremely dark, but I literally couldn't stop reading it.

### **Amber says**

Holy *shit* that was a wild ride. I mean I was kinda spoiled for the twist awhile ago but man it was still so freakin good. I also wish I'd waited a bit longer for more chapters to accumulate because now I have to wait monthly for a new chapter just when the story was getting even more suspenseful.

### **Rebecca says**

2 whole volumes all in the past? I'm pretty bummed bc if already figured out that "our" Ciel was the younger twin and the other twin was still "alive." I'd also surmised that Sebastian had devoured the older twin's soul on "that day," so now I'm guessing that the undertaker's experiments to bring back the dead are tied to the older Ciel somehow? Maybe? There's obviously no soul, or something off with the older twin and I'm dying to find out what happens IN THE PRESENT, bc most of the flashbacks we've already seen in part, I'd figured out, or don't really add anything... though I do like how Sebastian the dog was always protecting little Ciel. It's also a little disappointing that we're getting the trite "evil twin" storyline...

I am worried this could mean we're nearing the end of the series... I hope not bc despite some bumps (I could have done without the whole pop idol crap), it's been one of the most entertaining series I've read/watched. I know it's been super successful so hopefully not.

Questa è la cosa più figa che abbia letto negli ultimi tempi! Oltre al fatto che la trama sta diventando sempre più interessante, sono rimasta stupita da quanto mi sia affezionata a certi personaggi che nell'anime avevo lasciato in secondo piano (come i due indianini Agni e Soma)... Undertaker rimane sempre il migliore in ogni situazione (anche se, tesoro mio, ma cosa mi stai combinando? ❤?), Grell mi fa morire, sì, insomma, io sono pro-shinigami se non si fosse capito. Aspetto con ansia il seguito, spero che i capitoli escano con più frequenza rispetto ad altri manga che seguo XD

### **Regina Bertrand says**

Increíble! La autora sabe mantenerte ansiosa por los próximos capítulos. Suceden muchas situaciones inesperada, a pesar de que resuelven muchas incógnitas surgen demasiadas nuevas. Espero por más! 5/5

I have actually missed so many cues, I'm laughing at my own stupidity at this point.

Traumi, dolori e un passato che vuole essere sepolto. L'incubo in cui ci ha gettato la Toboso non è ancora finito: è appena cominciato.
