???

I love this book from the start to finish. Kyoshi I dont think I've cried this hard since I lost my best friend and dad a year apart on the same day a few years ago. It tugged at my heart string so bad that I had to stop reading several times at the end. God bless you my sister

**Wow**

This series took me through every emotion. Lawd. The love Gi and Zyon have for each other is the kind of love you dream about. They went through hell and back but they made it. Everyone doesn't get their happy ending but you remember the good times. Amazing series I can't wait to see what's next.

#### **Not what I expected!!!**

While I have enjoyed the book series, my feelings are truly hurt Ms. Kyoshi!! I just knew Gianna was gonna beat her cancer, especially after the drama her and Zyon went through. I cried like I knew the characters for real, lol. Not all endings are good, but if you have not read Zyon and Gianna go check this couple and their crazy family and friends out. They will make you mad, sad, cry, and laugh.

#### **Ugghhhh!!!**

I enjoy reading urban fiction; however, I'm soooo over the deranged ex who can't let go!!! I mean all these stories are starting to sound the same, but I like Kyoshi!!! Not happy about the ending so it's only fair that we get a glimpse into how Zyon and Gissy bear are doing. Let's not forget Kita and Markie!!!

**I am an emotional reck! Awesome series.**

Wow! My sister told me I had to read this book series and she was right. From book one to this last one, I have enjoyed the story of Zyon and Gianna. I loved their relationship and how through out their trials they made it work. The friendships with Kiya and Pierre were genuine and warm. Pierre give me so many laughs with his over the top behavior. I bet we all know someone with his attitude. Kiya was so strong and a real ride or die friend. I won't spoil the ending of the book but just know that I was on the phone on three-way crying to my sister and cousin. Kyosh you wrote that ending so well. I felt I was there with them. This book took me on an emotional ride. I will definitely continue to read more books from this author with tissue ready.

#### **I definitely wasn't expecting that ?**

All I can say is I'm glad that Naomi and Tyson got handled. Also glad that Gianna forgave Zyon. I wasn't expecting it to end the way it did ? and I was feeling some kinda way. Everyone can't have a happy ending though ????? it was still a good series.

#### **I literally cried at the end!! This was such a good series**

Zyon pissed me off with how he talked to Gianna at the BBQ revealing that she was pregnant. I kept rooting for them as well as Kiya and Markie. The last few chapters has me in tears. Like I literally cried as if these were real people lol. I hope there is more to come soon!!

I can't believe wend like that my heart was so heavy I was hoping it was a dream but I guess they can't all end happy ever after because that's not life Zyon and Gianna made a beautiful couple I glad all the enemies were dealt with and Kiya found love with Markese I also loved Pierre that's a fool he keeps you laughing can't wait for another book from Kyoshi keep up the great work.

**WOW.....**

Didn't see that coming. I know all stories don't have happy endings but wow this was a real test jerker. Hi Anna was the epitome of a woman who had values and principles. I'm glad her and Zyon got married and had that beautiful daughter. Naomi and Tyson both got what was coming to them. I hope that you have a follow-up story for Kiya and Markie and maybe St in meets someone else.

#### **Good book but can't win them all!!!**

Nooooooooo ??? that wasn't the ending I was hoping for. Even though that wasn't the ending I wanted but I can say that I really enjoyed the book and I am glad that at the end of the day Zyon and Gianna did get it together and was madly in love with each other. I was glad when Kiya got her memory back and told Markie who attacked her and he handled that once and for all. I swear Markie was BAE how he catered and loved on Kiya, just a womens dream. I surely can't forget to mention that darn Pierre I sooooooooo loved him and his personality, he really brought so much life and laughter in this book. This was a great read Kyoshi you did your thing.

#### **Disappointed**

Ok I loved this book at first but with Gianna dying hurt me to the core I was so disappointed... Her and Zyon had just got back on track with their relationship so I was looking forward to a better ending for them two, so disappointed

#### **Tears, tears, tears**

Why did you do me like that Kyoshi? Girl I just cried the ugly cry like at my Granny Girl funeral. I'm glad that Naomi and Tyson got what they both deserved. Kyia and Markie are a beautiful couple. Even though these are just fictional characters, my entire heart went out to Zyon. He had just got Gi back and had a beautiful baby just for it to be taken away. Man I didn't want the ending to turn that way but I knew it was coming. That hurt my entire soul seriously! But great job on yet another beautiful series and I can't wait to read more.

### **Laura says**

This was a very good series I loved each one of the characters except two of them...  
I couldn't stand that Naomi and Tyson I was happy they both got what they deserved....  
The ended was very sad I really wish that Gianna would've beat that cancer a second time but it can't always be a happy ending all the time....  
I hope there's a spin off to this series because I would love to hear more about Zyon and Zyanna  
I give this series 5\*\*\*\*\*stars it was fire....
