**Like the series**

Good story and recommended read but it needs editing. Several misspellings and once a character's eye color changed; despite these issues it was a good read. The story interwove serious issues with a wounded warrior and a crazy ex licensed to carry. Admired both the warrior and his spirited love interest. I welcome further stories about his fellow warriors.

**I Lost My Heart**

I loved this Novella and truly anxiously awaiting the next in this series. Lam is is one of my favorite female characters and I love that she appears balanced and intelligent. Parker, in my, Love me some alpha males. He is all that and vulnerable st the same time. I love his loyalty.

Now we all wait for whether Myles truly is dead. I hope not, but if he isn't, then what drama will be bring with him on his return from the dead?

Blue Saffire has done it again. Man I wish I could get a peak into her brain.

WHEW...SH\$!T Blue, girl you put yo foot in this one! I am BREATHELESS. That window seat scene with Parker & Lakia. Chile...I'm tremblin' ????

I simply cannot wait for the next novella and the full length novels in this Lost Hearts Series. You said we needed to know each man's back story-how they ended up in that room with Caleb.

I just know I'm gonna UGLY CRY! #ALLTHE FEELS!

#### **True Blue Magic**

While this was a novella it definitely packed the same punch as full length! I feel like this is the Blue writing I fell in love with. Everything was clear I could visualize the scenes. The story while it had its poignant moments was still very much a happy make you sigh book. I recommend this one and cant wait for her next.

#### **Phenomenal Read**

I was sooooo not expecting this story line - it wasn't the Blue that I am used to but oooooohhhhhhhh it was worth it. Bought it this morning sitting in a drive thru and finished it after I got off work. I can't wait for the next installment. Keeping bringing that Super Blue that only you can do.

#### **My heart is happy**

I loved this book there was a lot in this novella. I am happy there wasn't any of the normal back and forth that you get in a book. Parker I felt for him and understand his struggle. A lot of troops face the very true reality of coming home and dealing with very severe issues that are not physical in nature. With our the aid of loved ones to help. I faced it with my brother coming home after two tours in Iraq and Afghanistan. Well back to the story Lakia was the perfect heroine for Parker she knew something wasn't quite right and if her son's father wasn't bring a brat whose toy was taken away I am sure she would have picked up on the issues right away. Isaac was a joy and so was her Lakias mother. This was a one click for me and I as with all her books I am never disappointed. I have a feeling we haven't heard the last of Parker or Lakia.

#### **Loved it.**

I loved the instant chemistry between this two. They might not have met under the best conditions, but it was so worth it in the end. I so enjoyed this, and I can't wait to see if her last statement comes true!

### **Love this couple**

Whew this story started out pulling at my heart strings I felt so bad for Parker. Kia's ex Toni was a psycho path and he got everything he deserved. I mean how unethical and manipulative can one person be. I'm holding out hope that a certain character really isn't dead \*cough\* cough\*. I love the way Kia and Parker were honest and understanding with each other. Their communication was darn near perfect. The window scent scene gave me so much life. Issac was adorable and very in tune with his surroundings. I think I have an idea what may happen later in the story due to reading another book. If so I cant wait to see the other part of this couple's journey. Seriously Blue is the only author I automatically one click. Whether it's a full length or a novella ( and o done even like those usually) I know I'll get my money's worth. #reccommended

### **Great read**

I've read almost all her books and though there are ones I've chosen not to read I am happy this is not one of them. I'm not sure how this edition connects to the previous installment, it is still a must read for the overall experience of the series. A Blue Saffire must read.

### **Broken Soldier is amazing ..5 stars!!!**

Parker was drawn to Lakia and Issac before he even met them. And the feeling was mutual. Their chemistry was off the charts. Great plot and storyline. Issac was Lakia's 4 yr old son. Parker was Lakia's brother Myles, best friend. They were like brothers. Myles made Parker promise to lookout for his family if anything should happed to him. Myles died in combat and Parker was severely injured. But he got better and went to Texas to keep his promise...though he has some memory issues. It was on from there on out..Parker and Lakia are amazing. Get this book ...you'll love it??

### **Excellent read**

I love everyone book by this writer and this book is not different. I love how she does multiple series at the same time. These characters and the storyline were great. Normally I don't do novellas. The end just as you are relaxing into the story. I made an exception for Blue sapphire and I am glad I did . Look forward to the next book . This one was worth your time and your money . Happy reading

### **Incredibly Written!**

An outstanding intricately woven well written book, that is a Blue Saffire trademark. Parker is a hero, whose loyal, protective, a total alpha male and he falls in love. Lakia is a strong independent woman that holds her own, that finds her soulmate. Their chemistry is palpable and their connection absolute. This book defines well the aftermath and different struggles some soldiers endure after serving, while working to build or rebuild their lives once they come home. Another page turner.. Well done Blue!

### **Meant for each other**

Parker made a promise he is determined to keep. He returns from war a broken man, having lost a friend who was like a brother to him. Lakia is a single mother and published writer, her brother was Parker's best friend. Lakia's ex and the lousy father of her son just won't go away but Parker is in the picture now and just may be the one to send him on his way.
