If you are a fan of Poe, this book belongs in your collection. I was very pleased with the story selection (including one of my favorites, "Never Bet the Devil Your Head"), and the book was beautifully illustrated. My only real complaint is that the size and coloring of the font made the text a bit difficult to read but honestly I don't view this book as a reading copy.

I received an ARC of this book in exchange for an honest review.

Trevor Daniel says

The illustrations were super cool and creepy and went along perfectly with the stories! Plus Edgar Allan Poe is one of my favorite authors and it was fun getting to read most of his work. If you like/are interested in Edgar Allan Poe, you should definitely check it out.

I just love the illustrations in the Classics Reimagined Series! Poe is Poe, if you love short creepy stories and haven't read him, I don't know what your waiting for.

Miranda Hannah says

The illustrations were by no means beautiful, and this went perfectly with Poe's creepy stories. Great reading experience for one of my favorite authors.
