Tina says

it was a children's book.

Rebecca McNutt says

Terrible book, it was mostly just promotional material and merchandise for the television program. I've seen my twelve-year-old brother come up with better ideas than this book's got. It was frankly very pathetic and I ended up donating it to some place that gives free books to kids in need. Maybe they need it much more than I do. It'll give them something to make fun of and laugh at.

*On a side note:

Either every character in this book was anorexic or starving to death judging by the way they are drawn, but the way they are drawn and described is not a very good message for kids. *of course* you'd never see an overweight faerie in this book or one that was slightly different from all the other sheeple, that'd break the false illusion of perfection!

...Sad.
