Flawless Jade Jones

THE HIGHLY ANTICIPATED NOVEL FROM JADE JONES

Romeo and Desmond moved to Atlanta in hopes of flourishing from the success of their unlawful but prosperous business. Two small time hoodlums turned big time entrepreneurs, these Cali boys are just trying to get it at any and all costs. But when greed, betrayal, and a plan gone wrong comes into play, these two friends' very foundation is shaken. Can they stay afloat in spite of it all, or will they lose what they worked so hard to build together. Shayla Edwards is a spoiled little rich girl who's always walked the path that was chosen by her wealthy successful parents. However, things become a whole lot interesting when she meets a sexy D-boy that changes her entire life forever. Romeo is everything Shayla's ever wanted in a man, but will she be able to tolerate the dangerous life he lives? Kimberlyn Lopez was used to living the lavish life before her fiancee Cool was locked up on drug charges, leaving her to take care of their 2 year old son. If things aren't bad enough already, they really become complicated when Desmond, an old flame, comes back into the picture. With his smooth, charismatic appeal, Desmond has always held a part of her heart even while they were apart. But will Kimberlyn be able to tolerate his career choice--and the possibility of losing him as well? If things are complicated enough, they really heat up when Cool gets the early release he was anticipating. <"Flawless" will take you on an emotional roller coaster, that'll surely have you questioning just how far you'll go for love.

Trouble always seemed to be lurking when everyone just wanted to do right. Ava took being scorned to all new heights when she would've done better keeping her feelings to herself. She put herself out there and as crazy as it may seem she got part of what she wanted. Cool was crazy and I didn't like him at all. He didn't care about the warfare of others as long as his selfish ass got what he wanted. Kim was cool but I never expected her secret. She was too good to Cool and it was long overdue for her to let go of their situation. I really liked both Desmond and Romeo. Desmond needed to put Dana in her place because she was doing way too much. Romeo finally met his match in Shayla! Things were new for both Romeo and Shayla but I appreciated the fact they gave each other a chance. I'm ready to continue with part 2 because there's no telling how things will go for those responsible for the hurt they dished out.

Surprised by how much I enjoyed this

Shannon says

Wow.....

I love reading a good book that has your attention all the way thru I couldn't get enough of this story Dana is nut's she can't stand rejection if I could tell this whole story I would but I do recommend all readers to read this series if you haven't already I'm ready for Flawless 2 the drama gets better & better

Maebelle Richardson says

Good read entertaining from beginning to end. Liked shayla and Kimberlyn but they needed to learn to choose better men. Dana is a straight up crazy bitch and Nina wasn't a friend to anyone. Romeo needed to grow up and learn how to treat a real woman and Desmond was a good guy but had a crazy BM to deal with. Ava needs her ass whooped for what she did and Cool was a fool that was looking for an easy come up. Can't wait to continue this series to see what happens.

Riveting

A page turned that grips you until the end. I thoroughly enjoyed this book. I highly recommend this book to everyone.

Brooklyn Donne says

Can I say that Shayla needs to go on somewhere and be happy...following behind that rude, arrogant Romeo. Ugh.

Kimberlyn was so bougie then petty. That damn Cool...a mess! Ladies we have to do more than be fascinated with some money, good looks, and slick talking...good googly moogly. Maybe that's why I had been single for so damn long. I refuse honey!

But that damn Dana...girl get a damn life!!!! He doesn't want you!!!! I hope someone whoops her ass so bad that she bleeds out the hoo ha!!!

Ava...girl come on...he doesn't want you either! Stop it!

Why do they make the decisions that they make???

Overall good one!

Flawless:A Street Love Tale

OMG!!! I can't wait to read book 2, will Desmond make it, will Kimberly make it, and what about Shay??? Great book with lots of action and drama.

Tamara Ellis says

Great Read

I really got into this book I couldn't stop until I finished it i could understand why kimberlyn didn't tell Desmond the truth how do u tell someone that they have a child they never knew about? I think that shayla is just what romeo needs to tame his ways I hope he rescues her before something happens to her.

Twigi718 says

Good read

I thought I wouldn't like this book due to the title. It was definite a page turner. I read it so quick that I had to start number 2 right away. I'm not sure how many more books to the series but 1 & 2 are definitely good reads.

Happy reading

Must read

Enjoyable, edge of your seat. You must read this. I'm glad it's an series. Very pleased. Loyal fan here. Loved it

Carla Hamlin says

Good read

I truly enjoyed this book it was good from start to finish. I look forward to reading from this author

Fonda Lewis-Jackson says

Good book

This a page turning , they all problems and issues I would never thought Available would have turn so guck. And the author why do the men and women got the same look why can't they be just average big bone short hair..?

Vi Louise says

This urban fiction story is ok. I think the characters could have been developed more along with the plot. I listened on Audible and the reader seems new to narration: lots of unneeded spaces throughout the book.

Taz Will says

Kimberlyn and Cool have been together for a good minute and he's locked up but not trying to change so Kim decides she's over the messy relationship. Shayla has gone through a breakup a couple months ago and runs into Romeo. The two friends end up bumping into Romeo and Desmonde at the club and come to find out Kim used to deal with Desmond before she met Cool. The two rekindle their flame that night, the next morning Desmonds annoying baby mother pops up and Romeo takes Shayla out to get a car. From there the story just goes down because within under two months Romeo figures he's ready to give Shayla his all and Cool is already out of jail causing chaos. I can go without reading the next one because there was no connection with either couple and their illegal business was a waste of time.
