### **Erika says**

Now I know this is not a book many people would buy for their kids, but my little boy is in love with monsters and he thinks farts are the funniest things ever so I purchased this three part series and he loved it.

#### **Farts are funny**

This is a book about farts; smelly farts! My girls love it and it is quite entertaining. A joy to read over and over and over again.

#### **Just right for real boys from a Boymom**

Funny, had my son's attention and he enjoyed it. This is a good book for moms of boys to read to their little boys. I know that some may think that this isn't good literature but in all reality, little boys fart. Big boys fart. And most of the time they think it might be funny to blame someone else. This just shows us the funny side of it. My little boy wants to read the next few books. And if a book on monsters farting makes my little boy want read more, then so be it.

### **Lori Garside says**

It's hard to read when you are laughing so hard - my friend's daughters weren't terribly amused, but I sure was! This would have been a hit in my 7th grade classroom!

### **Andres Silva O. says**

#### **Fun and short**

It was hilarious but too short for the kids.. looking forward for the next ones, surely will be entertaining and fun as well

### **Kathy Mitchell says**

## **Farts and Marshmallows**

The monster was invisible to everyone but Zach. But they could smell his farts. That made Lenny the monster nosedetectable in a very unpleasant way. Zach was able to train Lenny not to fart in front of people using marshmallows! Is there anyone you know who should eat marshmallows?

**meh.**

I thought it was ok, but my 4 year old and 5 year old liked it a lot. My 5 year old gave it 3 stars. Definitely kid humour, but I thought it could be better developed. There are other 1st chapter books for kids that are better.

**xochitl kolinsky says****Good**

This is just good because it's funny I love farts and marshmallows and I'm Lenny these books have come to life the I'm Lenny part is a joke and I think my sister would like it and I also don't think it's great because it is short.

**Aiden says****My boys loved this!**

In the words of my kids...

I liked it because no one could see the monster but they could smell his gross farts. And the boy Zach kept getting in trouble for it.

I liked it because the kid kept getting in trouble for farting but it was the monster. It had all my favorite things, farts, monsters, school, marshmallows and ice cream.

**Ursula says**

HA! LOVE IT! Looking forward to #2! xD

---

**Mary says**

We have read this book twice in my class of 2nd graders. They love it and are begging for #2. The farting incidences in class and shouting out about them when they do happen have stopped since reading this. I so hate the word "fart;" it was never allowed in my vocabulary as a kid. However, my kiddos love this and I will read the others to them as a result.
