Will an Alpha cowboy win the woman of his dreams in this sexy, small town western?

*A captivating contemporary western romance series that will appeal to fans of Vivian Arend's Six Pack Ranch, Cora Seton's Chance Creek, and Maisey Yates' Copper Ridge.*

### **What's a guy to do when the girl of his dreams makes a pass at him?**

Saying no to Hope Hansen was the hardest thing Ben Sinclair has ever done. Despite the fact that he's loved her since grade school, between their age difference and a family feud, a romance between them was forbidden. But now she's back and the girl he loved has become all woman. He's finally ready to make his move, but he'll have to get around her brothers and a field of admirers to do it.

### **What's a girl to do when faced with the worst mistake from her past?**

Eight years ago, Hope took a chance on Ben and got shot down. Heart broken and mortified, she left town. A fiasco at veterinary school foils her plan to avoid him forever by forcing her to come home to Prairie. When her brothers meddle in her love life by placing a Cowboy Wanted ad for her in the back of Rancher's Monthly, Ben becomes her unlikely ally. As all her feelings come crashing back, Hope isn't sure if she can trust him... or herself.

### **Cowboy Wanted: True Love Awaits**

Ben comes up with a daring plan to win Hope, but when ice storms, weddings, and babies interfere, will it backfire? Or will Hope realize that true love has been waiting right under her nose the whole time?

## **Author Questions**

### **Q: What makes the Cowboys of the Flint Hills series special?**

Cowboys of the Flint Hills is a contemporary western romance series that embraces small town life in the heart of the wild west. It's deeply rooted in history and place, and the weather is as wily and unpredictable as some of the characters. In this contemporary western romance series, I highlight everything I love about living in a small town in the west: family, community, kindness, & respect. The setting provides an exciting backdrop to contemporary romances about sexy cowboys with tender hearts and the strong, sassy women who love them.

### **Q: Who would enjoy these books?**

Cowboys of the Flint Hills is a cowboy romance series written for anyone looking for love in a small town. If you love Cora Seton and the residents of Chance Creek, you might fall in love with Prairie. It's a town where everybody knows your name and love always wins! Many of my readers also enjoy the books of Vivian Arend, Lorelei James, Maisey Yates, Kate Pearce & Janet Evans.

### **Q: What order should I read the books in?**

This contemporary western romance series has been written so that each story is a standalone that wraps up with a happily ever after by The End. If you want to read them in chronological order I suggest this:

- \* Prairie Heat
- \* Prairie Passion
- \* Prairie Desire- Coming Spring 2017

- \* Prairie Storm- Coming Summer 2017
- \* Prairie Obsession- Coming Fall 2017
- \* Prairie Fire- Coming 2018

**Q: Are there crossovers with other series?**

Not yet- but there will be! Stay tuned!

#### **In in love with Prairie!**

Ben & Hope have been friends since he was 10 & Hope was 6. He turned her down one night when she was 18 & has regretted it ever since but now Hope is back in Prairie aged 26 & Ben 30, will they ever find a way through all the hurt!

### **Margery Baker says**

A marvelous read!

Lydia and Colton's story as well as their individual stories are awesome.

They are not only self-motivated, but they also inspire each other to attain their aspirations. The other characters in the book are equally likable and also figure intimately into their story. In reality, there is only one truly obnoxious, unlikable, malicious, etc. character in the book.

I voluntarily reviewed an Advanced Reader Copy of this book.

Another sexy cowboy of Flint Hills I read this book in two nights after work it's a second chance romance the two main characters Hope and Ben were childhood friends that built a secret treehouse together on the night before Hope leaves for college she puts the moves on Ben. He doesn't like her advances and Hope is left heartbroken since she is in love with Ben. Ben being older thinks Hope is too young for him. Hope leaves for college and returns eight years later after dropping out of school.

Ben rebuilds the treehouse as an apology to her hoping they can become friends again or even better more than friends. Can these two get a second chance at love after eight years?Read this book to find out. There also are some steamy love scenes if you are into that. I loved this book and know you would love it too can't wait for Axel's book the next in series he is one of Hope's brothers

### **Pamela Mitchell says**

This series gets better with each book and Ms. Layne writes with so much love and emotion, the characters jump right off the page and into your heart. I loved the story of Ben Sinclair, the sensitive brother, and his second chance romance with Hope Hansen, who came home after eight years of living in Kentucky. As soon as I started reading I knew I wouldn't be able to put the book down until I read the last word and then I wanted the book to continue. I can't wait to read book four in the Cowboys of the Flint Hills series.

I didn't realize Kansas was large enough and strong enough to "hold" all the strong, handsome and talented cowboys found in Flint Hills. One look at this series and I was completely enamored with the quality of writing and depth of the storyline. Each character is so real to me, it is like they are here in my house. They live near me and "let" me be their friend. The last Sinclair brother, Ben, can no longer hide his admiration, longing and love from his lifetime friend, Hope. In their young years, they were neighbors, shared childhood secrets while they skipped rocks in the creek and trusted each other more than anyone in their families. This all came crashing down around them as failures were exposed and plans for the future bit the dust. In this book, a baby is born, a wedding is planned, holidays are celebrated and devastation finds Ben and Hope's lives. This story is filled with times that I smiled like a fool as I read chapter after chapter; tension gripped my heart at sadness; and, I felt a soulful joy at the heartfelt vows of love by two people bound to one another in a place held secret from the world around them. This is an amazing book and one that I will remember for quite some time. I was given this book and I thank the author for remembering me. I loved this story!

Hope and Ben have so much chemistry and I love their story from childhood to adulthood. The banter between Hope and her brothers Gunnar and Axel was hilarious (those boys are ornery, especially when they take out the singles ad on Hope). It will be interesting to see Gunnar and Axel get knocked over the head by love! We get to know some of the other characters in Prairie a little more, which is always delightful. The marriage proposal between Ben and Hope and what happens after was so different, sweet and sexy. I really enjoyed this story.

Another great book by this author. It is packed with love and emotion. I loved ready the story of Ben and Hope. This is a story that shows how important it is to be open and honest in a relationship. Ben seems so sensitive that I want to hug him, yet he is strong for Hope. She is a strong person yet keeps a secret that should have been told. The storyline is good and well written. I have read the other books in the series and cant wait to read the next one. I will be recommending this book and every book in the series that I have read

so far.

Ben and Hope have big secret, they have been friends for years but never said a word to anyone because of the feud between their families.

As children they built a treehouse together, just out of sight of either family. When he hears she's coming home, Ben visits it he finds it destroyed. In that moment he decides to rebuilt it.

There was more there though, Ben had rejected Hope when she asked him to be her first lover. After reconsidering, he returned to hear her with someone else in their space and once again left.

Now it's going to take a lot to mend this but her brothers inadvertently help her when they do the unspeakable. They take out a personal ad for her in Ranchers Monthly.

Paybacks are a bitch and revenge is best served cold. I loved Hope's revenge.

She also is hiding something and that could ruin her relationship with Ben.

I laughed a lot, sniffled a little and enjoyed every page of this book!

### **Shelly Reynolds says**

"Pushing Hope away was the biggest mistake of his life. He could have been her first. The bar by which she measured every other male. Instead, the bar he'd given her was for heartbreak."

I am absolutely loving this series! I loved Ben and Hope's story - a true second chance romance!!

Ben Sinclair has always been the steady one. The reasonable one. But he made one unreasonable choice years ago. He pushed her away. He'd known her since they were kids and they'd shared a secret tree house. When she made her crush known to him all those years ago, he walked away. But, now she's back and no longer the little girl he remembered. Can he right his wrong? Is there anyway he can make up for breaking her heart? Will she accept his? He saw what lies and deception did to his mother. Hope is holding something back - will it destroy him when he learns what it is?

Hope had the highest aspirations of becoming a veterinarian. Before she finishes her last year of school, she inexplicably returns home, telling everyone she just realized it wasn't the right path for her. When she runs into Ben, the feelings she harbored for him come rising back to the surface- or maybe they never left. Can she risk giving her heart to him again after he broke it all those years ago? Will he still want her once he learns the real reason she is home?

This was a great second chance story. A missed opportunity leading to a new one. There were heartfelt scenes, humor, "awwww" moments, heartbreak, and of course the steam!!

Can't wait to read more of the Sinclaires and Hensens!

### **Patti says**

The final Sinclair brother, Ben and the only Hansen daughter, Hope get their second chance at love in this book. You know this is going to be a really great romance when Ben rebuilds the treehouse to show Hope how much she means to him...and it does not disappoint at all!

Their story is so touching that you crave for them to find a way to make all the theirs dreams and desires come true. The drama and pace of their story keeps you on the edge of your seat. You want to know what Hope is keeping secret. Could it be so bad that she feels no one will love her, especially Ben when the truth is revealed? Ben knows there's something that Hope keeps deep down inside herself and he is hurt and disappointed that Hope no longer confides in him like she did when they were younger.

I highly recommend this book as well as the series. Cowboy romances didn't really intrigue me until I started with this series and now I can't read them fast enough. I love the Sinclaires, Hansens and the town of Prairie!

#### **4.5 Stars**

Another great story in the series. This was a second chance, friend to lovers story. Ben and Hope were great together!!!

---

### **Nicole says**

Tessa managed to capture the true essence of the second chance in this great story.

Second chances for a young girl who made some wrong choices but owned them and made better choices for herself and her family.

Second chances for a war hero who's struggled and overcome.

I loved the birth of their relationship and the growth they both experience on their journey.

### **Diana Perry says**

WOW What a fantastic book! Couldn't put it down & read cover-to-cover! Tessa weaves her magic again in

this story with Ben and Hope. Ben and Hope have a past but he's older than she & their families have been feuding forever. Hope confesses her feelings to Ben before she's due to go off to college to become a veterinarian however he rejects her advances & tells her she doesn't know what she is doing. Ben & Hope inevitably come back together when she drops out of college & comes back home. Now Hope has secrets. Can the two retain the friendship that they used to have all those years ago can Ben Show Hope just how much he loves her and has been a fool? Will Hope except Ben and open up sharing her secrets? Grab yourself a copy of this book today & see how their story unfolds. I guarantee you will not be disappointed. I voluntarily read this ARC and this is my honest review.
