Reign Fall Michelle Rowen

Prophesies, demon slayers, dragons, homework... It's going to be a hell of a week!

It's been a dangerous ride for Nikki Donovan since she first learned she's a demon princess. And the ride isn't over yet!

She's just found out that her best friend is a demon slayer in training, one who doesn't know that Nikki is exactly the prey she's sworn to hunt. Nikki's demon king father has signed her up for lessons in how to master her erratic half-demon powers, and that's on top of her regular homework! Also, she's torn between two boys - Rhys, the faery king she's prophesied to marry, and Michael, a Shadow whom she's forbidden to love.

To top it all off, a dark force is haunting Nikki, something mysterious and evil that wants the demon princess dead...but who - or what - is it?

The third book in the Demon Princess series definitely does not disappoint. Book 1 was okay, Book 2 was good but Book 3 won me over. I realize that the publishing house dropped the series so Ms. Rowen, listening to the enraged (and desperate) cries of her fans, went ahead and self-published this book and you know what? It rocks. It seriously rocks. There are so many things I liked about it so get comfortable as I recount them.

1. Nikki continues to grow as a character and I totally appreciate that. She didn't start off as someone I could like very much but as the series continues, she comes into her own and you can actually map her growth by her responses to certain events. In fact, the major players in the series all seem to be evolving and I really, *really* like that. I like how faery prince seems to be changing just as much as I like how the Shadow is becoming something (or someone?) different. It's fascinating.

2. The honesty. You know how sometimes you read books and you figure out everything before the characters know it (dramatic irony?) not because it is a secret or something but because they refuse to put it out there (maybe to create tension or suspense, I dunno) but in The Demon Series, people just tell each other stuff and I APPRECIATE THAT SO MUCH. Even the stuff that is not easy to tell. For example, Nikki and her Shadow "boyfriend" (that is in quotes because there seems to be an ambiguity about their relationship). They tell each other stuff that I wouldn't tell my boyfriend, like you, she actually liked kissing Faery Prince (not that I blame her, I mean, the dude is totally hot). And he returns the honesty. It's something refreshing and this earns lots of points with me.

3. The friendship. Okay, so you're a demon (well half, but whose measuring?) and your best friend is a demon slayer. You see how that could get awkward? Yeah but Rowen manages to avoid melodrama and keep it fresh and funny between the girls. I liked the lack of pathos and once again, honesty.

4. Girl Power. There is no damsel in distress trope going on here. Nikki saves herself. More than once. And does it brilliantly.

If you are in the mood for fluff, hot boys and kick ass heroines, give this series a go. You will laugh, swoon and sometimes roll your eyes. It's good as ice cream.

I AM SO DEPRESSED. I NEED THE NEXT BOOK NOW!!!!!! FIRST there were only two...THEN the third came out and I WAS SO HAPPY...THEN THERE IS A FOURTH THAT IS NOT WRITTEN YET!!!!!! I CANNOT HANDLE THE WAITING!!!!!! I MUST KNOW WHAT HAPPENS!!!!!! I NEED TO KNOW!!!!!! I am SOOOOOOOOOOOO afraid that Michael is going to die in the fourth book. I am TERRIFIED of this because he's soooo great. But...I'm now REALLY starting to like Rhys as well...BUT I JUST LOVED THIS BOOK SO MUCH...Okay...my freak out is over...sort of. WHY WAS THIS BOOK SO GOOD???? Honestly, I think that book two was my FAVVVVVVVVVVVVOOOOOOORRRRRRIITTTTEEE BUT this book was DEFINITELY close in being my favorite. I LOVED that there was more Rhys (even though I shouldn't...I can never decide who I want the heroine to love...well...most of the time I can't decide) and you got to know him better (sort of???) anddddd that there was REVELATIONS with her bestie Melinda. I just LOVEEEDDD this book. Too much since the FOURTH ONE ISN'T OUT YET...

Thank you to Michelle Rowen for sending me an eARC!

I was dying in agony waiting for the third book in this series. I devoured the whole thing in one day and then I read it again!

Half-Demon Princess Nikki just can't catch a break. Her dragon oracle friend/kind of ex-boyfriend Chris sees a new danger coming for her. Her best friend Melinda is a demon slayer. She hasn't seen Michael, her unofficial boyfriend in two weeks. Rhys the faery king continues to try to make her jealous. Her mom is dating her teacher and her father is still busy ruling the Shadowlands where he can't leave his castle.

Melinda, Nikki's BFF, is a bit depressed trying to avoid her demon slayer training. She definitely has some interesting development in this book and we learn a lot more about her. Nikki's dad, King Desmond, wants Nikki to start practicing with her Darkling powers. A good idea with a possible threat on it's way. I still want to see if Nikki can fly. And of course she has Rhys and Michael after her attention. I love her interactions with these two boys.

Rhys is as charming and arrogant as ever. You can't help but love him. He will be rude yet hilarious one minute, then sweet and vulnerable the next. Nikki continues to fight her feelings for him but it is so obvious she will have to give in eventually. Who wouldn't?! Rhys continues to try to make her jealous by dating Melinda but when Nikki needs something from him he comes up with a fabulous payment plan. A kiss for what she wants. So can Nikki continue to deny her feelings even after that? Oh you must read to see but I think Rhys fans will be pleased! I was hoping for more of him but was so thrilled with every little piece of him I was blessed with.

Michael is having trouble dealing with what happened in the last book and trying to hide it from Nikki. During their training sessions some honest feelings come out. I feel really sad for Michael but then at the same time he kind of bothers me. He also scares me a little bit. I can't say I blame Nikki for some of the second thoughts and caution she has towards him. He is a really complex character and I wish all the best for him, especially with finding someone new because I want Nikki with Rhys. :-)

When the danger comes there is action and surprises just like in the first two. A big cliffhanger leaving me dying to see what happens next. This series is extremely fun, cute, exciting and enjoyable. If you have not picked up the first book yet you should definitely do that! Or you should just pick up all of Michelle Rowen's books because her writing is like Pringles so once you start you can't stop. I can never put the books down. I'm off to read it a third time. I have to hold myself over until the conclusion.

Damn it Michelle, why do you torture me with your perfect triangle? I was supposed to be Team Michael. And now I have happy wedding thoughts for Rhys and Nikki. Damn it all.

This series just keeps on getting better and better. I am the absolute biggest fan of Michelle Rowen. Not only are her books unlike all the same old, same old, stuff around at the moment. She writes in such a hilarious manner. Although I love both the Faery King and the Shadow Servant, I so want Nikki to choose Rhys!! I have a feeling Michael is going to go evil. That Faery rose Rhys gave to her, how sweet. I love the added drama of psychotic faerys, a demon hunter for a best friend and an ex turning into a Dragon (possibly even an Oracle). These books are so intense and so much happens in 300 pages that I find it impossible to put down. The book took me less than 24 hours to read and if I didn't have children, study commitments and cleaning to do... I would have happily sat down for 4 hours straight and power read it. I'm so eagerly awaiting the 4th and final installment. Is it crazy to want Nikki's Mum and Desmond to have a happily ever after and possibly get married and have another half demon sibling. LMAO!!! Such a great book, a solid 5 star rating from me :)

Mandy says

First of all, I want to thank the lovely Michelle Rowen for sending me the e-ARC of this book.

I will admit - I had to go back and re-read the first two, because it's just been so long, and with so many other books in between, I was a bit confused about Nikki's story, but once I was finished with those two, I remembered just how great this story is.

Reign Fall continues Nikki, the half-demon princess's story. One of the things that's so great about the Demon Princess books is that while the supernatural is (obviously) a huge part of the plot and story, the problems Nikki faces - psychological problems concerning people around her, troubles accepting our bodies' change during adolescent years, conflicts between friends, etc - are all very much real, even if the spark behind those problems are a little less conventional.

The whole side story with Clara was something I had never, not in a thousand years anticipated, and I loved that. It's always great when an author can take a character and totally surprise you with it.

Nikki herself made me laugh. She gets annoyed almost as quickly as I do, and she deals with it in pretty much the same way as me - venting to any and everyone who happens to be around.

Michael... I can't say I've ever been a big fan of his (I have a huge, gaping, absolutely ridiculously big weak point for feary kings), but in this book, he just plain-out bothered me. Keeping secrets is never a good thing in a relationship, and he could have at least told Nikki why he refused to kiss her. Instead, he gets all angsty and jealous and throws a fit, then screws up.

Rhys, on the other hand, was amazing (although, as mentioned above, I'm probably a tad biased here lol). I love his sense of humor and his sarcasm. I love that he hides his true, broken and young self behind this tougher-than-thou facade. He's a very complex character, and I was sad there wasn't as much of him in the book as I wanted there to be.

Melinda surprised me. I never expected her to do the things she did, but I was glad she did them (well, except for one thing, but she did redeem herself later on, so no harm done).

On the whole, a great book. An excellent sequel to the first two which I'm sure Nikki fans will love. Can't wait for Reign Storm; that ending was just mean, and the fourth one promises great things to come!

Rating: ★★★★★? I loved it!

Secrets. I was beyond happy when I found out Michelle was going to finish her Demon Princess series and even happier when she asked for reviewers. This has been a favourite YA series of mine since I read the first two books mid last year and I have to say I loved this as much as the others. I liked the way Michelle had mini recaps of the previous books sprinkled through the first couple chapters to bring me up to speed without being annoying about it. A lot of secrets are revealed and those that were previously kept in the dark are now finding out the truth. One of my most waited developments happens near the end but we won't know the consequences of it until book 4.

Rhys. In Reign Check, I wasn't entirely sure who I loved more out of Michael and Rhys until near the end

where I leaned towards Rhys. Reign Fall has now got me completely in love with him. Rhys is totally swoon-worthy. He's confident and true to himself but still cares about Nikki and tries to do what he believes is right. Michael was a bit of an ass and rather selfish when it came to Nikki. He's meant to care about her and yet, he doesn't trust her enough to ask for help until it's too late? That's not how a boyfriend should act. It seems it goes both ways though because as much as Nikki tries to deny it, Rhys is getting under her skin (and I hope he stays there).

Stands Tall. Reign Fall has survived the dreaded "filler" cliché of being an in-between book and stands tall on its own merits. As we discover that the secrets of the shadows may lead to the prophecy about Nikki coming to pass, the final book Reign Storm is going to go off with a bang. Personally, I can't wait to attend the party!

First Lines:

It's not easy being best friends with a demon slayer.

Not when you have a secret like mine.

In the hall by our lockers, Melinda looked...upset. Seeing her so unhappy made me unhappy. The first day back to school after the winter break was turning out to be worrisome and first class hadn't even started yet.

Favourite Quote:

Our teacher, Mr. Crane, gave me a questioning look as I slunk in through the door five minutes late, interrupting him in the middle of whatever he'd been saying.

"Nice of you to join us, Ms. Donovan."

"Happy to be here," I replied easily, earning a couple laughs from the back row. I wasn't normally a smartass, but it still came easily to me. (Chapter 2)

3 for the first half and 5 for the second half...

This is one of those cheesy but oh-so-cute series that you cannot help but love, and this book sure didn't disappoint.

I liked the first half, but it wasn't great. I'm not sure if it's because it's been so long since Book 2 came out (and by the way, I am SO glad Rowen decided to come out with the third book because I remember her saying she wasn't sure if the series was going to continue due to lack of interest). Book 2 kind of left us with an "OMG, I can't wait for the next book," and Book 3 just started pretty much uneventful. I am glad that Rowen gives us a bit of a recap, though not in a way that bores us.

But the second half was awesome. I can't help but love Michael, but GAH he so frustrated me throughout this whole book. And Rhys, there is just something about him that is so alluring. And if boy drama isn't enough, we learn a lot of about best friend Melinda and ex Chris and this new girl Clara.

I'm sad to hear Book 4 will be the last one, but at the same time, I admire authors who knows how to give the perfect ending to a great series instead of dragging it out and ruining the whole experience. I can't wait for the finale, and I hope it's going to be awesome.

Honestly this series is just SSSSSSSSSSSSSSSOOOOOOOOOOOOOOO amazing!!!! But I don't know who I like better: Rhys or Mickael??? Anyway I can't wait to read Reign Storm, I'm sure it will be even more awesome than the third book because each one is better than the last!!!!!! And in Reign Fall there's just so many things happening!!!!!!!!!!

So definitely a must-read!!!!!!!! XD

This is a great series to follow!

I loved reading this series so much! I've only got time to jot a few words, and then I'm back to my 'official work duties' so, all I can say for now is that this book as well as the previous ones in this series is a definite **must read** and I'd recommend it to those who've enjoyed Iron Fey series by Julie Kagawa or Jenna Black's Faeriewalker series (though this is not faerie kind of novel). Quite frankly, in my opinion, this series ranks higher in my list than those other two I've mentioned (I do love those other two as well). So there. My in depth review to follow.

Denice says

Looks like the creature who wants Nikki dead is just a jealous fey... I thought the creature was a very powerful entity who wants to kill Nikki because Nikki was prophesied to destroy the world, but later on it was revealed that the prophecy was a little bit wrong... It turns out that Nikki will destroy only one world – the Shadow world... In my interpretation, maybe Nikki will not literally destroy but maybe changed the rules... And how about Michael? Where is he? I really believe that Nikki's father only wanted to help him, but where did he send Michael? And will Michael be restored as the prince of shadows? I really can't wait for the next book!
