Revealing Heaven

Kat Kerr

Revealing Heaven Kat Kerr

God has lifted the veil between Heaven and Earth. Caught up by the Spirit of God, Kat Kerr was taken on tours of Heaven for over 10 years and now commissioned to reveal the truth through an ILLUSTRATED book. The Foreword (a prophetic Word from God) was dictated to the author by two Scribe Angels. Through the ten illustrations in Volume I of Revealing Heaven, you will visit The Portal, where the Redeemed in Heaven go to view their loved ones on Earth, you will see The Rush, Heaven's largest roller coaster and visit the Nurseries for miscarried and aborted babies; and MUCH MORE! This book also explains God's design for Earth, which is a SHADOW of Heaven. Besides detailed descriptions of the mansions she walked through, Kat shares about three individuals (one a teenager) she saw while in Heaven and how this information impacted their families upon her return to Earth. PREPARE to be FOREVER changed and receive HOPE for Eternity!

Revealing Heaven Details

Date : Published May 16th 2007 by Xulon Press (first published 2007)

ISBN : 9781602665163

From Reader Review Revealing Heaven for online ebook

Anna Szelezsán Burkheimer says

It's a great read. Although I enjoyed it all the way through, I have to say that people should not be motivated to get to heaven for all the "stuff". We should all look forward to going to Heaven because we will spend eternity with God and Jesus. If we have all that "stuff" in Heaven, that's awesome, but our desire should be to want to be with God, and not care about the rest. I was definitely motivated to get closer to God, and do my best to serve Him in everything, and every way possible, to find and fulfill His will and plan for my life. I ordered the 2nd book, and look forward to reading it.

Daniel Bennett says

This is the account of a woman who claims to have been taken to heaven on numerous occasions. She gives some good evidence in which she brings back information that family members of deceased people have verified. I believe she has been there. Her book rings true and I intend to read some other things by her. This book increased my joy and strengthened my hope.

The heaven that she describes is just like earth, only a million times better with no bad things there at all. The flowers are brilliant, changing colour and they sing. Everywhere there is worship music which floats through the air like a trail of ribbons, heading for the throne room. If you want, you can join in the worship and enter the throne room by following the worship music in.

The book is a good corrective to the idea that souls in heaven are disembodied spirits floating around. This is a very solid heaven with food and drink and ice-cream stands and soda fountains and horses and dinosaurs and whatever else makes people happy. Of course, our old pets are there.

Heaven is always changing because God keeps doing new creative things. People are constantly arriving and new homes are created for them, each designed just to meet the needs and desires of the individuals.

All the miscarried or aborted babies are there waiting for their mothers or other relatives to arrive to be given into their care to bring them up.

As a Christian I was quite concerned to see whether the book contradicted the Bible in any way. I found no contradictions and some interesting expansions of Biblical themes. For example, Acts 10:31 records an angel saying to Cornelius that his acts of charity have ascended to God as a memorial. Kerr says that there are many memorials in heaven of acts of goodness that people have done. A memorial in heaven does not guarantee that the person who commits the good deeds gets to go to heaven. No one gets to go to heaven because of good deeds but only through accepting the blood sacrifice of Jesus for sins and accepting his Lordship. (Contrary to popular opinion, that is actually what the Bible teaches.) So there would be memorials in heaven for such people as Mahatma Gandhi whether or not he made it to heaven. An interesting illustration of Scripture. Because the book doesn't run contrary to anything in Scripture, I'm including it in my Biblical Studies shelf. Even though it's not actually a study of Scripture, it illuminates what the Bible teaches about heaven.

You can catch a half hour interview and a good overview of the contents of the book [here](#):

Kim says

If you want to read about a heaven (and a hell) that align with a fundamentalist Christian's view, then this is the book for you, complete with many bible references.

Krzysiek Troszczy?ski says

Very encouraging reading. A woman receives a series of visions of heaven. In different situations, is located in different parts of the heavenly realm, and observed a normal life in heaven.

Heaven which describes Kat Kerr is the land to which each of us longs. After reading the first thought which came to me was such that life on the other side is a sort of extension of childhood, where even the tasks and responsibilities were more fun and adventure than the unpleasant duty.

I miss it, I can't wait to get there.

Ashlee Marie says

I'm not sure how to feel about this book. I find myself being a bit skeptical. Although I do believe in Heaven, I have a hard time believing that some just gets what I would describe as "magic carpet rides" there.

Gretchen Jackson says

This is the most exciting bit of information I have ever read in my entire life!

Mary Hanks says

Extremely encouraging and inspiring!

Edgar says

A Must read man I wanna so go there!!!

Abbie Follis says

This books is a wonderful gift from God. Thank you Kat Kerr for being obedient and sharing it! Revealing

Heaven is an immeasurably, inspiring account of Heaven. I'm so excited to be further blessed by my awe-inspiring God. Thank you, Jesus!

Jean Pierre says

This book though a short read gives the reader a wonderful hope for what awaits the believer in Jesus. Truly "No eye has seen, no ear has heard, no mind has conceived what God has prepared for those who love him"-- 1 Corinthians 2:9

Donna says

There are many excellent and thorough reviews of this book on other websites. I would recommend reading them in detail.

All that I will say is that, despite the fact that the author could probably use a better editor, this book serves an important purpose to the world.

For the past few decades, visits to Heaven and Hell have increased greatly, partly because of the resuscitation methods and partly because the earth is going through energy changes. A side effect of this is a weakening of the dimensions between Heaven and Earth, making it easier to move between Heaven and Earth. This is not New Age; it is quantum physics.

These experiences of travel to Heaven must be judged as we are told to judge the spirits. If we judge the spirits correctly and if everything we are told by Heaven lines up with the Bible and if these experiences lead the person and those who hear his story to a greater love of God, then I would say that we can accept these experiences.

The experiences in this book meet these criteria. I feel that her experiences are authentic.

They are also valuable because they do provide comfort to people in questions that they might have for which they think they cannot find specific answers in the Bible, such as what happens to babies, to aborted babies, to people who commit suicide, people who die before their time, etc.

This book might be quite a stretch for many people. However, I have several books on Heaven and Hell. They all have different approaches. But this book was the only book that brought peace and comfort to some people to whom I made all my books available. If only for that one person, it was worthwhile reading the book and having it available for others.

I would not have lent this book to anyone if I felt it was scripturally inaccurate.

I do find one weakness in her books, though. She does not seem to provide much information on Hell. I would not want to lend a book to someone without them understanding that Hell is real. It doesn't do much good to know everything about Heaven and still end up in Hell.

People with NDE's will often have real encounters in Hell that they share with others.

I like balance in a book. If I cannot get balance in one book, then I try to read other books that add balance to what I am learning. I would recommend books by Dr. Maurice Rawlings or Mary Baxter or some of the other authors in my Heaven and Hell Goodreads bookshelf.

Steve Cioccolanti says

I've read a lot of Heaven stories and this one stood out for a couple of reasons:

- some like Colton Burpo have been given the privilege to see Heaven once before they died, that's already impressive... Others like Kenneth Hagin and Choo Thomas had multiple visits or visions, but Kat Kerr's 15 years of experience beats them all!

- Kat Kerr has been shown some amazing new details that I have not heard before.

The whole testimony seems believable because there are Scriptures to support some claims, while others do not contradict Scriptures, and other details are corroborated by third party testimonies of Heaven. I noticed some minor doctrinal issues and lots of spelling mistakes, but they are outweighed by the fresh revelation and encouragement you will feel from her experience! If it had been better written, and not split into 3 volumes, it would have been a 5-star.

Cherish says

This opens up a new excitement and wonder for Heaven! The only reason it's not 5 stars is because there are mis-spellings and some minor editorial flaws.

Gaynell says

This was an interesting book, but it did not go into detail nearly as much as some others I have read. Although, it would be great to be able to see some of Heaven the way Ms. Kerr has.

Susan says

Revealing Heaven: An Eyewitness Account, Volume 1 is a collection and description derived from author, Kat Kerr's many trips to heaven over a 10 year period (1997-2007. WOW! GLORY! GOD so much wants to provide his children with the desires of our hearts! I highly recommend this book! For those of you that have accepted JESUS as your personal LORD & SAVIOR, you can read about some of the things you have to look forward to in your eternal home. If you are one that has not yet accepted JESUS, do not delay! GOD loves you & desperately wants you to be part of his family for eternity!
