Kanon says

Muy buen tomo, con cosas nuevas. Divertida historia corta del final con Chu Chu. Pobre Saionji xDDDD.

Kelly Lynn Thomas says

Things start to pick up in this volume, with lots of manipulation and mysteries added on to mysteries. We're starting to see some emotional depth in the characters, and the plot is definitely heating up.

Em Mirra says

Pending.

Babsidi says

Another frustrating book in this supposedly classic series. If the very clear incest isn't enough to squick, certainly the men forcing themselves physically and emotionally on the women should do the job.

Ugh this series. I cannot wait for it to be over.

Thank god for the little shorts at the end with Chu. Those are possibly the most redeeming parts of this whole series.

Rafa Castillo says

En cuestión de historia y desarrollo de personajes, me gusta más el anime.
Bueno, ¡faltan dos!

Mehsi says

The last volume for today! I would love to just race through this series, but I know I will regret that. :P But this series is just too fabulous, too fun, too wonderful.

In this one we find out a little more about the World's End (though I still want to know more, especially now THAT happened near the end of the volume), about Dios (who may just be Utena's prince o.0), about Anthy.

Though I am only disliking Anthy more and more with each volume. I loved her in the first one, I was worried about her, I wanted her to have a good life, but with volume 2 and 3... eh. With what she did at the end of volume 3 especially I just wanted to shake her good and well and see if maybe that would bring some sense into her. But I am still curious about her as well.

We meet yet another character and I didn't trust him from the start. The way he picked up Utena (in believe she was his sister).... no. Just no.

I am also still going with the whole they are 15-17 and not 13-16 thing. Because there are some scenes in here which are just a bit too creepy if you take in account that Utena is 13 officially.

I am still not sure what to think of Touga though. He seems to have no real bad intentions and he seems genuinely interested in Utena. He may just want to change his techniques for getting her to accept him though. :P

The art is still fabulous and I am just amazed at the amount of details!

The side-stories were pretty fun to read, a real change from the normal stories. I thought it was quite fun that they were mostly from the monkey's POV.

Ashur says

WHY CAN'T I GET BOOK 4 THROUGH MY LIBRARY SYSTEM
WHY

Valeria Tapia says

:O

Sara says

Well, we have a betrayal and a new revelation. Still bizarre and not that interesting to me, but I'm still curious.

Has anyone else fallen completely in love with Chu?? So cute!

Serena says

The amount of face slapping in this series is a little over the top.

Elyse says

See my review for volume 1.

Starbubbles says

it's interesting to see how friendships evolve and betrayal sets in. chuchu is adorable. he should have been in the regular storyline more. alas he was not. anthy still remains hard to figure out, but i guess that's just how she rolls. wakaba was classic too. but she's freakishly straightforward. as utena finds out more about world's end, another mystery arises: anthy and her purpose, utena's prince's role, and just who is akio anyway?

you know, i don't think that i've mentioned this yet, but i love how it's focused around fencing. well, swordplay, not so much fencing. but fencing is awesome, and i'm so glad that it's center stage in a descent series. it's a sport that not many people do anymore, so it's nice to see a "revival" of sorts.

Kimberly Harridge says

Series is getting real interesting.
