Something More

Amanda Young

Something More Amanda Young

For years, Will O'Malley has harbored clandestine feelings for Emma Taylor, despite the abiding love he feels for Paul Argonaut, his lover for the past two years. Watching her from afar, but loath to approach her as anything more than a friend, tests Will's control on a daily basis until he finds he's no longer able to deny the kaleidoscope of feelings she evokes within him.

Paul is aware of Will's feelings for Emma and shares his affection for her. He comes to realize that unless he makes the first move, Will won't ever let her know how he truly feels. If the three of them are to be brought together, it will be up to him to facilitate it.

Emma Taylor has been in love with Will for as long as she can remember. The problem: he's her boss, and is obviously smitten with his lover, Paul. The last thing she expects, after walking in on Paul and Will making love, is to be invited into a ménage by Paul himself.

Publisher's Note: This book contains elements that may be objectionable to some readers: homoerotic sex practices, m/m/f ménage.

Daisy Sloan says

Paul and Will have been together for years. Neither one is strictly gay. They both like women as well. They also both have the hots for Emma.

Paul does a little orchestrating and attempts to get the three of them together.

This was a hot short story. It was realistic in that everyone is not completely understanding of lifestyles that are not the "norm".

I do like how they finally got their HEA.

Auntee says

No too much to say about this one. It was a very easy read, but not too much was going on besides the relationship between the two bisexual men and the woman they wanted to make their third. Paul (31) and Will(35) are bar owners and Emma (25) is the woman they desire. Emma at one time was to become Will's sister-in-law, but was left at the altar years ago by his sleezy younger brother. Emma's always had a secret 'thing' for Will, but is reluctant to pursue it because he's her boss. Plus she knows he's in love with Paul, and doesn't want to come between them. Well actually, she wouldn't mind being the filling in a Will-Paul sandwich...When she accidentally walks in on Will and Paul 'getting busy', she flees in embarrassment. Imagine her surprise when *Paul* engineers her secret fantasy. Will this be a one time thing or does this trio have the strength and love to make this a lifelong committment?

I liked all the characters in this one. Strangely enough, this wasn't as sleezy or erotic as I thought it would be. Paul was a real sweetheart (although I still don't know why he felt he had to hide his medical condition), Will was a little old-fashioned with his views about women (why would he insist his scummy brother marry a woman he had no respect for just because she was pregnant? Why would he wish his brother on anyone?) and Emma was a girl-next-door type (who just happened to want to do anything for the man she loved, even if she had to share him)

So not a bad read if you're looking for this kind of story. I do wonder why the author chose to use the phrase 'his prehensile tongue' a couple of times though. Somehow that just made me think of lizards...:)
3 1/2 stars.

Warning: This book contains explicit language and sex, including oral and anal, in various combos (m/m, m/f, m/f/m, m/m/f). Not for the faint of heart.

Nikki says

Great read

Steamy! This book was really good and the three go good together, and I really loved the ending, it was so sweet and hot!

Daisiemaes says

Amanda Young is one of those authors that in my opinion does not write a bad book. All of her characters get to the heart of the relationship and work hard to be together.

I have a confession to make.

I am really not a huge fan of Menage books. Having said that I LOVED this book! I thought the characters were very well written. Not only were they interesting, but they are characters that are very likeable and people I could see myself being friends with.

Emma Taylor has been trying to get back on her feet again. After a disastrous relationship with her ex-fiancee, her self esteem has taken a beating. To make matters worse, she finds herself attracted to her ex-fiancee's brother-and her best friend Will-who is in a very happy homosexual relationship with his equally sexy and desirable partner Paul. She finds herself fantasizing about having them both in her life, but thinks it is just a fantasy that will never come true.

Will O'Malley has a hidden desire. He has been in a happy, loving and very successful relationship with his partner, Paul for two years. But, in his heart there is something missing in his life, his friend and brother's ex-fiance Emma Taylor.

Will has always been attracted and drawn to Emma like a moth to a flame. There has been nothing but friendship between them, and when she needed a job or a shoulder to cry on, he has always been there for her to help her out in any way he can. But, lately he has been restless. Although, he loves and desires Paul, he wants Emma too...and it's making him crazy.

Paul has sensed Will has feelings for Emma. Although, he doesn't doubt Will's devotion to him, he suspects Will is starting to get restless. Paul himself has always been intrigued by the sweet, beautiful Emma. So when he confronts Will about Will's feelings for Emma, and finds out that his hunch was correct, he sets in motion a way for Emma to join in the circle of their love.

Watching Emma, Will and Paul come together and work out their differences to make a loving bond between them was beautiful to watch. I am so jealous of Emma...she couldn't find more perfect, sexy mates in Will and Paul. I loved every minute of this book and I hated to see it come to an end.

If you are offended by a beautiful love story and some super hot M/M, M/F and M/M/F sex... this book is not for you! Otherwise, grab a cold drink and enjoy it!

Anya Champagne says

Sweet and naughty

Will and Paul have been together for a couple of years, Emma has crush on both of them. This is story of what happens when she finds out her crush isn't one sided, as together their triad finds their way to a happily

ever after.

Katd says

Great story

Very little strife. A nice romance between 3. A good afternoon read. Steamy enough but definitely for the over 18 crowd

jenjn79 says

I was in the mood for a short, bi-menage story last night so I dug through my stash of ebooks and picked this one out. I had no idea what to expect from it since I didn't know anything about the author. But I was pleasantly surprised by the book. It was pretty good!

Summary:

Emma Taylor works as a waitress in Will O'Malley's pub. She's secretly been in lust with Will for a long time, despite the fact that she was engaged (and left at the altar) by his little brother. And despite the fact that Will is involved with another man (Paul). In fact, Emma is attracted to both men and secretly fantasizes about being the cheese in a Will/Paul sandwich.

What Emma doesn't know is that Will secretly lusts after her as well. He hides his feeling because of what his little brother did, because he truly loves Paul, and because even though they have brought a third into their relationship before, Will doesn't want to submit Emma to the stigma of what their atypical relationship. For Paul, he's open to anything and considers himself "try-sexual"...he'll try anything once. He's attracted to Emma and already cares about, so he decides to nudge the situation along. Which isn't hard to do, and soon the three are happy in their situation. But misunderstandings and fears may tear them apart.

Review:

Being the sort of person who doesn't believe love is sexually oriented, I tend to enjoy any book with an alternate romance (menage, bi menage, m/m, etc). I find them refreshing to read. So I figured I would enjoy this book on some level. But I ended up liking it quite a bit. It's a solid little short story.

I liked the dynamic between the three characters. They were all different in their own sort of way. Will is the sort of brooding Alpha, Paul is the happy-go-lucky Beta hero, and Emma is the good girl with a naughty side. They all fit really well together.

And whew! The sex was smokin! Definitely some super hot scenes in this book. And though the book is highly erotic, I didn't feel like the sex took over the story. There is a nice balance between the sex, the character development and the relationship development. It kept the book moving and multi-dimensional.

Sure, there could have been a bit more development on the characters, a bit more info about Will's past and what he went through when he realized he was attracted to Paul (after being strictly hetero) and Paul's past could have been explored more, but this was a shorter story. There will almost always be a few holes when the story is of the short variety.

But all in all, I found this book an enjoyable read. If you want to read a sexy story about and alternative relationship, then this is one you might want to try.

WARNING, this book contains: explicit sex and language, oral sex (m/f/m, m/f, m/m) anal sex (m/f/m, m/m), m/f/m bi-menage HEA, a little dominance play, toys, body jewelry, voyeurism...I think that's the major stuff ;)

Henry Wente says

MMF erotica with a short but semi-dramatic story. Appropriate for those looking for MMF (and brief MM and MF) scenes with small, romantic HEA story arc.

Rach~The Highlander luvrrr says

HOT little number! just the way i lik'em

Crystal says

Loved it

Jeanne says

Will and Emma have wanted each other since she was dating his brother, who left her at the altar 4 years ago. They have both kept it a secret, especially from each other. Will's boyfriend Paul also wants Emma and decides to bring them all together, but not as a one-night stand as all of the other women were that Will and Paul brought to their bed. They want to keep her. There are a lot of hurdles to deal with due to Emma's previous relationship, but they mostly just need to pull their heads out of the rear ends. A very good story.

Michelle K says

At under 200 pages and slightly bigger font this book is a really quick read.

It was a cute little story. Will and Paul are gay but are really bi-sexual. They just haven't found the right woman. They decide to add Emma into their lives. Emma and Will have crushes already on each other (if not in love) and it doesn't take long for Paul to fall in love with Emma once their relationship grows.

The story on how they arrive together is sweet and I really enjoyed it. The story did get a little far fetched towards the end and that is where the author lost me.

I really liked the characters and the plot was good. Quite honestly I wish the book was "something more"

which is funny because that is the title of the book.

Julie (jjmachshev) says

Amanda Young has written an excellent menage story about the menage relationship itself. "Something More" doesn't have a mystery, danger, or anything else to take your attention away from the delicate balance and openness required for three people to come together in one relationship.

Emma has been in love with Will, her almost-brother-in-law and current boss, for longer than she wants to remember. But once Will settled into a relationship with Paul, she pretty much gave up on her dreams and satisfied herself with being a friend to both. But recently her fantasies have gotten hotter and hotter and revolve around her WITH both men. When her computer crashes (yet again) after her latest erotic e-books purchase, she drops her computer off at Paul and Will's for repair. When Paul checks out her 'new' genre of erotic reading material, he realizes Emma is finally ready...to make both himself and Will VERY happy men.

Just a fabulous and emotion-filled read about three people working past their fears and hurts. If you would enjoy an emotion-based menage relationship read that still filled with smoking sex...I can't recommend "Something More" highly enough.

♥ AudiobookRomance ♥ says

Will gets his cake and he eats it too!

This is a standalone title by Amanda Young, however there is a very short follow-up novella called Something More Revisited. You can get a free copy of it by signing up for Amanda's newsletter.

HEA with no cliffhanger!

Warning: SEX!

Lots of references to sex, M/F, M/M, M/M/F, M/F/M, so those opposed should avoid.

Trigger Warnings

None that I see.

Please let me know if you think there should be.

Length: 4 hrs and 40 mins

♥ Story ♥

This is the love story of Emma, Will, and Paul.

Emma was left at the altar by Mark, who is Will's younger brother. Ever since Mark first brought Emma home to meet his family, Will has had a crush on her. Currently being in a committed relationship, hasn't stopped the fantasies either. Oh, and did I mention that Will is Emma's boss?

Totally not complicated at all, Right?

Paul is Will's boyfriend. And they live together. And Paul loves Will deeply. And Will loves him deeply in return. Have you caught on yet to the massive guilt trip building in Will's mind?

Emma has also had an attraction to Will since their first meeting, which grew into fantasies of her own after Mark left her. She is completely envious of Paul and Will's relationship, and secretly dreams of being the cream in their Oreo cookie!

Paul is not stupid and can see the slow burn between Will and Emma, even though the two of them seem to be oblivious about it. Paul enjoys the pleasure of both sexes, contrary to popular town belief, and sees the potential that Emma represents.

So they all three like each other and want to have sex with each other, but all three are too afraid to broach the subject with the other in fear of crossing an unwelcomed bridge that would ruin their friendship.

How adorably awkward is that?!

“You know,” he said, smiling at her and leaning back against the door, “I’m really starting to think you’re crashing that box on purpose, just so you can come over here and flirt with me.” - Paul

Paul is Emma's go-to person for when her old laptop breaks, which is apparently often. Since he is in the middle of a project, he asks to keep it overnight so he can work on it once finished. She is nervous about leaving it overnight, but leaves it anyway as she can't afford to take it elsewhere. This piques Paul's interest

to find out what she is hiding. Imagine Paul's surprise when he finds out what that is! And it's good too!

From there it just gets even **HOTTER!**

This is a **VERY** hot and steamy story with lots of scenes to melt your clothes off.

If you like your love stories with lots of sultry sex, then this is the one for you.

Emma, Will, and Paul will steal your heart and your lust!

Emma ♥ Will ♥ Paul

♥ Author ♥

This is my first read/listen by Amanda Young and it is definitely a good one. I do plan to listen to more! Going by her website, she specializes in M/M and ménages. She even has 2 separate ARC teams for them. You can find all the details on her website.

Amanda has 03 titles listed on Audible, but lots of ebooks if you want more but can't wait for audio.

♥ Narrator(s) ♥

Beth Roeg performed a threesome with her mouth. **Wait**, that sounds really dirty, lol. Something More has lusty scenes with 2 men and 1 woman and Beth pulled it off very well. It was easy to get lost in the smexy details, no matter who was talking, which says a lot about the narrator in my opinion. It definitely makes me want to listen to more!

Beth has 36 titles listed on Audible, and I definitely want to get some of the shifter ones, cause I love me a hot sexy shifter story!

♥ Sam ♥ ~S2~Im made of awesomness says

I cant really say to much about this story. It was a cute, quick little read. I had trouble enjoying it. Not because of the story itself but because of the way I read it (via my i phone - not recommended)

So the story is about Will and Paul who are gay(or it that bi-sexual?). They just haven't found the right woman. They decide to add Emma into their lives because Emma and Will have crushes already on each other and it doesn't take long for Paul, Will and Emma to fall in love with each other once their relationship grows.

There is the usual back lash from family, the predictable fights and make ups and of-course everything is solved with some hot sex. But at the end of the day everyone has the HEA.
