The Assassin and the Girl from the Coffee Shop Terry Towers

The graveyard shift at the coffee shop is usually uneventful for Lily, until the night the devilishly handsome Scott Redding shows up. In the blink of an eye, Lily's mundane life is thrown into chaos as she finds herself on the run with Scott, while fending off both rival assassins who are hot on their trail, and her raging desires for him.

I received this book as part of an ARC set entitled "Made For Sin" in exchange for an honest review. This is the first book I have read by Terry Towers. Scott and Lily's story is a steamy romantic erotica suspense that was fast moving and well written. I highly enjoyed it. 5 Stars!!

I liked this better than the first book. I know I skipped number 2 and am reading out of order, but I have a commitment to review an anthology as a priority over other books at the momemt..Reading out of order seems to be Ok. The 2 I've read so far weren't related.

Anyway, everything about this book worked for me. At first glance, Scott's personality seemed to fit his profession- calm, aloof and unaffected...When Lily shows up in his life and is forced into seclusion with him (which was NOT part of the plan) we catch glimpses of the gentle and kind spirit who so easily falls under the spell of a beautiful woman who recognizes the good in him...thus revealing how desperately he needs human connection even as he fights like hell to avoid it. We see the lonely, scared little boy inside who just wants to be nurtured and loved. This emotional vulnerability simmering just under the surface is diametrically opposed to the outward appearance of ruthless disconnect with humanity that he must embrace to do his job...

Ahhh, the bad boy with a carefully guarded heart of gold...haven't most women dreamed of being the one special enough to crack that bad boy exterior and enchant him so completely that he is rendered helpless to his desire to make her his?

Lily is lucky enough to be that woman...highly recommend!

Terry, another book that was amazing to read. Girl you out did yourself with this series. I mean really what a awesome read for all the books. The book just got better and better.. I am alittle bi-s because of the way you writing the BMS. You write so, that you believe you are in the room with them. I get so lost in your books. thank for another amazing read. Keep for the great writing and I will keep read them...

This is the third installment to Terry Towers "Coffee Shop Girls" series & I must say it's probably my favorite & hottest of the series by far. There's just something about a hot & sexy assassin that melts your panties or maybe it's Terry Tower's superb writing!

In this latest installment, Lily is just working the graveyard shift at the coffee shop. Her life isn't quite exciting, but it'll suffice. Then out of bad luck or fate, devilishly handsome Scott shows up and Lily's life is turned into chaos. One minute she is serving coffee and the next she is dodging bullets, learning how to shoot a gun, and running from deadly assassins. Perhaps the scariest of all may be fighting her raging desires and feelings for the sexy and seductive stranger who has turned her life upside down.

I highly enjoyed this novella. It is longer than the previous installments & I found it to be absolutely addicting. The characters were well-developed and I loved the plot and storyline. There were also plenty of action weaved into the story as well. Of course, Terry Towers also provided plenty of scorching, hot sex scenes that just melts your kindle ;)

Overall, this was an entertaining read and is a great romantic erotica to get lost into.

Well this was yet another hook that didn't leave me pissed off with an incomplete ending. However, it was a completely impossible story. I believe in love at first site and stuff like that but the possibility of an assassin taking over a girls life and falling in love is a little far fetched. Still a good read tho!

This book was pretty nice to be honest. Not the best, but pretty good. Ideal for a fast reading after work or on a Sunday morning, while enjoying a latte :)
