## Angelic Layer, Vol. 2 CLAMP

Welcome to Angelic Layer, the sport of the future, in which players pit their robotic "angels" against each other in nationwide tournaments. Misaki Suzuhara has just discovered the game, and she's already making a name for herself. After a tough loss in her first battle, she's ready to turn her luck around. Her next match: a one-on-one duel with Japanese pop star Ringo Seto. And on the horizon is a battle with the fearsome Fujisaki sisters, who will do anything to win. The odds are stacked against Misaki and her speed-type angel Hikaru, but with friends cheering in the stands and a mad scientist mentor watching her back, she just might stand a chance.

## **From Reader Review Angelic Layer, Vol. 2 for online ebook**

### **Child960801 says**

Read this.

---

### **Bianca Woods says**

Thankfully the pacing issues and content dumping of the first volume aren't present here, making it much easier to enjoy.

---

### **Laurianne Uy says**

Would have been higher if CLAMP stopped making their cute guy characters such perverts. It's CREEPY. Misaki is such a great character though!

---

### **Miranda says**

Very exciting, fun book, especially for girls who tire of all the girly-girl manga books, since the main character is a girl who battles. The art is really nice.

---

### **Jenny Lee says**

I'm a monster, these are so cute I can't even deal

### **The Third Place A Teen Library says**

F CLA  
al  
vol. 2

---

### **Kirsten Simkiss says**

The plot has definitely begun picking up from the first volume, which basically breaks the main character into the game and teaches both her and us as the readers how Angelic Layer is played. In this volume, the fighting really begins and Misaki has to really think about how to defeat her opponents, all of whom use a

variety of different techniques she has yet to face.

---

### **Bernadette says**

Love this series, it was the best

---

### **Lauren says**

Misaki is an extremely cute and adorable heroine. I loved her enthusiasm for playing Angelic Layer and her determination to strive to do her best. Reading this story made me want to have a doll of my own. I loved all of the cool technology that went into the plot and characters making the story more enjoyable to read.

I did see the anime and truthfully I liked that better because the characters were so much more present. They had past lives and a lot more feeling than CLAMP was able to bring into the manga.

Note: This review is based on Volumes 1-5.

---

### **R says**

So much fun to read! Good characters and fun story.

---

### **Stewart Tame says**

Cute, but fairly inconsequential. I actually, at the time I'm writing this, haven't read volume 1 of this series. But I did watch the first few episodes of the anime many years ago, so I know something of the story. I found volumes 2-4 at a thrift store for too good a price to resist, and here we are.

Misaki continues to do well in the tournament, even managing to best a pair of cheaters who attempt to sabotage her angel. This volume is really more about fleshing out characters and showing more of the world of Angelic Layer in general. There are some future competitors introduced, and Misaki wins some matches. That's about it.

Of course it's all very cute and CLAMP-y. The artwork is along the same lines as Cardcaptor Sakura, a decidedly superior manga in my opinion. This story takes the bare bones of a fighting tournament manga, but doesn't really add much to it. This is like Pokemon with a facelift. CLAMP fans will love it--have probably already read it, in fact. There are some inside jokes, references to Cardcaptor Sakura, Magic Knight Rayearth, and other CLAMP titles which fans will appreciate. For the average manga fan, though ... I don't know. It's awfully thin and fluffy ...
