Banished

Tamara Gill

Banished Tamara Gill

Chloe, beautiful and privileged daughter of a powerful god, literally has the world at her feet. Until she falls in love with a Scottish druid. Her enraged father sentences her to an endless cycle of birth and death; each life spent yearning for a man she no longer knows or remembers.

Scottish druid, Cian McKay searches the world for his long lost love, only to have her appear at the local pub in his highland hometown. Cian must win Chloe's heart again but without the ability to tell her who she is.

Back in the place where she first loved Cian and fell from grace, Chloe's memory haunts her with images that could not possibly be true. She must find the truth and the only way is a confrontation with the Deity who banished her a thousand years before – her father, Zeus.

Lily Malone says

I enjoyed this book, particularly from 1/3 of the way in. I loved the history in the interaction of the Gods.

Hbeebti says

Pretty good short story about a highlander druid and gods and goddess. It was a quick sexy read.

Caro says

This is a pretty good book (freebie). I liked the mythical feel, the characters, the story line, and the ending. I wouldn't mind reading this again. There was steaminess, courage, determination, emotions and love thru time, some fiestiness, a good Scottish hunk, some sneakiness, and good clever schemes. I would like to read the other stories in this series but I not really a go-get-em 'right now' type. The scenes were good and the sarcasm perfect. I liked the Titan and would like to read more on him. A good book for a quick read for anytime. Enjoy

Matilda says

I am now a convert to Paranormal romance. This author now has me captivated with the romance genre and I can't wait for book two of the series. I just hope it's soon. It's very nice to come across such a refreshing author.

Khloe Wren says

Awesome. A great mix of historical, myth and modern. Compelling read I couldn't put down. I can't wait for the next in the series!

Janet Juengling-Snell says

I love to see anything related to Greek Mythology, so when I read the burp for Banished, I just had to read it. Then I find out it's free, double score!

There was a lot packed into this short book.

Chloe a goddess, the daughter of Zeus, and forbidden to interact with the mortals. Until the day she sees and

falls in love with Cian McKay, a Scottish druid, a mortal. This upsets Zeus and he punishes the lovers. He makes Cian an immortal and Zeus condemns his daughter to an endless life and death cycle, never remembering her previous life or her love for Cian.

This story had me from the moment I started read and I couldn't stop. I had to see if these Cian and Chloe could get back what was stolen from them. How were they ever going to break the curse? Would they have their Happy Ever After?

And I can very happily report, YES they do, but you'll have to read *Banished* to get the answers.

This was a delightful introduction to what looks like a great new series and I will be keeping an eye open for the next book.

Laura Greenwood says

Review posted August 12th on <http://a-reader-lives-a-thousand-live...>

Book 1 of Daughters of the Gods.

Chloe is a goddess, and the daughter of one of the most powerful Gods ever known, Zeus, but she fell in love with a druid called Cian, and after keeping him alive and youthful for centuries, Zeus finds out and curses the pair of them. Cian becomes immortal for good, whilst Chloe is cursed to be born and die, each century, not knowing what the missing link to her happiness is. In modern day Scotland, whilst on a holiday with her fiance, Chloe runs into Cian, and after feelings start arising that she can't explain, there is a chance that she could regain her memories and break the curse.

I was a little skeptical of *Banished* at first as one of the genres that it was filed under was erotica, but I'm glad I gave it a go. Yes there is sex, and yes it is described in detail, but it isn't every other page and there is a definite story line that is more important than it. Plus, you can't really have a centuries long romance without sex, that would just be odd! So to start I would say, this is a mature book but if you're not a fan of erotica then don't be put off, give it a go and I think you'll be surprised!

The way that Zeus punishes Chloe seems to really fit in with the stories of Greek mythology, his vengeful nature and kind of evil streak, as soon as the God of the Gods is mentioned to anyone there is quaking in their boots. I think that in cases like this it is right that the Gods should fit with their ancient descriptions, otherwise the author would lose all integrity when it came to their writing.

Similarly there are many other characters from mythology from the past, not just Gods, and actually I am interested to see what other characters will be introduced in the coming books, and interested to see whether it is just limited to Greek mythology, or whether other ancient Gods will come into play.

The relationship between Chloe and Cian was really well written, you could almost feel the chemistry between them (even when they weren't having sex, which was most of the time), and it really did feel like a

case of love lasting forever.

Chloe's realisation of who she was seemed to happen quite quickly once it started, though I don't think this is a bad thing as I imagine that it is a bit of a flood gate situation, once she remembers one thing she remembers a lot more. Up until the point where she returns to being a Goddess, there isn't that much to her, I didn't feel the relationship between her and her fiance at all, in fact Eddy was probably less two dimensional than a two dimensional character, though ultimately that wasn't important. In fact it was probably necessary in order to demonstrate the difference between Chloe's human love and her immortal love.

I'd say that Banished is definitely worth a go, don't be put off by the sex, its a great read and a good story!

Kerry says

Absolutely fantastic. The story of Chloe and Cian is truly passionate and well written. I couldn't stop reading this ebook until it was finished~ REALLY can't wait for book two! (Please hurry Ms Gill!)

Jennifer Turner says

You can't beat this book its Free to download and its really a good story line chloe falls for cain and Zeus really doesn't approve so check it out you wont be disappointed

Joanna Lloyd says

Whew! What a beginning... There is red hot, sizzling chemistry between the irresistible Chloe, goddess and daughter of Zeus and the half naked, unsuspecting druid who she is determined to possess. However, neither of them imagined the initial throes of passion would create a love that haunted them both for aeons. But Chloe has broken the laws which forbid coupling between mortals and immortals and Zeus cannot allow this breach to go unpunished. This book had me blushing and looking away but the story drew me back as these two protagonists struggled to outwit the most powerful God on Mt Olympus.

Brenda says

*** 4.5 stars ***

A great start for a new series. Looking forward to reading what happens next. Can't wait for the next installment. I hope the next story comes out soon. :)

Michelle (In Libris Veritas) says

This was a great start to this series and had a killer opening! The use of the Greek lore was pretty original and Chloe/Cian's story was one that legitimately seemed to be worth all the effort. I was actually surprised at the amount of depth added to this one since I saw it as a shorter read, but it managed to hit the needed background as well as some great scenes between Chloe and Cian...and even set it up wonderfully for the next book. I do think that I would have like a bit more in the middle but it doesn't feel necessary given the history of the two characters. I'm pretty curious about the extended role the Titan is going to play in the next one and I'm looking forward to his story.

LorettaLynn says

This was fun and fast

Rinou says

I liked the characters, but the plot isn't really developed, and I felt the ending wasn't one.

Tegs says

An enjoyable read that got me through the few hours i had sitting, waiting for my car to be serviced. My only grumble is that I now have to buy the next story in the series as I want to know what happens next! ;D
