**Enemies of Magic** Martha R. Carr , Michael Anderle  
**Shifters are invading Leira's world...**

Leira Berens thought the war to reclaim magic was over... but it was just beginning. Ancient magic has been uncovered and Dark Forces are putting it to good use. Anybody need a human being changed into a hairy beast to do your bidding?

An old enemy will reveal themselves to tip the balance in someone's favor as the prophesy comes to life and a new force enters the war on magic.

**Break's over... time for Leira to go kick some ass.**

*Welcome to the Revelations of Oriceran.*

## **From Reader Review Enemies of Magic for online ebook**

### **Mary says**

#### **Light and fun read :)**

Great book.. Amazing characters, strong FMC and her asking troll.. Yumfuck Tiberius Troll.. I read the books just for him!!! Jk.. kool universe with lots of humor and lots of cussing!!! :)

---

### **Julie says**

#### **The story is really coming together**

I love how this series is full of action and humor. The storylines are great and I like how they are left open so you can just continue on with the next book. It's great the way they keep introducing more creatures in each story and how they pull the original casts more into each book. I am looking forward to starting the next book.

---

### **Elaina Myers says**

#### **Interesting changes for the characters**

How does that song go? Oh yes! "Love is in the air.." There were some pretty cool relationship moments in this book. Also, at least one really emotional heart string pulling moment too!

We also start to learn about the next dark mess, learn about some new characters, learn more about some existing characters (including YTT! :)

---

### **Diane Smith says**

#### **Best yet!**

This series just gets better and better with each book. The relationships between the characters are deepening, with some unexpected twists arising. A little over a month til the next one. Can't wait!

---

### **joseph w clouser says**

#### **Another winning book**

Thank you Michael and Martha for another great book in this series. I read it straight through and enjoyed it.

Now I will read it again , slowly and wait for book 8 .

---

### **Michele bookloverforever says**

#### **Enemies of Magic (The Revelations of Oriceran)**

I'll admit I was very slow to really enjoy this series. At first, it made no sense to me but lately I've grown invested in the characters and plotline. Also, in my reading tastes, I prefer lots and lots of action and the last two books have more than met that need. Can't wait for the next story!

---

### **Debra Stubbins says**

#### **Absolutely Magical**

So glad to be along for the ride of reading The Leira Chronicles. Each book is as good as the one before it and the one after it. Martha and Michael both have the magic of pulling the readers along with the story. Would be a definite must read and added to my fave authors list. Can't wait to read more of their works.

---

### **Wanda binz says**

#### **Fantastic book**

This is another fantastic book by Martha Carr and Michael Anderle. The story continues and the characters are awesome and then there is Yumfuck the troll can life get better.

---

### **GARY FOREMAN says**

#### **Book 7 was true to the characters with somethings new, somethings to look forward to. Made me laughu**

Book 7 was true to the characters with new plots that have me smiling inside and ready for Book 8.

---

### **Nipa says**

#### **YTT Rocks!!**

Wow what a ride. I am at the edge and can't wait for the installment. You have done such a wonderful job with the world building and bringing it life. I am also looking forward to reading more about the characters and and their roles in the prophecy. Great story.

---

### **GREAT READS, DO YOURSELF A FAVOR AND READ THIS SERIES**

I just Love these books and all the Characters who you can relate with so Easily. This is one of the Best Written SERIES, unfortunately I guess I read them to quickly lol. There are so many Twists and Turns going on that they just Draw you in more and MORE. Like What Estell's part and who is she Really. When are Leira and Corral going to quit dancing around. PLUS SO MUCH MORE.

---

## **Per Gunnar says**

I seem to be reading faster than I manage to keep up with the reviews. So I am going to cheat a bit here and make a combined review for books 5 to 7 (Dealing in Magic, Theft of Magic, Enemies of Magic) in The Leira Chronicles.

The three books continues Leira's magic adventures with the usual mix of ass kicking, bantering and silliness (unfortunately). Luckily the silly part felt a bit toned down compared to some of the early books in the series, or it might just be that I got used to it and is filtering it out.

Overall I enjoyed the read. Dealing in Magic was probably the weakest of the three books. That one just barely got 3 out of 5 stars. The fourth and fifth book were more enjoyable.

There are plenty of things to like in these books. I do like the characters, the bantering between them and, of course, the magical action and general ass kicking. It is simple, almost fast, reading but, as I wrote, enjoyable reading. The troll is still funny, I quite like him, but he is also evolving as a character in these books. Wonder where that will lead?

Other things I could be without. I'm not overly thrilled about this animal sanctuary stuff even though it did get somewhat tied into the story after a while and I would not really shed any tears if the romantic distractions would be given less space.

There are some passages in the book that adds some quite substantial build up as to Leira's true powers. I just hope that, when the conclusion finally comes, it is well handled and doesn't become a muted fizzle at the end.

There are also a rather surprising twist involving Rhazdon and Turner Underwood that I am really eager to read more about. I certainly did not see that one coming.

Just saw that book eight, Guardians of Magic, had been published. Click...download...all set!

## **Lisa says**

### **Amazing**

This series is so amazing. I have one book left and I'm hoping there is more to come. What a great series so funny and kick ass.

I get to laughing so hard at times my daughter and her best friend want to read the series.

---

### **Ann Zdunczyk says**

#### **Shape shifters**

New characters at play in this one. Mermaids, shape shifters and old witches and wizards. Things are changing, more animals are being saved. Can't wait for the next one to come out!! Batfuck!!!

---

### **Bonnie Dale Keck says**

Kindle Unlimited, although bought all the ones out in Leira series so far, thanks to having what I considered a 'catch up' sale on the ones had missed when the came out in the beginning, but had always caught the small novellette ones which are listed below as .#, and made sure to catch this one first day. Room mate said wasn't a lot of YTT in this one, told him to reread it, because there was quite a bit, and to leave a review for the books which he hasn't been doing...so one of these days....

Shifters are invading Leira's world...

Leira Berens thought the war to reclaim magic was over... but it was just beginning. Ancient magic has been uncovered and Dark Forces are putting it to good use. Anybody need a human being changed into a hairy beast to do your bidding?

History is coming back around to repeat itself... and it's looking for a score. An old enemy will reveal themselves to tip the balance in someone's favor as the prophesy comes to life and a new force enters the war on magic.

Break's over... time for Leira to go kick some ass.
