## Forbidden Ballad - Rock My World Reese Summers

Carly Michaels is on the brink of success in the country music industry, but her world comes crashing down when she catches her fiancé, who happens to be her band mate, cheating on her. Humiliated, she flees Nashville, and finds herself adrift and confused in New York City. Now an outcast in the music world, she can only get work singing backup for a world-renowned rock group.

When Carly meets Leo Nash, the gorgeous but womanizing lead singer of Cobalt, she wants nothing to do with him. But Leo has other plans. Used to always getting what he wants, Leo pursues Carly, unaware of the baggage she's left behind in Nashville. He's thrown for a loop when Carly actually makes him work for her affections and the sexual tension between the two just keeps getting hotter. Can Carly resist sexy, forbidden Leo, especially when the band goes on tour? And can Leo keep his past from ruining his future with Carly? Leo's determined to put his bad boy ways behind him to pursue a good girl like Carly, but is it possible?

*\* New Adult Romance Novel\* contains strong language, sexual situations and adult themes. Intended for mature readers.*

## **Debra says**

### **Forbidden Ballad**

This started out with the country singer finding her co star and fiance in bed with an up and coming singer. She walks out on both of them. Breaking not just the engagement but her contract with her label. She wants nothing to do with either. She ends up signing with a rock group. But when the lead singer of the new band she is with turns out to be a man whose who has his sights on her, what is she to do? Will she get her happy ending? Or is he just going to use her like her ex?

## **Hbeebti says**

Eh this was just another rock star book to me. I thought that Leo was a hot mess and I was disturbed by the choices he made. I guess not everything can be great but that was a disappointment. Carly had her moments where I just couldn't stand her she seemed to have an attitude and was snotty some of the time. I liked her best friend Quinn better. The writing was alright and the story was okay.

---

## **Connie says**

Reese Summers rocked this story! Country singer Carly Michaels had the courage to walk away from Walker, her caught-in-the-act-with-another-woman, lying, cheating boyfriend. Carly was more heart-broken about walking away from her upcoming tour and singing career. Because of her courage, Carly got back more than she lost when she met famous rock star, Leo Nash! (Is this the same Leo Nash in Kristen Proby's Rock With Me)? Nevertheless this is an awesome story!

## **Helen Stothard says**

Who wouldn't love a book with a sexy rock star lead character! Even better this ones trying to reform and not be a bad boy. It's funny, it's sweet and it has a kick ass female lead.

---

## **Ann Westphal says**

Pretty good book. Characters are developed fairly well. Carly goes through a lot of internal conflict, questioning the her trueself but face to face, she will stand up for herself, which makes her a more believable character. Seems a little hard to believe that Leo would change his ways that fast. And for Walker being such an important part of Carly's life, there wasn't but a few spots of conflict. Maybe I was just looking for more emotional turmoil. Ending seemed a little abrupt. Still a good, quick read.
