**Nicolo Yu says**

I enjoyed GetBackers! I really did. I even tracked down the anime episodes, but I was only ever to get 4 chapters of this series and thus the interest did slide eventually. But for a time, it was good. However, today it shall be part of the Culling.

**Stewart Tame says**

Not bad. Obviously this storyline was going to take more than one volume to play itself out. If you liked volumes 1-5, you'll probably like this one too.
