## **Legend** Dinah McCall , Sharon Sala

As teenagers, Raine Beaumont and Joseph Colorado tasted the joys of first love, until her father's lies destroyed their fragile bond. Now, twelve years later, Raine receives news that will take her back to her hometown of Oracle, Arizona, where she will face her lost love again.

Haunted by the memory of the boy she once adored, Raine was not prepared for the mysterious, seductive man before her. For deep in Joseph's eyes lies a power that binds him to his Apache heritage, a power that promises to heal all wounds and restore long lost dreams . . . and love.

## From Reader Review Legend for online ebook

### Thom Swennes says

Dinah McCall has written another winner with Legend. Raine Beaumont wasn't happy with her life. Circumstances forced her to leave the only man she had ever loved twelve years earlier and endure the birth and death of their newborn son. Now she is on a mission to bring their baby home. The question is if this is all she wants and if life will deal her a better hand the second time around. Dinah McCall has successfully mixed Indian pseudo-legend with living, breathing, feeling and loving characters the reader is not likely to forget. The beauty of the southwest is enhanced through the eyes of love. As in life, even this paradise has an evil serpent hiding in the grass and ready to strike. This is a great yarn of youth, hope and love that all readers are sure to enjoy.

---

### Susan says

Interesting story, not too well told, with horrible fact-checking/accuracy

ok

---

### Kay James says

Very moving!

---

### Libby Harrison says

*"I chose this place because little boys need water to play in and big trees to climb."*

---

### Dawn ♥ romance says

I liked the hero including the paranormal action and plot that surrounded him but the heroine was just a pity party throughout most of the book. The bad guys were unrealistic and most of the story was predictable. I skimmed a lot. After 12 years, Raine returns to her hometown with a request of her childhood love Joseph.

---

### Lyndi W. says

The heroine was a miserable, deceitful, and self-absorbed person. I almost DNF'd this every time she went

on another "The world has wronged me!" rants. But the hero and the drama were interesting enough to keep me going. I like the touch of mysticism... not too wacky and explained sufficiently.

---

### **Jacqueline says**

[ The hero hides some dead bodies. He didn't kill them but... (hide spoiler)]

---

### **Dovie Skidmore says**

#### **Legend**

I liked this book. I stayed interested till the end. I like all of Sharon Salas books and own most of them. She is a great author.

---

### **Tammy Pickens says**

Im not sure how I missed this title. I thought I had read all of her books so this was a pleasant surprise. Loved it!!

---

### **Pamela(AllHoney) says**

Raine Beaumont left Arizona 12 years before when her father was transferred, leaving her one true love, Joseph Colorado, behind. Now she is back.

Not one of my favored books by this author but it wasn't too bad either. This would be considered a paranormal themed story. It was written at a nice pace that I enjoy and I liked the characters. Not sure why it didn't pull me in more.
