**Prince & Knight** Daniel Haack , Stevie Lewis (Illustrator)

In this modern fairy tale, a noble prince and a brave knight come together to defeat a terrible monster and in the process find true love in a most unexpected place.

*“Thank you,” he told his parents.*

*“I appreciate that you tried,*

*but I’m looking for something special*

*in a partner by my side.”*

Once upon a time, in a kingdom far from here, there was a prince in line to take the throne, so his parents set out to find him a kind and worthy bride. The three of them traveled the land far and wide, but the prince didn't quite find what he was looking for in the princesses they met.

While they were away, a terrible dragon threatened their land, and all the soldiers fled. The prince rushed back to save his kingdom from the perilous beast and was met by a brave knight in a suit of brightly shining armor. Together they fought the dragon and discovered that special something the prince was looking for all along.

## From Reader Review Prince & Knight for online ebook

### **Megan Derr says**

Awww, what a cute little book. I'd have loved this as a kid.

---

### **Becky Schnell says**

An absolutely sweet rhyming story about a prince looking for his partner. LGBTQ friendly that also teaches children about acceptance.

---

### **Lauren says**

SO GREAT! It's essentially your typical prince needs to find a princess to marry story but turned around to be a same-sex marriage. The best part is that the kingdom and the Prince's parents are totally happy that the Prince found someone perfect for him. A fantastic alternative!

---

### **Jj says**

Just a regular fairy tale plot line here, but with the twist of the prince being gay. Okay, this is not anything new, as we will all recall *King & King* did this years ago and that was fun. But this is a little different and yes, it has a cute story. The illustrations are fitting for the type of fairy tale that this is trying to be. But OH, the text is not good. It is forced and painful. Reading this book with its pictures only is the way to go. Disappointing overall.

---

### **Alana says**

I wanted to like this, but the rhyming lines are all over the place in length, and I can't wrap my head around royal parents not caring if the line continues.

---

### **Melissa says**

What a cute Children's story!

---

### **Victoria says**

Such an important book! I loved every moment reading this. I definitely recommend this to everyone.

---

### **David Schaafsma says**

Each year my family reads all the Goodreads-award-nominated picture books. This is book #12 (of 20) of 2018. This one is an example of where I differ from most of the rest of my family, and with the Goodreads community, that gives this a 4.45 rating, as of today. My overall rating reflects a family average, which is high because they want to support glbt romance above any other consideration, maybe. And okay, maybe they really do like it. Well, I want there to be glbt romances, too, and I do read them (especially in YA), but I want them to be great, edgy, original, none of which this one is.

Lyra (11): 4.5 stars. I like how the prince and the knight work together to fight the dragon, and while they are fighting, they realized they like each other.

Hank (12): 4.5 stars. Yay, he found his boyfriend!

Harry (13): 3.5 stars. I like how their teamwork brought them together.

Tara: 4 stars. I'm always a sucker for a gay romance.

Dave: 2.5 stars. Utterly bland and conventional knight-in-shining-armor-slays-the-dragon children's story in every respect except one, which I take it is the point. And yes, I am old enough to know of a time when such books would not have been published by a publisher named Little Bee (!) (and that time might have been even as recently as five years ago!). And yes, of course, I am glad the prince got his man and that such stories can be there for kids of all ages to see and accept as everyday fact for all of us together. But the art is unremarkable, the story is bland, and the rhyming verse doesn't even scan in some places! Was there an editor?!

---

### **Destinee Sutton says**

My three-year-old has spent a lot of time with people who are gay and definitely knows that some kids have two moms or two dads. Still, when we read this book she was surprised that the prince and knight get married. She was like, "But a prince has to marry a princess." And then I was shocked and was like, "But you know sometimes two men marry each other." And then she was like, "But not in PRINCESS STORIES!" Hoo boy. We clearly need more diverse "princess stories" in our life. The only other LGBTQ one I can think of is King and King.

I am so excited for Elsa to have a girlfriend in Frozen 2. Please make that happen.

---

### **K. says**

This is ADORABLE! The art is super cute with vibrant colors that pop and illustrate the story in a true fairytale style. The words were rhyming, and went with the images. Love, love, love! I'll be reading this to my library storytime :)

---

### **Amber says**

This is BEAUTIFUL and I'm going to buy it! This library copy is going on the Pride display stat.

---

### **AleJandra says**

No me maten, pero este libro me huele a oportunismo.

La idea es muy linda, un príncipe que se niega a casarse que alguna doncella del Reyno, pero un día se enamora de un guapo y valiente caballero de armadura plateada.

Todo muy lindo y tierno, pero la prosa es horrible. En serio no tiene ritmo, no lleva bien la historia y parece que el autor pensaba que solo por ser un libro con personajes LGTBQ ya sería suficiente para triunfar que ni siquiera se tomó la molestia de darnos una escritura de calidad, o que fuera amena para los niños.

Buena idea, mal desarrollada. Aun así, le doy las 4 estrellas, porque las imágenes son muy bonitas y se agradece la inclusión.

---

### **Deb (Readerbuzz) Nance says**

The prince searches high and low for someone to rule beside him. Happily, he finds his partner when he and a knight work together to defeat a dragon.

A lovely new take on a traditional fairy tale story.

---

### **Meg says**

Cringe-inducing rhymes, great story.

---

### **Luisa Knight says**

I thought this book would be about which man (the prince or the knight) that would win the princess's heart - not that they would win each other's heart! So yup, Prince and Knight marry and have a royal wedding.

\*\*Like my reviews? I also have hundreds of detailed reports that I offer too. These reports give a complete

break-down of everything in the book, so you'll know just how clean it is or isn't. I also have Clean Guides (downloadable PDFs) which enable you to clean up your book before reading it! Visit my website: The Book Radar.
