Ruby Tuesday Mari Carr

Wild Irish, Book Two

Sky Mitchell is hiding out in Baltimore, seeking peace and solitude while he struggles with a career decision. Lead singer of popular rock group The Universe, he's thinking of going it alone. Wandering into an Irish pub, he's ecstatic to discover the breakout single for his solo album—but the songwriter doesn't want to sell. One musical challenge later, not only does he win the song, but also a writing partner to complete the rest of the album.

Teagan Collins has never aspired to fame and fortune. She's content taking care of family, friends and neighbors, and singing in her family's pub. Working on an album with Sky tests her patience...and her libido. The hot rocker plays her body like a fine instrument, their desire deepening with each song they write.

But someone doesn't want Sky to go solo, and is repeatedly trying to sabotage the couple's efforts. Undaunted, Sky wants Teagan to join him onstage at his farewell concert to sing her original, "Maybe Tomorrow"...

If they make it through today.

Guilty Pleasures Book Reviews says

I loved how the author paired a rock star and a folk singer for this 2nd installment to the Wild Irish series. And I enjoyed it as much as the first, but for different reasons. The first book in the series has a BDSM tone with a very intense Alpha Hero. However, the hero in this book being a rock star who does not fit the typical mold intrigued me. He's not into drugs or alcohol, and realizes after spending time with Teagan that he wants a real relationship instead of bouncing from bed to bed. Sky, the hero of the book won my heart over within the first few chapters of the book. He's kind, caring, driven, loyal, good-looking and sexy.

Clarie Giselle Mercado says

A plot replaced by sex

The story had premise but it fell flat when the author essentially made it seem like Teagan and Sky were two insatiable teenagers. It was short story that I had no interest in finishing.

Karla says

Excellent! A complete story in a sweet little package. Opposites attract when the rocker, Sky, meets the folk-singer, Teagan, but they are so perfect together. Fantastic funny dialogue, a sweet passionate romance, a delightful Irish family, and even a tiny bit of suspense, all in this charming novella. One more sister and four brothers to go, what a way to countdown the week! I'm waiting on Wednesday.

Just a side-note, the first book had more of a BDSM theme, whereas this one had one scene with light spanking and bondage, just some playing, nothing too serious.

I loved how the author paired a rock star and a folk singer for this 2nd installment to the Wild Irish series. And I enjoyed it as much as the first, but for different reasons. The first book in the series has a BDSM tone with a very intense Alpha Hero. However, the hero in this book being a rock star who does not fit the typical mold intrigued me. He's not into drugs or alcohol, and realizes after spending time with Teagan that he wants a real relationship instead of bouncing from bed to bed. Sky, the hero of the book won my heart over within the first few chapters of the book. He's kind, caring, driven, loyal, good-looking and sexy. Who wouldn't fall for a guy like this? Well, the heroine, Teagan for one. When Sky first comes into the family owned pub to hide from the paparazzi, she doesn't even know who he is. She's more of a free spirit, hippie-type than a pop

queen, so of course they clash. Upon hearing her sing an original song she's been working on, he offers to buy it for his solo album and she refuses, not wanting her song anywhere near the top-40. He also refuses to take no for an answer and challenges her to a singing contest. He wins and she must help him write the songs for his album. After the contest, she develops a little more respect for him and it doesn't take long for the sparks to fly. Only thing is, she's a virgin and she's only willing to give up her virginity to someone she loves and loves her back.

I gave this book 4 stars because of Sky's personality. I'm a sucker for a nice guy. Call me weak. One minute I was laughing, the next I was wiping tears. The two things I didn't like about the book is 1) the length of book. It's a short read and I was enjoying it so much, I wanted more, and 2) Teagan's character in the 1st book was STRONG and out-spoken, but she seemed much more tame in this book. I missed her fast, sharp wit. But, Riley, one of the other girls in the family picked up the slack. She is a handful, and I'm looking forward to reading her story. I will continue with the series and stand by my recommendation to anyone who enjoys a light, fun, sexy read.

MountainKat says

Well, that one worked for me! I really liked Teagan and Sky, their romance was both sweet and hot. I loved that they both respected each other and they didn't push each other into things the other didn't want. This was a quick read, but it didn't feel that way. It was nice that time elapsed and the relationship didn't develop literally over night.

Cindy ~ says

Teagan Collins is happy just writing and singing her folk songs in her family's bar. She teaches music to children and volunteers with the elderly. Sky Mitchell is the lead singer of popular rock group The Universe and has come to Baltimore and is hiding out in the Collins bar to take time to start writing his own songs and start a solo career. After Teagan loses a bet to Sky she agrees to help him write all his new songs for his solo album. Since the paparazzi have found him, Teagan's family suggest he just stay with them so he and Teagan can start working on the songs. Sky is attracted to Teagan but only deals in short time affairs. Teagan is a virgin and does not deal in short time affairs. But their attraction is so strong they agree to do everything but the actual deed. As time goes on they both fight wanting more from the other. After the paparazzi get worse outside the club Teagan and Sky slip away to one of her sister friends cabin so they can continue to write. It is here they give in to their feelings but they also realize someone doesn't want Sky to quite the band. This one wasn't as hot as the first one but you couldn't help loving Teagan and Sky and watching their romance unfold.

Candice says

3.5 Stars

I just have to say how much I love Teagan and her spirit, old roots, etc. I am a hippie at heart and a folk music fanatic, so instantly I connected with her. Now, that's not to say I think she was dumb at times.

To be honest, I have no idea why people can't say no and actually mean it. Then you have the guys pressuring, tricking their minds, pushing a little bit further closer to the boundary. It's not fair. She says no and you should respect that, not push her no into a yes.

Sky really upset me a couple of times, but then Teagan did too with her inability to stick to her decision.

Sky Mitchell is the lead singer for the band The Universe. He needs some R&R and gets it in Baltimore. He has some major decisions he needs to focus on and he can't do that with his band members and manager poking around. He walks into a pub/restaurant and hears Teagan's sweet folk voice, but more importantly her lyrics.

He wants to buy her song and she flat out says "it's not for sale" and definitely does not give into his charm.

When you're in very small living quarters things can change and you can finally get to know someone.

I thought the ending just happened. I kind of wanted more. (view spoiler)

Overall, I loved Teagan and her gypsy ways. I thought Sky was kind of a douche though.

Miss Kim says

This is Sky and Teagan's story. I have to say I don't like their names, and I kept getting mixed up on who was the male when they were talking.

Controlling virgin meets oversexed Rock Star.

BTW Sky is the man. :p

Jen says

Review to come.

Just a brief update to let everyone know I'm safe but the wildfires in British Columbia still are burning fierce and thousands of people are evacuated from their homes. My dad is still out of his house and unfortunately last week he had two seizures where he was unresponsive with an hour of each other. I had to call an ambulance and he's been in hospital ever since. They are trying to find out what is wrong. Needless to say I haven't been able to read much; nor catch up with all of you.

I miss you all and I miss my books. Please know you are all in my thoughts and I will hopefully be back more regularly soon. Love, hugs, and prayers to you all. <3

Definitely loved this book!

Sharon Mariampillai says

Actual Rating: 3.25

This was a good read. This was better than the first book in my opinion. It was a quick and romantic. I thought the story was good, but I thought it could be better. I think the real issue I had with this book is the heroine. She was okay. I did not love her, nor did I dislike her. She was just really hard to identify with. It is not the type of heroine that I usually like. The writing style was not that good. The dialogue was over the top at times. It was boring at times, but I did enjoy the story. I do really Teagan Collins. I think each Collins will have a different story about love. This is going to be an interesting series. I can't wait to what the rest of the series has in store. The ending was good. Overall, an okay read.

KB says

4 stars

I purchased Wild Irish Series books 1-4 by Mari Carr and this review was given freely.

With titles centering around the days of the week and beginning with Monday, { Sunday was the mother who passed away} each book features one of the fun loving, close knit, protective and at times boisterous Irish American Pub-Restaurant owning Collins family members. The series feature the seven siblings from oldest to youngest and contains some wonderful family excerpts, a little suspense, a fair amount of steamy scenes, bondage, spanking, and menage. A lot of the storyline centers around the Collins apartment or business but it also branches out to include diverse themes such as student-professor, rock star, ex-military, virgin, crazy ex-husband, friends to lovers and more.

Come Monday by Mari Carr

Beginning college at 28 after helping to raise her siblings, Keira is attracted to one of her professors, Wallace. Keira struggles with giving away control and make a life for herself not completely centered around her siblings and father in this first edition which contains an introduction to BDSM.

Ruby Tuesday by Mari Carr

The second eldest sister and redhead dreamer, folk singer, and pub waitress Teagan becomes embroiled in rock star Sky's plot of becoming a solo artist gone bad. Contains some suspense and some steam scenes with

light bondage/spanking.

Waiting for Wednesday by Mari Carr

This book features the bartending first of the Collins twin boys, Tristan and the married nurse Lane he fell in love with during her routine Wednesday visits to the pub. Some steamy encounters, an alpha male, the return of the crazy ex, and Tristan's father having a stroke are combined in a interesting and at times intense story.

Sweet Thursday by Mari Carr

In this sequel, the second Collins family twin and retired soldier Killian along with his best friend Justin have taken over Justin's family's construction business. Reuniting at their 10 year highschool reunion with the third part of their high cliche Lilly results in the fulfilment of unrequited love but the three struggle with the thought of menage as a permanent relationship.

Nicole says

I enjoyed this one, quick read. Good characters.

I liked teagan and sky. They were a good couple. Light on drama. I can't stand romance books that are full of drama. They drive me nuts and ruin the actual romance. Teagan is a songwriter and Sky is in a band, match made in heaven...Almost a typical virgin girl meets bad boy player. Not quite as extreme as others. It wasn't a bad book. It was enjoyable.
