Get the most for your money by purchasing The Craigslist Hustle: Live, Laugh, Travel and Repeat (link below) which includes The Craigslist Hustle, The Craigslist Hustle Washer & Dryer edition and Free Flying. It is 3 books in 1 and by far the best value for \$9.99 <https://www.createspace.com/7248217> As featured on Entrepreneur on Fire!!! Print book includes Washer and Dryer bonus chapters. Here's a couple of reviews: "I've flipped 2 gas grills, a stainless steel mini fridge and a broke washer I got apart and fixed myself. In 2 days I'm up \$400. Bro. Wtf! I repainted the grills for like \$5.00 cleaned up the mini fridge and washer spotless. All inspired by you man." "Simplicity in 75 pages. We need more "how to" books like this. No large print, double space, cheesy filler. Just how to buy and re-sell on craigslist. That's it. There is no CD or system to buy. There is no MLM hook. No up sell. Just good old straight info on how to get started and do it. I read the book then bought my first item on CL from someone in my town. Two days later it sold to someone in my town. I drove less than 3 miles for the entire transaction. I made a 42% return on investment, tax free. And I supported my local economy. Buy used and help the environment. Buy used and support your local economy, not China and Walmart!" Have you ever purchased an item for \$50 and sold it in the same day for \$350? Better yet, have you ever received an item for free from a total stranger and then sold it for \$400 the same day? Me either, not until I was laid off by my employer and stumbled across Craigslist. Craigslist receives over 60 billion (yes billion) hits per month worldwide, so let me help you profit off that statistic. This no fluff, straight to the point, quick read will pay for itself with your first "Craigslist Hustle." I have been making money via Craigslist steadily several years and have helped thousands of people around the world do the same with this book. Unemployment, recession, felony records and low pay on your job are no excuses. There is money to be made using Craigslist and I want to show you how. This is no late night seminar, but a real everyday person who was hit by unemployment and fortunately I found my niche on Craigslist. The Craigslist Hustle, let's get it!!! Please take a moment to come back and leave a quick honest review of the book as well. Thanks in advance. Easy to read, very clear

All the info I need to buy and sell on Craigslist is here. Good section on writing ads. It is very clear and actionable.

Lynn McClelland says

Not what I expected. This would be for someone who is a 'newbie' to Craigslist. I was disappointed that it focused on one product, which I have no interest in.

Gina says

I received this book as a first read. It mostly listed a lot of common sense information about selling on Craigslist. It also focused way too heavily on washers and dryers which is useful to a few people but not the majority of people looking to flip items on Craigslist.

Great for Beginners

I really enjoyed this book. It gets straight to the point, no fluff! I fully intend to put the information in this book to the test!

Aaron says

I received this book as a Goodreads Giveaway first read. Most of the topics covered in the book are common sense and things I already knew based on the few items I previously sold on Craigslist. The book also spends too much time focusing on washers and dryers.
