The Neighbor

Abby Weeks

The Neighbor Abby Weeks

What does it feel like to be watched?
That's what Janey's about to find out.

When she moves into a new neighborhood she thinks it's to rekindle her marriage. But that's not exactly the case. Her first day in the new house she notices that the strange and distinguished older neighbor across the way has the perfect view into her bedroom. He likes to watch. And she loves to show!

Thrilled by the opportunity and armed only with a new corset and the limits of her imagination she gives him a show that he will never forget. This story will follow Janey as she goes through ever more titillating and arousing experiences while trying to make her way in life. It blends the pleasures of story and character with the joy of steamy erotic writing in short and frequent installments.

This story is the first book in the sizzling new erotic series – The Neighbor. It is intended for a mature audience.

Boxy Frown says

3.5 stars

This is another kinky little nibble from Abby Weeks. When Janey finds out from her drunk hubby that he has been screwing his secretary, she decides to take charge of her life. She initiates a move to a different part of town, and has a new older neighbor who likes to watch...so she decides to perform.

This was a good read-Janey is coming into her own, doing things she never would have done, and enjoying life. Great start in this series.

Florence Seay says

Nice Short Read

This was a short little read that was free. I can't wait to see what happens to her and the neighbor in book 2.

Melissa Mendoza says

Different

So far the first book was okay... pretty sexy and hot to start off. Glad it was free since it was only 22 pages.....overall it was good.

Jan Wilcox says

Amazing author, sex scenes are hot, hot, hot....even if they are pretty twisted. Such an interesting story line, so different from every other erotic or romance book out there. The true sign of a great author is when you feel everything the heroine feels and can't guess where the story is leading. This is one of those books. It's not for the squeamish though. If you are looking for a sweet romance, this is NOT it. Very dark, erotica, abuse sexual, physical and mental but heroine gets her revenge in the end. I can't say enough about this author and this series.

Kathryn Parry says

Again, if you want a complete story then you will need to buy into the series. I have read the first three books and still no end to the finished story.

Raine says

Short, but an ok read.

Debbie♥ love my Ducks♥ says

Very short read that was a good beginning to a series. It was enough to make me want to read the next in the series but I have soooo many great books to read I don't know if I will make it.

Willow Sanders says

If I could give 1/2 stars I woudl give this one a 2 1/2 - the story is -okay- not fabulous. Again its a good idea its just poorly executed. And considering again this was a "freebie" that forces you to spend money on the remaining installments, I'll pass on the rest.

Sharon Bradley says

In a nutshell, this book focuses on Janey, a teacher and wife in her twenties, who has found out that her husband is cheating on her with his secretary, Suzy. She decides that, to rekindle their marriage, she has to get him away from Suzy. Never revealing that she knew about his infidelity, she convinces him to buy a house far from his workplace. In that new neighborhood, while fitting her new torsolette, exposed from the waist below, she spots a man from next-door looking at her. For some reason, he makes her feel desired and beautiful. Hungry for those blissful feelings that her husband has been robbing her of, she turns to the strange, old man, eager to please him. But is being watched enough? Will they cross the boundaries of their own homes?

Before I jump into the erotic parts of this book, I would like to commend Abby Weeks for making Janey opt for the more discreet option of keeping her discovery of his infidelity a secret and trying to fix their marriage from within and not take the fight outside the boundaries of their home to his mistress. It definitely sets a mature tone for the story. It also makes it realistic, because as opposed to what some women say that they will fight for their husbands, cause scenes, destroy mistresses, etc., sometimes, it really just downplays into being afraid to shake up and ruined the marriage over-all.

Now, for the steamy scenes... Voyeurism does seem like an interesting theme for this book, because it sets the border between cheating and not cheating for Janey. It works and every sexual performance by Janey is memorable, and in a way, empowering. Her sexual awakening took me aback when the quick transition happened, but it in the end, it was just surreal...and inspiring.

The Neighbor (Part One) is a promising beginning to a daring and compelling serial.

Stacy says

crap

Amy says

hooked!

Kitty says

The neighbor

Janey and Ben are going through a slump in their marriage. Ben is working late all the time. She discovers it's because he's having sex with his secretary. She decides they need to move in an effort to get him away from the secretary.
