The Real Mason

Julia Devlin

The Real Mason Julia Devlin

Anna is blindsided when her adoring boyfriend dumps her after six seemingly perfect months. Especially since they made sweet, tender love right before he dropped the breakup bombshell. It just doesn't make sense. Mason doesn't want to make sweet, tender love to Anna. He wants to take her hard and fast, to push past her sexual boundaries until she's writhing with pleasure and screaming his name. The problem? He has no idea how to tell innocent and old-fashioned Anna that he likes to dominate women in the bedroom. What if she rejects him, unable or unwilling to be his submissive? When Anna demands answers, Mason shows her with one intense, toe-curling kiss exactly how much of himself he's held back. The thought of being submissive terrifies Anna as much as it turns her on, but she's willing to try anything if it means discovering the real Mason...and keeping him by her side for good.

2.5 stars!!!

Heather in FL says

I had high hopes for this based on reviews on Ellora's Cave's site. It didn't live up to them for me, unfortunately. It was OK. It was kind of sweet, Mason knowing he's a Dom and not thinking Anna would be into that, so rather than continue the (perfect) relationship, he decides to just break up with her. At which point, she demands to know why. As I said, their relationship was perfect. Or so she thought.

Mason gives her "homework" -- a list of sites and books to review over the next month. If she sees that and still wants to explore a relationship with him, they'd meet in a month.

Turns out Anna's a little repressed and a bit of a pain slut. Maybe that's why I didn't get it? I like a bit of domination in my reading, but I'm not into the pain thing. Had I known, I probably would have just skipped this one. As it is, it's an interesting story about a woman whose love for her man sort of forces her to recognize certain aspects about her sexuality... aspects that Mason does a good job of bringing out in her. It just didn't feel all that sexy to me. Mason wasn't *mean* or anything, I just didn't really feel a real connection between them after he initially breaks up with her.

I dunno... I didn't hate it, but it wasn't as great as I'd hoped.

Doris O'Connor says

Absolutely loved this! The BDSM is hot and sweet at the same time, and Ms Devlin portrays the emotions involved beautifully. Read this in one sitting, and if I have one criticism it's that it was too short. Would have loved to have read another scene between them ;-)

Great story!

Kelly says

I liked it up until the end. It felt like Anna went through a drastic change in a month from the person she was in the beginning of the book. I don't think she has to change who she is to be with Mason.

Katherine says

This book is more a 4.5 for me. It was *almost* a 5 but didn't like the ending...

Story starts of with Mason breaking up with Anna because he is tried of hiding his Dom side from her. Anna is naturally shocked since they had a great night the day before and there was nothing leading up to him being discontent with their relationship. After he explains to her (after much prodding) why they cant be together, she decides to try it out.

Good:

1)Mason was really understanding and patient. I liked how he let her come to him, didn't force her into the Lifestyle. 2)sex was amazing! I would have like a tad more variety but over all very good. There was a healthy dose of S&M 3) Very realistic how she didn't immediately follow his commands like she's been a sub all along.

Bad:

1) didn't like the ending. Felt like she changed which wasn't needed imo 2) I would have like Mason to have been more firm with her than he was. She was darn near insolent. 3) Would have like to read a flashbacks on how their relationship was prior to him 'coming out' (lol)From their conversation it seemed like Mason did a 360 on Anna. 4) I think this was more so on the length of the book than the writing but I would have like Anna pov in how he changed to have been expounded on 5) too much ily...it was annoying

Over all, very good if you like bdsm and want to read a book where the couple are already together (for the most part) rather than two couples getting together

Obsessed says

Maybe a two and a half, two and three quarters stars, mostly because I can't stand bratty subs. Personal preference. I think readers with more patience than I will enjoy it more.

April says

Holy crap that was hot!

The Real Mason by Julia Devlin is an erotic BDSM romance that combines both sweet romance and hot erotica to create a gripping story.

Anna has been dating Mason for six months now and although they haven't said the words yet, she knows she has finally found love. Then, out of the blue he tells her their relationship isn't working and he is ending it. Confused and devastated, Anna demands to know why. The answer is nothing she ever expected. Mason

reveals a secret and gives her a choice to either accept the lifestyle he wants to live, or walk away and let him go.

I very highly recommend this book and give it 5 out of 5 stars. The writing is superb with characters that completely stole my heart. I was hooked from the very first page and could not put it down until the very end. The story is fast paced and high on the heat level. There's much more than just the steamy hot sex, though. The characters are well developed and we get to see their emotional journey through this relationship and as they make life-changing decisions.

I really liked Anna and could relate to her in a lot of ways. She's very sweet, naïve, and conservative. She works as a first grade teacher and has lived a fairly sheltered life. Mason is a sexy, masculine, and commanding hero. He's multi-layered and I love that the author lets us see his emotional journey as well as Anna's. There are a lot of emotional ups and downs that kept me feeling invested in the story. When it was over I was sad to reach the end and found myself wishing for more.

Cindylisse says

Es simplemente la aceptación de una sumisa a lo realmente siente, fue mas de conocer a la autentica Anna que a Mason...

Jen Mcnamara says

I love Julia Devlin and while this was not my favorite book by her, it was still a great read.

Divalish Smile says

Rated 3.75 stars

This was a nice fast read. I'm really kind of getting into this Dom/sub thing. I have learned that I have limits as to what level I will enjoy reading and this was one of them.

Nothing beats an attentive man who wants to ravish you and Mason fits the bill perfectly. I found it difficult to fully picture Anna in my head but I got the idea of innocence meets Dominant and that was good enough for me.

I would have enjoyed reading a bit about his internal struggle and frustration of being in a vanilla relationship. It would have built more excitement for me.

PJ says

4 Stars

I enjoyed this quick, spicy novella. We have a pretty, sweet 1st grade school teacher, Anna, who has been dating a demolitions expert, Mason, for six months. One day he tells her he can't see her anymore and she demands to know why. Turns out he's a Dom and can't keep living a lie. And the story goes from there.

Anna has a crazy, hot crash course in BDSM and bearing witness to Anna and Mason's clash of wills was fun to read. What made this a bit different is that they were already in love, so that wasn't a factor, so were able to focus on Mason's need to dominate and Anna's independence and her need to be respected. Of course, Mason DID respect her and recognized her independence, so it was about Anna coming to terms with what she was giving up and whether she could live with her necessary submission. I thought the author dealt with the topic of BDSM in a very frank and non-preachy manor and posed interesting questions about submission and sexuality I hadn't thought of before.

Ale Rivero says

Dios, como rabié con Anna y su actitud de señorita recatada. Si te gusta algo y lo sabes, lo aceptas de una vez y te dejas de hacer la tonta, tanta mieditis crónica me hacía tener ganas de darle unas cuantas cachetadas. Por lo demás, me gustó cómo encara las cosas Mason a lo largo de la historia, mostrándose tal cual es y aceptando que la ama pero que no puede vivir escondiendo su mitad oscura, por así decirlo.

En las últimas páginas Anna se redime un poco, por eso no odié completamente el libro, pero si no hubiera estado tan enfrascada en luchar contra sí misma se hubieran podido ver muchas más escenas interesantes entre los personajes.

Es una historia a la que se le puede dar una oportunidad para pasar el rato.
