Janine says

A collection of sexy, steamy short stories. Liked some more than others.

Louise Johnson says

This book has 16 short but very hot stories. And although these stories are short they are long enough to get your teeth into. All the stories are totally different, There is a Masseuse with Magic Fingers, A woman who gets chained up as a human statue, A woman who finds out she likes to be dominated and humiliated, An Evil Twin who gets the woman he wants by pretending to be his twin brother, A professor and student who overstep that boundary, and a woman who finds the excitement she's craving for with A Rugged Australian Snake Man and his 2 pals. Plus a few others stories all are hot but some better than others. Definitely worth a read though.

Lisa Mcmaugh says

Not a bad book for a bunch of short naughty stories...some were much better than others...

some of these short stories were fabulous. others, not so much. overall, a good quickie in between bigger reads!

Idris Blue says

Still prefer novels to short stories but a few of these were great, and was good to be able to start and finish a story between tasks and chores

Maree Repa says
