Big Girls Don't Die Crystal Jordan

Andre St James is a centuries old vampire, born and bred in Naw Leans with a take-charge attitude that usually gets him exactly what he wants. Then he meets Cynthiana and he knows she is his love. He fears for her life because fragile humans die every day. Heart attacks. Car wrecks. He won't risk her waiting until she loves him back, so he turns her without asking first.

Cynthiana is no man's pet. She has made it on her own as a plus size model. Alas, casting no reflection makes it impossible to continue being a model "thanks to a certain annoying, sexy, rude, great in bed, undead vampire who shall not be named."

Now it is Valentine's Day in Vegas. Andre's determined to prove they are destined to be together. Forever.

B.E.Love says

3 1/2 stars This is book two in the Heat of the Night series and though I didn't read book one I had no problem following the story line. This is a good quick read, about Andre a vampire who meets his mate(Cyn) and instead of waiting till they fall in love to change her he does the night they meet. Cyn now hates Andre but can't deny the attraction that they both share. Then Andre helps her in her time of need and Cyn starts to realize that there's more to their relationship than just physical attraction. This was a nice quick read and I love that the hero is bi-racial, My only wish is that we had gotten a little more at the end.

?~Tina~? says

Just when the relationship started to take off the story was over. There was plenty of sex for such a short read. The book ended at 75% the rest are sample stories from other authors. I haven't read the first book, but the series has potential. I'm not sure if the characters carry over or not, will have to see. Otherwise this will just be a series of short stories.

Magda says

Cute, short read. Story was a bit hypocritical/sexist at times but still enjoyable.

Ellen says

I got this free on my Kindle. Basically the book consists of 3 sex scenes with a vampire, and took me 30 minutes to read. It is what it is, which is a free book. Don't judge!

Yoru says

it's funny and sweet but it's short. I'm a bit sad.

Drama Diva says

Would have been better if it had been longer and if the characters didn't jump straight to sex. It took a while but by the end, I was invested.

Brenda says

First, I'm only give this a three because even for a short story it seemed like it could have been more "complete" for a lack of a better word. I thought the characters were cool, and the sex scenes were unbelievably steamy and emotional-- now, this was #2, so I do understand that but it almost had the feel of a story that should have actually been included with the first novella.

Again, if you've read #1 you won't want to miss this, but I would be sure to read that one first. The writing was great, and it made me want more from the author's world.

Catherine Estrada says

Needed a little more plot to go with the trashy romance :-)

Kendra says

Okay story for a Kindle freebie. My biggest complaint is directly related to the length. Obviously the back story is just glossed over. I'd like to have seen more of that. The ending is rushed -- before you know it, the heroine has dropped all of her objections to the relationship with the hero and all is well.

Katherine says

2.5

This is the second installment at the Heat of the Night by Crystal Jordan.

It's a short. And as such, it's nothing more than I was expecting before reading. There are nice characters and the plot is good. The pace however is a bit rushed, and I'd like to read about the events when they first met. That promised to be hot.

I think Jordan tried to pack this book with a bit of everything without making a total mess out of it. I liked, it was a funny book. The sex was between *meh* to *yeehaw*.

With more pages, and a better pacing, this could be a great read.

Melindeeloo says

Not one of my normal books, but a kindle freebie, this was an erotic short that went to places that aren't my cup a tea (no proctological fantasies for me). But the real problem was that what might have been the most interesting part of the story happened before this short begins. He's an ancient vamp and when he meets her, he refuses to take the chance that some freak accident my take her from him and turns her without her

consent. So, coming into the story she's ticked at him but melts into a huge puddle of goo and succumbs to her hormones and can't stay irked at him and then tada she's in love - makes her seem wishy washy, I'd have liked her to have made him work for it more some serious groveling from him was needed.

Kathy says

Cynthiana – new vampire, though bitten without being asked... bitten by Andre St. James – who has lived a couple of hundred years, and recognized her immediately at his soulmate, and gave into impulse to make sure she could not be harmed.

Unsure how much time passed, but he comes (uninvited) to celebrate Valentine's Day with her... she has mad, passionate sex with him (she can't resist), but kicks him out – she cannot accept his autocratic ways. At a bar with her friend, she gets a frantic call from her drug addicted, prostitute sister who calls because her 10 year old daughter was in a car accident... and Cyn rushes out to get to her – driving from LA to Las Vegas... but she hits a rabbit, blows a tire, and the AAA can't find her... she gets a call from her niece who tells her she is fine, mom overreacted... and then from Andre, and bursts into tears and he gets to be understanding and helpful... telling her he will let her use his comp room at the new casino in Vegas (which he forgets to tell her he owns)... tow truck shows up, she gets to vegas before the sun comes up... and is treated like royalty and taken to the penthouse... Andre of course joins her, listens to her, and shows he is trying to be the man she needs him to be – not bossing, but consulting... they have mad sex again... and again... and he takes her to her sister's trailer when it gets dark... assesses the situation, realizes that Cyn not only lost her choice when he turned her, he made it all but impossible for her to adopt and protect her niece (world not warmed up to vampires yet)... to make things right, he invites the niece, her mom (Cyn's sister), to come live with him in a mansion In LA... and Cyn's heart, which was teetering, spills over... ahhh

Linda says

Definitely not what I was expecting....a novella with some steamy scenes.

Lady Raven RAVE! says

Just finish reading this book got it for free so I really can't complain. The book is a short quick read it wasn't prefect and it wasn't great it falls in between. It starts out very enticing but dwindle just a tiny bit for me it went from A to M instead of A to B. Cyn was bitten by Andrea the first night they hooked up because he knew she was the one his mate and didn't want to wait when the time was right. Cyn was angry that he did this (she wasn't that angry i think personally), now they need to adjust to each other as well as get to know each other which brings out surprising information about both of them. I personally think it was OK and I've read worst books that are free so if your looking for a quickie something to kill time then this is for you and by the way the sex wasn't that bad either.

Additional info added: I see this is the 2nd book in a series so maybe that's why I was a little lost with the werewolf and other things in the story.
