## **Blindsided** Kyra Lennon

After a successful first soccer season in L.A, Jesse Shaw heads to London with his best buddy, Hunter, but his world is turned upside down when a dangerous prank threatens his career and his blossoming relationship with Hunter's cousin, Isabelle.

Isabelle Mills lives in Notting Hill with her parents and her twin sister, Georgia. When she finds out her cousin is coming to stay, along with his famous soccer player friend, her first instinct is to hibernate until they've gone. However, once she meets Jesse, everything changes. He's everything she ever wanted, but with so many obstacles in their path, can she really risk putting her heart on the line?

## From Reader Review Blindsided for online ebook

### **Karen says**

The book started out with some character development as two young men from the States visit Notting Hill while on holiday. They stay at Hunter's aunt and uncle's home and they have identical twin daughters, Isabelle and Georgia.

Jesse, a famous soccer player in the US and Hunter enjoy London and meeting Georgia and Izzy's friends.

It would've be nice to have left at that but some mischief happens at a party that went horribly wrong. Decisions have to be weighed and life has changed when everything shakes out.

Good story and nifty writing. 2nd reading: 6/29/16. loved reading after reading all the series. This book was the best.

---

### **Elizabeth Seckman says**

I love good romance, and this story didn't let me down. A sweet tale of young love with a bit of sleazy guy who needs a come-uppance blended in. I love to read Kyra's books. I love the voice of her characters. They feel so real, you close the book feeling like you met new people.

And the subtle humor. Love the bits of funny that Kyra weaves into every story. I've read everything in Kyra has written. Time for her to write another ;)

---

### **Kelsey says**

After not completely loving the first book in this series I was hesitant to even download this one, but I am glad I did because not only did I get a little redemption and depth from Radleigh that was seriously lacking in the first novel but I also got two main characters who you could actually root for. I felt so bad for Jesse during Game On and I was happy to see him be with somebody who deserves him.

---

### **Sal says**

What a beautiful story.

I really like Jesse in the first book so getting the chance to read more about him was a chance I wasn't going to let pass me by.

Honestly the beauty in this story took my breath away and I'm sitting here now with a smile on my face and a warm feeling in my heart. Absolute perfection! Now I must move on to the next book in the series ;)

---

### **Annalisa Crawford says**

As the YA cousin of Game On, I had to read this, because there's so much more to come in the series (I know because it was featured on my blog!) YA is not my preferred genre, but the story focuses on Jesse, the 19 year old football star of the first book, so his age decided the tone.

Once again, Kyra Lennon has brought some fantastic characters to life, and as with Taylor in Game On she hasn't shied away from a love-to-hate character in Mischa.

The story, writing and pacing all flow towards the central problem, which is then slowly resolved. My only complaint is I'd like to have seen more of Mischa's downfall - I love it when the bad guys get their comeuppance.

---

### **Sharon I Aldcroft says**

Not a good book....EXCELLENT BOOK.

This book took the pants off "Game On". Why?  
Well in one way I don't know & in another way I do(I think).

Kyra took this book and brought into it some fabulous characters such as Isabelle.  
I love the way she manages to bring you into the story so you sympathise with the characters.

Its a book that grabs you in & you have to keep reading. Jesse is most girls ideal guy loving, honest, caring etc... but he's still one of the lads & Kyra gets that across so well in her book.

**WARNING!!!!!!!!!!!!**  
**THIS BOOK CAN BRING THE ODD TEAR TO THE CORNER OF THE EYE.**

### **Becca Ann says**

I absolutely loved this book! It was such an easy read, had it done in two sittings, and the love story was so cute and sweet. I think it was a perfect fit for Jesse, because he deserves this kind of love story. :)

---

### **Dominique says**

Blindsided is a super sweet love story! I really enjoyed the alternating POV. I just wish we would have gotten a little epilogue letting us know Jesse's career was okay. I know he and Isabelle were solid. ;)

---

### **Clare Dugmore says**

Blindesided is a very sweet, innocent love story, with a magical Christmasy/ Winter feel. Perfect with a cup of hot chocolate on a cold winter's day!

The second book in Kyra Lennon's Game On series, Blindesided steps away from the raw passion that was Leah and Radleigh, as Westberg Warriors star Jesse Shaw enjoys a well earned vacation in England. Even though Blindsided has a very different tone from Game On - appealing more to the YA crowd, and set in a different location - it still offers everything we know and love from the first in the series. A brilliant romance to root for (actually I found myself cheering for a handful of couples in this book), and characters so believable they could easily be from any of our lives. I found myself relating to MC Isabelle, as she struggled with feeling inferior to her twin sister. I'm sure we've all been there, and felt overshadowed by a more attractive/ confident sibling or friend.

My favourite part of Blindsided was the dual POV, featuring scenes from both Jesse and Isabelle. It offered a unique insight into both the characters' minds, and made their story all the more special by being able to read both their thoughts/ feelings, as they fell for each other.

### **Nick Wilford says**

Blindsided is another first-rate romance from Lennon. It's quite cute at first glance - with attractive teen characters and a snowy, festive setting - but there's a lot going on under the surface, including a creepy stalker character. The less pleasant characters are just as convincing as the good guys, and as usual with Lennon, I felt completely involved in their lives and emotions. This book will appeal to a wide range of readers, from teenagers onwards - you can't beat a good old love story! Jesse and Isabelle are both very sweet characters and I was rooting for them the whole way. I can't wait for the rest of the books in this series!

---

### **Leigh says**

This is such a fun book and an endearing and sweet romance between Jesse and Isabelle. I love the characters and how their relationship grows, especially since Isabelle is the more quiet, shy type of person. All the fun things that happen make this a definite page turner. I loved every minute of it and can't wait to read it again... and again... and again!

---

### **Christine Rains says**

Jesse Shaw is a famous soccer player in the US, and he's looking for a fun vacation with his best friend Hunter. They fly to London where he can get away from the spotlight and from the bad memories Jesse's former girlfriend left him. The last thing he expected to do was fall for a girl. And one of Hunter's cousins at that! Isabelle Mills is the sweet and quiet twin. The boys don't notice her until Jesse comes to stay at her house. Their relationship blossoms until everything comes to a sudden halt with a horrible prank gone wrong. Jesse's career hangs in the balance, and Isabelle doesn't know if he can ever forgive her.

I'm blown away again by another one of Kyra Lennon's books. The story is sweet and full of the wonder of a new relationship. But it's the characters that hooked me. Jesse Shaw is unlike most of the arrogant Alpha males you see in romance. He's compassionate and genuine. Kyra does a terrific job of writing from his point of view making him honest and caring, but still one of the guys. Isabelle is the shy girl, feeling like she's in the shadow of her out-going twin. She's thoughtful and loyal, a young woman you can respect and wish your own daughter to model.

It's an emotional roller coaster from beginning to end. Kyra paints vivid feelings that readers can relate to oh-so well. This book doesn't just tug at your heartstrings, but wraps around your heart like your favorite sweater and claims it.

---

### **Krista says**

Jesse Shaw takes a break from his athletic team and goes on vacation with his buddy Hunter to London. He promises not to hit on Hunter's cousins. Yeah, that lasts until he meets his cousin, Isabelle. She's shy and sweet, thinking no guy could honestly like her. Jesse does his best to prove he's a guy who treats her right. Things are going very well until they attend a party together and an accident risks everything Jesse has worked so hard for. He'll have to stay strong and find out the truth before he can decide if Isabelle is still the one he wants and if he can trust her.

"Blindsided" is a very sweet story! I loved the budding romance between Jesse and Isabelle. The characters were very well written and the story flowed very well. It was tense in parts, where you actually became very tense. I definitely fell in love with Jesse and he's probably my new book boyfriend. When I reached the end of the book, I was mad it was over. I wanted to read more about Jesse! This is a story that won't leave you after it's over. I found myself thinking about it all day long, just wondering and wanting to read it again.

I highly recommend this book! :) I can't wait to start the next one!

---

### **Kim Beck says**

This is book two in the Game On series and this one is so much different than the first one that you can easily read it without reading the first one. I wouldn't suggest skipping the first one though they're both superb books. This one we get back Jesse, the young soccer star from the first book and Isabelle a shy girl he meets in England on vacation. This book is a super sweet love story that will truly touch a spot in your heart. Full review here: <http://allnightbooks.com/?p=355>

### **Jaybird says**

Lennon returns brilliantly with this spin off to Game On. If you loved her first book, (which I did) you will be thrilled to read more about the tender-hearted character of Jesse Shaw- as he matures and comes into his own in Blindsided. This story is warm and sweet and a wonderful read that must be added to your holiday TBR list!
