**City of Bones** Mike Raicht (Adapter) , Nicole Virella (Illustrator) , Cassandra Clare  
**The Part 1 of 9**

Th3rd World's **adaptation** of Cassandra Clare's New York Times best-selling novel, The Mortal Instruments: City of Bones. Set in modern day New York, the Mortal Instruments series centers on the "Shadowhunters," human-angel hybrids that hunt down demons while also keeping peace between the warlocks, vampires, werewolves, faeries and other mythical creatures who inhabit the Earth.

**Yonaily says**

¿¡Qué demonios acabo de leer?!

Soy una gran fanática de *The Mortal Instruments* y todo lo relacionado con *Shadowhunters*. Esos libros me gustan mucho, y siempre van a tener un lugar especial en mi corazón. Aún no me canso de ellos. Entiendo perfectamente que esto sea un negocio. No todos los autores escriben libros por amor al arte y a la literatura. Hemos visto muchas veces cómo algunos autores decidieron continuar sagas y trilogías que se daban por acabadas para hacer más dinero. **Creo que el autor debe ser fiel a sí mismo y a sus escritos y decir basta.** Cassie Clare seguro continuará dándole largas a la misma historia. Pero lo que me molesta es que se hagan cosas como esta estúpida novela gráfica que grita que fue hecha sólo para ganar más dinero.

Ni siquiera siento que se hayan esmerado en sacar un buen producto para los fanáticos de la serie. No sólo no me gustó, sino que me pareció realmente **aburrida y tonta y sin gracia.**

**El arte apesta.** Honestamente, **yo realizo dibujos más lindos y creativos que los que verán aquí.** No supieron adaptar el libro a una novela gráfica, ya que a) algunos detalles o se perdieron en la transición o simplemente fueron ignorados por los editores y los responsables de la novela (Jace y Alec usan vestimenta de Cazadores de Sombras al ir al Club Pandemonium. No se visten como simples mundanos), y b) **si leyese esta novela gráfica sin haber conocido previamente los libros de Cassandra, probablemente terminaría arrepentida por haber perdido mi tiempo con ella.**

Si te gusta lo que escribe Cassandra, eres fan de sus series o simplemente quieres empezar a leer novelas

gráficas, hay cientos de maneras diferentes en las cuales gastar tu dinero y perder tu tiempo.

### **Wendy says**

Here I was all angry that the COB graphic novel was only going to be a digital release, that is until I came across this: <http://books.simonandschuster.com/Cit...>

Looks like it'll be published by S&S in hardcover/paperback format next year. It seems they are aiming to release it around the same time the movie is set to hit theatres (August 2013). Good news for me considering I LOVE graphic novels and equally adore The Mortal Instruments series =D

### **Charlotte says**

Two things to say:

1. What is with this trend of making graphic novels out of books that just really need to be left alone to fester. (Not saying that about TMI. /COUGH/hushhushtwilight/COUGH/)
  2. Who the hell are those people on the cover, because they certainly aren't my Clary and Jace. Honestly, they look like Steve Irwin and whatever the heck his wife is named.

### **Joy (Cheery?Reads) says**

Love the series but am not a fan of the style of drawing.

---

### **Bella Grace says**

### **Dora says**

These graphic novels deserve 5 stars for the art alone. Love em so far.

### **Evelyn Swift (Featherbrained Books) says**

The artwork in this graphic novel is stunning! I really like the style and much like the movie/book it contains a bit of info-dumping. I wish they had adapted this for people who are already familiar with the story though and kept the plot moving.

Besides that, like most graphic novels this is short but it is kind of ridiculously short considering it is a continuous story from one novel. For example The Walking Dead Vol. 1 "Days Gone Bye" is 144 pages. Yes, you can buy it per "episode" which is six separate comics, each about 23-25 pages, much like this graphic novel, but the entire Vol 1 is all together in one book and 144 pages. Not sure why Cassandra Clare didn't do this same thing. They are just too short.

### **Jhonny Garcia says**

After witnessing a murder, committed by three teenagers with strange markings and strange weapons, Clary Fray is baffled by what she had just seen. Was the victim a boy? Were these people even real? She tries to report it, but seems to be the only one who can see these teenagers. Clary had finally had her first encounter with the Shadowhunters, warriors designated to rid the world of freely roaming demons. One of them is Jace, whom she will be pulled into a journey of vengeance with. Within only 24 hours, their journey begins when Clary herself is attacked by a demon and when her mother is abducted by the demons. Who could the Fray be? why would demons have quarrels with ordinary humans like Clary and her Mother? Clary nor the Shadowhunters know the answer to that. But they will soon find out along their thrilling journey to save Clary's mother and to get personal vengeance.

### **Anita says**

I doubt that anyone on GoodReads actually cares about *my* opinion but the Internet allows me to write something anyway.

I don't know if I want to read this book. In some ways it would be cool, but under the same ideology (right word?) as the movie, I don't want to have my "image" of Clary and Jace (and all the others) ruined. I want to see them how I see them. Yet I cannot help but be curious about how this will turn out. I mean, it might even be (God forbid I say this) *good*.

---

### **Nay Denise says**

I liked the artwork in this graphic novel. This is my first graphic novel ever so I was pretty impressed. Compared to the movie and the book it definitely does get straight to the point with the important scenes.

Not much else to say, but great work :)

---

### **Martin Pingree says**

This was a very good read. Very entertaining with a different take on supernatural season. I highly recommend it.

---

**Sophie Riggsby / allthingsequilateral says**

I finally took the time to read this and my review? It was just okay. The illustrations worked, but the story felt really condensed. And some of the demons were, well, not exactly what I pictured when I read it.

---

**Lex says**

WHAT?! That's it?! Only 20 something pages?! And it stopped in the scene where there's an attack in Clary's house. WTF. >:(

Too short! Will there be a next volume or something? I wonder. Sigh.

**Whitney says**

**ISSUE ONE:** /happy sigh. I love the art in this. <3 First issue was awesome!~

**ISSUE TWO:** Ughhhh. <3 I can't stand the one month wait for this...JUST RELEASE THE WHOLE GRAPHIC NOVEL JEEZ. I continue to love the art and how hot Jace is in this. <3
