Coco: A Story about Music, Shoes, and Family Diana López

Inspired by Pixar Animation Studios' latest film, *Coco*, this middle grade novel will retell the story of the film, as well as feature original content expanding upon its rich, vibrant world and characters.

Disney*Pixar's *Coco* is the celebration of a lifetime, where the discovery of a generations-old mystery leads to a most extraordinary and surprising family reunion. Directed by Lee Unkrich (*Toy Story 3*) and produced by Darla K. Anderson (*Toy Story 3*), Disney*Pixar's *Coco* opens in U.S. theaters November 22, 2017.

Sam says

An easy read for an older demographic, but still enjoyable. It adds more to the story with Coco's past and a few new scenes. A little put off by the present tense narration, but it was easy to overlook and I'm still glad I read it.

Katka Olajcová says

Znova som porušila svoje pravidlo o čítaní kníh v poradí, v akom som ich dostala (ale to len preto, lebo toto chcem sestre preložiť a dať jej to v máji k meninám), ale neľutujem to.

Videla som film. Prakticky som preplakala posledných 20 minút a potom som ďalších 20 minút po skončení plakala ďalej.

Táto knižka je dokonalá. Je presne ako film a ešte lepšie, pretože ukazuje aj veci, ktoré sa na filmové plátno nezmestili. Ako Coco rada tancovala, ako stretla Julia (vzhľad Coco-Julio je daťo, pre ňo žijem!), čo robila Imelda, keď zomrela, ako sa narodil Miguel, ako celá rodina hľadala Miguela vo Svete mŕtvych... Bolo to presne úžasné! A presne ako vo filme aj tu som na konci plakala, lebo (a neviem, ako sa to autorke podarilo) to bolo ešte dojemnejšie!

Laurie Oetzel says

This book was incredible!

I was thrilled to see a Coco back story with multiple point of views! I finished this book in two nights because of how the fantasy of the story came to connect with my own life. I highly recommend this title to anyone that likes upsetting stories. Thank you!

Braulio SolHer says

Me ha encantado este libro, si bien es la película hecha un libro la edición es muy bonita, con sus páginas a color y sobre todo con escenas extras que en la película nunca vemos.

Eso ayuda a entender un poco más la manera de ser de algunos personajes, me ha entretenido y lo he disfrutado mucho... Te hace sentir lo que cada vez que veo la película siento.

Stephanie says

I LOVE this story. I watched the movie a dozen times at least, before I heard about the book. I wanted to read the book because it has a bit of backstory of Coco's life as a young woman. The backstory was great. I

think this would have been better if I had not seen the movie quite so many times. Most of it is word-for-word like the movie, and as I read I was playing the movie back in my head, complete with score. But then every time something in part of Miguel's story arc was different, with an action being described or a character's speech slightly different, it brought me out of the story.

Eli says

“No amount of stuff can equal a loved one’s memory”

Storm Arashi says

Honestly, best novelization Disney/Pixar has released so far for one of their films. This one was on a more advanced level (being middle grade) and provided some extra scenes and characterization for other members of the cast that we did not get. Some scenes were altered to lengthen them and provide new gags, others were added.

Honestly it was very enjoyable to see the author take such liberties such as doing some chapters in the past showing how the family was in the past and showing how certain characters got to be the way they were.

Well done.

Holly says

I watched the movie Coco recently so when I saw that there was a book about Coco I decided to pick it up. I enjoyed the book and the movie a lot. This would be a great book to read for a bedtime story for little kids especially those who enjoyed the movie Coco. There are a few scenes in the book that weren't in the movie that added more of a back story to the story that I enjoyed.

Mary says

Inspired by the movie Coco, López has written a heartfelt adaptation that adds much to the story's bittersweet mystery and romance. The hardback book is physically beautiful with papel picado illustrations at the beginning of each chapter and marigold and navy borders to separate the lands of the living and the dead. This can be enjoyed independently from the movie. Readers will appreciate the family tree, but don't look at the chart at the back unless you know how the book ends! A lively middle grade novel with a great message about family.

Elizabeth says

This novelization of Pixar's Coco is meant for a middle grade reading level, so it goes a little more in depth

into the backstory than the movie does, and is well worth picking up for that reason alone! (I still cried at the end.)

Carrie says

Can't wait to see the movie. The premise is so creative, the characters are so alive, and the visual will surely be stunning- this is one title where I feel the movie will be just as good as this awesome book. The Day of the Dead is such a special and beautiful celebration of those who have lived before us, and this story does a great job of explaining it to children and adults alike.

Mohamad Issa says

8/10

Writing 3.5/5, Story 4.5/5

Sharon says

I mean granted it's not written for me but I loved the movie and wanted to check out the book. The past scenes were super interesting as I am one always greedy for context and back story but the present ones not so much. But again, well out of my age range.

Mundie Moms & Mundie Kids says

A great novelization of the movie, Coco. This book is a richly detailed retelling of the movie (though the book was out before the movie was). I absolutely loved the movie, and what I liked about this book is that it's a great story that gives readers more insights about Miguel and his family, as well as more details into the celebration of The Day of the Dead. Which I loved getting to know more about both from this book and the movie. Like the movie, this book centers on family; what it means to be a family, the love and strength and support that comes from being a family, and more. It's a great read whether or not you've seen the movie, though I highly recommend seeing the movie!

Erika MonIba says

Me encanto, tiene detalles que no contiene en la película, me hizo enamorarme aun mas de los personajes. Totalmente recomendado si se quiere extender un poco mas la información de la película de Disney/Pixar
