### **Polarbear says**

I was not impressed with the Quality of the Printing, There are artifacts and blurring and Letters missing, as well the Binding is not a Durable enough for a life time of use, however I have managed to secure an Earlier Edition Complete and in Like New Condition. Will Update my List when they arrive.

### **Gavin Breeden says**

Obviously, I haven't read all of these. I've read bits and pieces throughout and Calvin's sharp exegesis is second to none. Calvin valued Clarity and Brevity and that is apparent throughout.

### **BRIAN POAD says**

Calvins commentary is very thorough. I like how he is very detailed, he doesn't go after fanciful interpretations but is very exegetical, he draws from the text instead of reading into it. Though I don't agree with all of his interpretations, such as his position on Hosea's marriage, he is a very honest commentator. I gave it five stars because he is very thorough, its historical value. Even the forewords before the commentary are full of valued instruction, so don't skip this part, overall this is a great investment!
