I've decided to read The Secrets of Droon series entirely for Christmas since i've been feeling a bit nostalgic. I want to be able to live a bit of the magic of being a kid and what better to help than this incredible series. I know that this series is for young kids but i feel it will still be great after all these years.  
A fantastically great adventure. It continues right after the events in the past book. The kids are split up and sent in time, Julie and Neal to the past and Eric And Keeah to the future. It is told from both points of view, the past and the future. We encounter many villains but also allies. This adventure is packed with action, twists, surprises, magic and friendship.
