Michael says

I prefer the TV show version of how he shot himself better. This does show a harsh upbringing for him.

Vikas says

This is a special set in Preacher universe and this tells us the story of another important character from the series 'Arseface'. We find out his abusive relationship with his dad and his life in school and his friend. And how he actually became Arseface. This was again a nice read and too true about dysfunctional homes. I love the Preacher series and can't wait to see it on the TV soon.

Oscar Leal says

3 Estrellas ? ? ?

One Shot escrito con la pluma de Garth Ennis. Huele a espíritu adolescente, nunca mejor antes dicho. Desentraña una historia previa antes de ser el personaje Caraculo que todos conocemos. Triste y desesperante cómo se las gastan en dicha obra, lleno de referencias a la cultura de la época. Sufrimiento juvenil. Bullying. Abuso paternal. Racismo. Alcohol . Drogas. Suicidios. Estrellas de rock. Perdedores y anhelos de pérdida de virginidad. Todo en 1 .

Entretenido pero no aporta mucho a lo que ya se sabía con anterioridad. Pasas un agradable momento degustando la pluma de éste magnífico autor. Se nota que es una publicación de tiraje único. En la saga original de Preacher, aporta bastante más éste maravilloso , vengativo y tonto personaje secundario que simboliza la juventud americana como nadie.

Fox says

The Story of You Know Who is the second in the Preacher specials. This one, as the title states, tells the story of how precisely Arseface came to become Arseface. The story was first told in *Gone to Texas* so it isn't as if any of the backstory comes as a surprise.. it's still just nice to see it all laid out, though.

Prior to becoming the character we all know and love, Sheriff Root's kid was what you would expect... a disaffected youth with a penchant for pot, grunge, and general teenaged idiocy. The artwork in this book was particularly good, and the character of Pube particularly well established. For all the complaints about Preacher being a bad influence, the moralizing in this was rather grand.

I would say that the best part in the whole bloody book here was the speech that Catherine gives him after the suicide attempt. Suicide, for the most part, is an incredibly selfish act. If you think that nobody cares about you, you're wrong. More often it's you who doesn't care, or think, about others.

Jedhua says

ABSOLUTE RATING: {**3+/5 stars**}

STANDARDIZED RATING: <**3/5 stars**>

Kandice says

Like all other installments in this series, Arseface's story hurts my heart. He's a super shit as a teen, but he has been made that way by his Gawd awful father and dishrag mother. I've mentioned this in reviews of other issues, but it hurts a heart to know there are really people like these in the world.
