Ride for Vengeance William W. Johnstone , J.A. Johnstone

Young Matt Bodine and Sam Two Wolves became blood brothers on the day the rancher's son saved the halfbreed's life, forging a bond no one could ever break. As years passed, a legend grew of the breed and the white man who rode together--and pulled iron faster than anyone in the West. . .

Having saved Sweet Apple, Texas, from disaster, Matt and Sam decide to stay and help the new marshal break in his spurs--not to mention squeeze in a well-deserved vacation with the help of the lovely, spirited daughters of two feuding cattlemen.

HornFan2 (Mike) says

This probably was the correction for the error of 100 pages missing from Book 11 in the series. At least Matt Bodine and Sam Two Wolves, aren't lost in this one, playing second fiddle like in the last book. If you never read a book written by the late William W. Johnstone you'll like and if you've read his work, you'll be disappointed.

Just feel that it would have been a better story, to have Hector double cross Alcazarrio, due to Marshall Standish's standing up for him, along with Matt and Sam ready to jump in if needed. After the gunfighter Cole Halliday shot up Hector's Sombrero. Letting them know Alcazarrio's plan, so when the Mexican bandito does show up in Sweet Apple, with his army. Matt, Sam, Seymore, along with people from the town, then the Colton and Paxton ranches wipe them out and end the book 75 to 100 pages sooner and avoid the "Ghost Writer" rushing to the last page, to end the story. Making it an unrealistic and unbelievable gunfight in Mexico.

Just how many times can Matt and Sam be creased by bullets? Feel bullets going by their heads or the heat from them? Or have bullet holes in shirt sleeves or fringes shot of jackets (Without hitting them?)

Typical of the Johnstone estate to just over repeat the same shit over and over and torment the reader with the repetitiveness of it. At least it's the not Mama said line they use in the Cotton Picken's series, but what do you expect from an estate that thinks two people being killed, along with a horse and to them that's a massacre.

Timothy Boyd says

Another good western series by Johnstone. This one follows the adventures of two brothers as they travel the old west. Recommended

Susan Robinson says

First one of blood brothers I've read. I like their interaction and will read more. Story was very good.

Brian Foster says

Great book with a nice flow to the story line. I like mixing in a good western every once in a while and this book didn't disappoint. I would definitely recommend it.

Chris Quinn says

Johnstone does it again

Johnstone does it again, drawing the reader into the thick of it again. Once you've read the first two chapters you won't put it down.

Randy says

William Johnstone died a few years ago. Different authors have been writing new novels with his characters ever since. I don't know them all, but I know who's writing the Blood Bond series. I've been asked not to reveal the name though.
