## **Romans 1-8: New Testament Commentary** John F. MacArthur Jr.

Romans speaks to Christians today just as powerfully as it did in the first century. It addresses moral, intellectual, social, and spiritual issues, but most importantly, it lays the theological foundation for the Christian faith: how God has made it possible through Christ for sinners to be made right before Him.

Join John MacArthur as he explains each verse in a way that is both doctrinally precise and intensely practical. Taking into account the cultural, theological, and Old Testament contexts of each passage, MacArthur tackles interpretive challenges and fairly evaluates differing views, giving the reader confidence in his conclusions.

The MacArthur New Testament Commentary series comes from the experience, wisdom, and insight of one of the most trusted ministry leaders and Bible scholars of our day. Each volume was written to be as comprehensive and accurate as possible, dealing thoroughly with every key phrase and word in the Scripture without being unnecessarily technical. This commentary will help to give a better, fuller, richer understanding of God's Word, while challenging the reader to a vibrant personal spiritual walk.

*A great resource for pastors, teachers, leaders, students, or anyone desiring to dig deeper into Scripture*

## **Bob says**

MacArthur is always very thorough in his coverage yet very readable. For someone looking for a solid commentary to understand how to interpret Scripture this, and especially Romans, one of the core books for a Christian, reading the commentary is invaluable.

Good.

## **Jonathan says**

One of the commentaries I had to buy for a class on Romans and Galatians. I was very disappointed because this is a devotional commentary and not a critical commentary in any sense of the word.

## **Marguerite Harrell says**

I got this so that I can study, digging, eating, and meditate on Romans as I am doing a Personal Bible Study. I had other MacArthur New Testament Commentary and is very pleased with them. I did order both Romans 1-8 and Romans 9-16 and looking forward to learn a lot from both of them. I will not speed through this. It will take a long time for me to study the Book of Romans. The first 4 days, I studied on Romans 1:1-7, The next 4 days, I studied on Romans 1:8-15. Yesterday, I started on Romans 1:16-17. I think that you get the idea what I am doing. Of course, I am also reading the Study Bible notes and The MacArthur New Testament Commentary to fully understand His Word.

8-12-2013, here I am and just finish reading this. I am now studying my Bible in Romans 8 and almost finish Romans 8. When I get to Romans 9, I will start using The MacArthur NT Commentary Romans 9-16.

I did find number of errors especially scripture references that can be fixed.

I have learned a lot from reading this commentary and looking forward to read his other commentary.

## **Sharon Barrow Wilfong says**

It took my husband and I nine months to complete this book and it's only the first eight chapters. I won't attempt to review it but will only say that it is the deepest, richest, detailed and penetrating Bible Study commentary that we have come across. That is subjective, I know, and only gives my opinion.

It is a dense work and you will only get through a few pages at a time if you want to adequately absorb all MarArthur has to say.

These studies are based on his sermons.
