***"Sexy Intro to Submission...hooked me right into the series."***

If you love hot, sexy, sophisticated, yet quirky professors, then this short story will surely awaken and titillate your senses.

***"Read this story it will make you laugh, and cum a lot!"*** - Donna Feibusch

**The Teach Me series is now complete! This is book 1.**

Short story light BDSM erotica: Approx. 13,000 words

*Lucy Montgomery has never met a line she wouldn't cross.*

Raised by activist parents, Lucy grew up challenging authority. Now 22, her wild behavior has nearly gotten her kicked out of college more than once. But she's determined to earn her Master's degree in Business and prove she can be practical, no matter how little it interests her.

*She's never known a man like him.*

But Lucy has a passion for books and can't resist the chance to audit sexy, single Professor Ryan Sherwood's popular literature course. And when the Professor reprimands her on the first day of class, she discovers she can't resist his authoritarian allure either.

Aroused by the hint of steel in Professor Sherwood's eyes, the subtle command in his voice, and the fetish magazines hidden in his desk, Lucy embarks on an exercise in her deepest, darkest desires with the masterful Professor as her willing teacher.

**Teach Me Something New contains elements of BDSM including spanking.**

## **From Reader Review Teach Me Something New, Part 1 for online ebook**

### **Fiction State Of Mind says**

Coyer Summer Bash

The first part of a series about a college teacher and his student. Their is a definite attraction between the two and they begin a game of domination. Just n ok story. i dont read a lot of erotica but this seemed very formulatic, nothing new or exciting.

---

### **Kit says**

#### **Eh**

There's a lot about this book that bothers. There's a flat attempt to explore the psychology of d/s but it honestly felt like an outsider writing some fantasy story without doing the research needed to give the subject matter the respect of accurate representation.

---

### **Cassandra Kutchara says**

No thanks.

I think I'm moving on from these kinds of books. It was raw and I probably would like it. I like Dom/Sub relationships and teacher/student flings too. So I thought this was going to be awesome.

I don't like how this was SO SHORT and nothing much happened. Then I'm suppose to pay 2.99 each for the next 10 books? No thanks!

Moving on....

---

### **Kim says**

#### **An ok read**

This felt seriously rushed. I enjoyed this read but would have appreciated a longer version. I liked the characters. Would have liked to enjoy it longer.

---

### **Lisa Aiello says**

BDSM by the numbers - I didn't find much of anything new or different with this short little story that separates it from the eleventy billion other tales out there. I think this genre is probably getting a bit stale for me - not the author's fault. So it's a me, not you thing perhaps.

---

### **Tabitha Schmer says**

This book was ok not great. Super short quick read.

---

### **M says**

#### **Naughty**

This book is border inappropriate it's about a college student obsessed with her professor. A relationship begins, spanking and discipline are a source of the relationship.

---

### **Brightdogpro says**

#### **A Satisfying Read**

A very steamy story. One of my first times reading a book of this genre. Very impressed, the other did not disappoint, she kept me aching for more. Definitely knows how to keep you on edge. Superb vocab!

---

### **Katie Long says**

Ok, gotta be honest here- spanking isn't really my kink. That said, I like reading about other peoples' kinks. And the overall writing on this one was fun and carried the theme of the kink through pretty convincingly. Lucy's sexuality was woven very tightly into the whole narrative- no plot/plot/spanky sex here, because the spanky sex IS the plot.

It was short, but I don't really mind that. Other peoples' kinks are more fun in small chunks. Not sure when I'll come back to read the rest of the series, but I'm sure I will at some point.

The sexy professor is vague, since this is definitely just an introduction, but his approach to his dom role is far more logical to me than the usual romance alpha males, even if it plays on some similar psychological tropes. I could read more of him. Also, except for a few of his kinks, he's my type of dom.

---

**Steelwhisper says**

Painted-by-numbers-erotica story. Unimaginative, unsexy, boring. Rote. Oh and on top of all that bad BDSM.

---

**elaine m. suda says****Learning To Obey**

Thank you for this titillating story about Lucy and Professor Sherwood. Part 1 certainly was a teaser. I enjoyed the storyline and the characters.

---

**One-Click says**

First in a series, or I'd call it a serial. Very short. One of those 'throbbing and wet within the first few pages just from his deep and commanding voice' books.

He's a spanker! She's his naughty student!

I'll read the next one cause it's 99 cents.

---

**Karen says**

I really liked the build up. I few hot scenes. and I am really curious about what her reward will be.

---

**Sharon Eikenberry-Deary says****How much to get his attention**

Miss Montgomery has always a handful and now she will know Prof Sherwood will not tolerate such disobedience. She will be punished

---

**Melissa says**

Teach Me Something New, Part 1 by author Summer Olsen was just an o.k. Amazon freebie download.

Nothing really grabbed me, though it was naughty. Entirely too short, but was forewarned. I like trilogies and such, however I'm not a fan girl of "parts." I may pick up this author in the future, may not. On the line.
