Dorel says

I like Cheris Hodges books. The only thing I liked about this is the hot & steamy scenes. This book's story line & characters didn't hold my interest.

Toni says

Fantastic read! MJ has trust issues, but Jamal is the man who can earn her trust. She's the woman who makes him want to forget his playboy ways.

W. Johnson says

Good Reading

The story of 2 friends finding their way to love was fun to read. Keep up the good work Cheris Hodges.

Marilyn Diamond says

Loved this story line and it held my interest from the beginning to the end. Didn't expect a long lost love to interfere with the story line. But it was a great romance.

Shaquida Booker says

Loved it!

Loves me a love love book with a side a mystery! That's exactly what this was! A it also have plenty of humor also!

Celeste says

Love is worth the risk

Michael and Jamal shows us what it means to look beyond the exterior and look at the heart. Though complications arise, through mistrust and misunderstandings Michael and Jamal are challenged to see if their relationship will last. With support of MiMi and Brent, you'll be pleasantly surprised at how the couple press forward after challenges arise.

When Will People Learn

Enjoyed reading, although it was a bit drawn out. People never learn or is it our nature. This back and forth knowing that there was someone in their midsts that could not be trusted. You know who if you have read the book!
