AN UNSPOKEN LOVE BETWEEN TWO PEOPLE WHO WOULD DO ANYTHING FOR EACH OTHER, BUT WON'T ADMIT IT.

Things are not looking good for Samantha Fox and her 'partner', the gorgeous former playboy, Brian Morton. Their new gym is not attracting customers, thanks to a crushing campaign from a rival gym. Having sunk all his money into Sam's dream, Brian is almost destitute.

To top it off, Brian's rape trial is coming up. Believing that he was set up, Sam is determined to expose the truth. She secretly engineers a series of events to befriend Delilah Faulkner, the woman who accused Brian of raping her.

But things do not go as planned. Sam finds herself in more trouble than she has bargained for. Can Brian uncover the truth in time and save Sam from herself?

WRITING THE REVIEW OF ALL THE 4 BOOKS OF THIS SERIES TOGETHER...

Nice story... with all those suspense , love scenes, , fights, sarcastic comments(Specially Brian's), characters...

Brian was a man whore , seriously, what he did to Adie was rotten but what she did to him by accusing him falsely of raping her n then molesting him day after day by holding Sam as wedge, was more rotten than what he did to her all those years ago....

I felt rage n pity on Adie... she's obsessed abt Brian ...

what Brian did to her in college was not fair, but what she did to him was equally n more unfair...

But I guess Brian that shock, otherwise he wouldn't have realized his true feeling towards Sam and his philandering days wouldn't have come to an end...

I mean relationship with thousands of willing women over the years, is something else...

But as its always been said , Alls well that ends well....

Brian n Sammy deserved the Happily ever After...

which they got in the end...

And the most lovely part about this story , was that both the lead characters were willing to do anything for their love....

which is really gr8...

## Aman says

This is for the whole series.

I didn't think I would've liked it as much as I did. I was not expecting some of the twists and turns. I absolutely loved Sam. She is such a strong character. Their relationship was unnamed which I thought was necessary. Especially considering how Brian was. I loathed Delilah/Alia. How a woman could cry rape is something that I could never understand or forgive. I hope the skank rots in jail.

Review for all 4 books in the series\*\*\*

I see a lot of negative posting about this book itself... (Book 1) Yes it ended oddly and I wanted there to be more, in fact I thought I skipped some pages on my kindle app so I searched for more.. I didn't skip any which made me search for a sequel... Read all 4 books in one day. The story is great but the way it is played out in 4 books is not appealing. This is my first series by this author. I would rather not see it played out in 4 short books but whatever works I guess. 4 stars as a combined for all books. I love a self confessed man whore who falls for that one girl and everybody is pissed about it! I'd like to see more of this couple and Cassie and Caleb.
