The Saturday Evening Pearls: A Pearls Before Swine Collection Stephan Pastis

"There's an artful, edgy rebellion being waged in the funny pages, and one of its brightest revolutionaries is Stephan Pastis." --*Fort Worth Star-Telegram*

"The cartoon *Pearls Before Swine* is written by a psychopath." --reader complaint, *Wichita Eagle*

This collection of *Pearls Before Swine* makes a happy return to home and hearth as only these scamps can. An iconic portrait that captures the essence of modern life, *Pearls Before Swine* is a heartwarming American original.

A gifted storyteller with a sick sense of humor, Stephan Pastis is rapidly becoming a master of the cartoon art form. His pearls of wisdom are sly and subversive, smart and shocking. And incredibly funny.

It's a jungle out there. The only way to survive is with friends, a thick skin, and, a good dose of cynicism.

* A sense of humor, along with a little animal instinct, is just what *The Saturday Evening Pearls* offers.

* *Pearls Before Swine* was named Best Comic Strip in 2004, and again in 2007 by the National Cartoonists Society.

One of the best ways to get a good chuckle.

Matti Karjalainen says

Rotta perustaa tabloid-lehden ja ryhtyy Ego-Maniksi, ainoastaan omaa etuaan ajavaksi supersankariksi. Vuohi vierailee sukulaistensa luona ja aivot saavat tarpeekseen Possusta. Krokotiilien pyrkimykset syödä Seepra eivät edelleenkään tuota tulosta (paitsi ehkä pienessä ja julmassa joulutarinassa, joka saa sarjakuvan hahmotkin paheksumaan piirtäjää), mutta kuinka käy kahden naapurustoon muuttavan sinkkuleijonan? "The Saturday Evening Pearls" -kokoelman perusteella olen entistä vakuuttuneempi siitä, että häijynhauska "Helmiä sioille" on tällä hetkellä maailman paras strippisarjakuva.

I feel very sorry for anyone who has been denied the pleasure of reading this comic strip. Hilarious!

Duane says

This strip is an entertaining read because it makes fun of so many different things. From human nature, politics, money to who knows what else, everything gets panned and it makes for laugh out loud humor. A great book to read when you need a laugh.

This was the first time for me to read the strips by Pastis - clever and hilarious ideas :) I loved the Ego-Man and Danny Donkey best.

Pearls Before Swine is hilarious! This compilation kept me laughing out loud especially when Rat and Pig bantered back and forth. This is one of my all time favorite cartoons! Highly recommend this book if you need a good belly laugh..

I'm ashamed to admit that I hardly read the newspaper, not that there is much I would be missing that I do not read up on elsewhere. That said, the one thing I might be missing out on is that of serial comic strips like, Pearls Before Swine, which is hilarious. It does everything humorous comic strips always have yet pushes the boundaries by being self-reflexive and poking fun at and referencing other comic strips. The cast of characters are familiar enough yet unassumingly different that gives the strip a certain freshness. The humor is irreverent and never stale and Pastis' writing is quickly engaging.

Cheers.

This one ended up becoming quite a tedious read. But I was determined to finish it. And so I did.
