**Your Spouse, My Sponsor** Pebbles Starr

LOOSELY BASED ON TRUE EVENTS

Kirby Caldwell never anticipated on falling in the hands of the sexy, rich and authoratitive Castle Black. Nineteen years her senior, the powerful drug lord stakes his claim the moment he lays eyes on her. Nothing will stop him from courting Kirby--not even his wife or nephew, Grip who ironically shares a past and burning desire for his new love interest. When skeletons begin tumbling out of the closet and buried secrets are revealed, who will triumph and who will end up broken-hearted in the end?

## **Vermille Crumpton says**

**Karma is a b\*\*\*\*\***

Smh this book was hot off the press!! Can't believe all the lies disloyalty betrayal & secrets that was unfolded....Castle was a nasty mean cruel man he has no filter...it was ok for him to be doggish but his women couldn't they had to be faithful to a nobody ugggh! He deserved everything he had coming to him...Now I can't believe how gullible Kirby was but then again she was a youngin lol..I can go on and on about this book but I can't be a spoiler...this book deserves triple stars this author is an awesome writer..I've enjoyed reading this book & I highly recommend it..Once again awesome job Pebbles Starr

---

## **Sharon says**

Pretty fast read. Come into the world of greed, deception, love triangles and the hood. It's so much going on in this story I could not quite give it 4 stars but nonetheless a pretty good read

---

## **Yolanda Knight- Palmer says**

### **Blinded By Money**

This was a fast paced story, Kirby was a young girl that got caught up in the fast life of the streets and money, coming from a slow life in Philly she meets a older guy that she thinks can solve all her problems. I gave the story 4 Stars because the story line was too predictable. Not a bad read can't wait for pt.2

---

## **M4queen says**

### **Wow what a crazy read**

Castle was such a sneaky weasel. I really don't understand how Femi lasted with him as long as she did. I really can't understand Kirby's obsession with him. Especially considering the fact that she reconnected with Grip. He was everything she needed and was definitely interested. She just became such a hot mess it's a shame. McKenzie was horrible. She was just an epic failure any way you look at it. Need that next book asap. I just know that there is about to be some curve balls thrown in there. I know good and well that not everyone that was shot at died. Come on with it now.

## **Jeanida Luckie-Weatherall says**

OMG!!!! When I saw Pebbles had another book out, I knew I was getting a Great 5\*\*\*\*\*Read and she didn't

disappoint at all. Once, I started I couldn't stop and definitely couldn't put this book down, total page-tuner and when I finished I was left wanting MORE. Pebbles, had my attention from page one and kept drawing me further with so many twist, turns and drama on top of drama. Can't wait to see what unfolds with these characters in PT.2 I know it's gonna be a BANG. Kudos to you Pebbles Starr.

---

### **Francesca Reid says**

So much took place in this story, I'm shocked to see there will be a part II. The characters and events in *Your Spouse, My Sponsor*, will have the reader upset, in a good way. Not only is infidelity an issue, but betrayal, abuse, death, and karma all take place within these pages. I was on the edge of my seat while reading the last chapters. Karma is a b\*tch and I can't wait to see what happens next. I'm confident this author will deliver another fast paced, page turner.

---

### **Jamal Lewis says**

First, I have to note that I am a book snob. Typical covers and typical themes outlined in a book's synopsis aren't usually attractive to me, but after reading so many reviews for this book, I had to give it a try. I mean, here you have an "urban/street" fiction book with the cover as a dead giveaway. Between the "Publisher Presents" tag, fast car, and the sultry couple—readers pretty much know what they're in for. Mayhem, drama, suspense.

*Your Spouse My Sponsor* was a nice and neat urban fiction. What struck me as authentic and maybe one of the best advertising warnings that I've seen with a book was on the book's Amazon page was the heading: Loosely Based On True Events. What I liked about the book was that unlike most urban fiction it was free of many grammatical errors, but filled with sex, violence, betrayal, and drama. Kirby's storyline bothered me in so many ways. No spoilers here, but to betray your mother for a man is simply unacceptable. I tried to like her, but that never happened. McKenzie needs a psychotherapist, and I didn't like her much either. Readers can follow Castle's nonsense and if his storyline is rooted in reality he is surely a loser.

Another thing that I like was the authentic dialogue amongst the characters. I am not a fan of the non-speaking dialogue tags, but other than that it was real. The author throws in a couple unexpected storylines and the twists are interesting, they're not irrelevant twists that are as unexpected as unnecessary. Again, I won't do spoilers, but there's a little meat to the plot. It's not *The Help* deep by any means, but it's not completely shoot 'em up, bang bang either.

Overall, a must-read if you like urban/street fiction.

### **Kitani says**

**Wow!!!**

I was mad at how gullible Kirby truly was when it came to Castle. He may have come through and helped her and her mom out of their situation but he was doing it all for the wrong reasons. Castle just worked every nerve I have. He thought he was God's gift to women and they were suppose to put up with everything. Femi

was too crazy for putting up with all that she did. No amount of years should cause one to sacrifice their happiness and that's exactly what she allowed to happen. Monica's attitude didn't fool me at all so I wasn't even surprised about her. I loved Grip the most because he was the only one that actually cared and didn't have any hidden motives. McKenzie let jealousy cause her to betray her best friend and knowing she didn't care as much for Aviance as she led on shouldn't have been a surprise but it was. The twist with whose child belonged to who was a surprise. That had me questioning why Femi went along with what she helped with. The ending got me not liking Kaleb too much since Grip is the one that was looking out for and trying to help Kirby. His plan was almost fool proof but things have definitely heated up. If there is a part 2 I just hope everything is alright with Grip and Kirby doesn't resort back to feeling alone.

#### **Unexpected**

Great read. First time reading a book by this author but it was worth it. Couldn't put the book down and now I can't wait for part two. But I'm curious how part 2 will play out since so many characters will not exist

---

### **April says**

WOW!!!! This book had so many twists and turns I just couldn't put it down...smh I have never disliked a character as much but Castle was a piece of work and he truly got what he deserved!! Even tho there was a lot of characters in this book it was easy to keep up and so hard to put down...Ooh I said that already lol There was so many times I wanted to reach the book and just smack the life out of Kirby but I was team Grip all the way and pray that he's okay!!!! McKezie is such a snake and I wish so many things on her...smh Well on to book two to see how the story continues to unfold ...By the way this is my first time with this Author and want be my last!!!! Happy Friday everyone and Happy reading plus have a Awesome weekend

---

### **Denetta Banks says**

Oh so good. More than expected. The title didn't tell it all. To say a job well done just isn't enough. A great read that will have you all caught up. I started reading this book and couldn't put it down until I was done. A still want more. The author does a wonderful job keeping you reading with great twist, turns and surprises. A must read !!! Can not wait for the next part.

---

### **Carolyn King says**

#### **Good Book**

Castle was a dog. I am glad he got what he deserved. Kirby was too young to mess with that grown man. I like her and Grip together. Mackenzie needs to get what's coming to her for treating Kirby like she did. She was so jealous of her. Can't wait to read pt 2.

---

## **Monique Spicer says**

### **How dumb can one be???**

The author touched on how dumb, greedy and reckless people can be. Kirby was just poor silly girl who fell in love with a selfish asshole. Castle was just insane and I don't mean that in a good way. This story had so many twists and turns until it was crazy. I hope McKenzie get hers I can't wait for part 2.

---

## **Althea Barrett says**

### **Refreshing**

My first time reading a book by this author but so pleased I choose her book.  
Great relief to read a book with a plot and a storyline without all this extreme sex scenes on every other page.  
It was also edited properly ,spelling and grammar all correct.  
I am really tired of reading and coming across so many misspellings and errors in some of these urban books.  
I hope McKenzie switch places with Kirby brother (in a prison cell), Grip pulls through and get to Kirby before she relapses.  
Anxiously awaiting part 2

Review:

"Your Sponsor, My Sponsor" by Pebbles Starr

My Thoughts....

My,my, my,my my! What a read that will keep your attention as you will be kept turning the pages and will be wanting more and in the end left saying my, my what a read. There will be so much going on in this story that you will have to kept up with it all from the drama, drama, drama and the twist and turns all giving the reader a good read. There will be some characters[Castle, McKenzie] in this story that are down right ...well, you will just have to pick his one up and see for yourself how well this author brings out this well written story that in the end you will be wanting the next part of the story. Well done to the author!
