Nickolai says

Authors tried to take classical story of Faust and Mephistopheles and tell it in modern setting trying to merge it with MMO-gaming/gaming subculture. They ultimately failed. Looks like some parent tries to accustom himself to his child slang, to look "cool". After great "Vita Nostra" - both books are in the same book series - I don't know what to say.

Anoush says

While reading about "Vita Nostra" to completely understand the ending of the book, I came across a couple of idiots who, in their comments, gave away the ending of this book and, naturally, I completely lost interest in reading it. People should really think about what they post, or warn that there will be spoilers ahead.

Diana Alksne says

It was hard to decide whether to rate it 3 or 4 stars, but if the target audience is supposed to be teenagers, then it deserves at least 4. It read more like a teen thriller and was less philosophical and ethereal than "Vita Nostra", but I did find it fascinating and very entertaining.
