## From Reader Review Deal with a Dhemon for online ebook

### **Rachel says**

I liked this one, even though he was a dick at first. I had a different view of how this would take place, but I liked it. I liked the victorian aspect of it, although it was a little weird. I wouldn't call it a favorite, but it was enjoyable and could read it again in the future.

---

### **Ladymcbeth says**

good book but the heroin who was a virgin and not interested in sex give up very quickly her good resolutions, and fall for the guy ... the dhemon !

But in 80 pages... ok

---

### **Carolyn F. says**

Samantha helped out in book #1 and now has a contract on her life. She's sent to the Dhemon world through one of their ships. Kassill is the captain of that ship. They get to know each other and you know where that leads. Good book. A little short, but enjoyable. In fact, I'm going to list it as a short story since it was only 86 pages. I'm going to read the rest of the series.

---

### **Nenya says**

The ending was too abrupt (even for a steamy novella type whatever this is). But, I liked the world building/background about Enjel and Dhemon races on primitive Earth. That was interesting.

4.5 stars.

---

### **Celia says**

Story?

All of Viola Grace's stories are fun! Always something new, interesting... and sci-fi (hell yea)! There is smut... buuuut it's nice and not overdone (but it IS hot!)

Characters?

I pretty much LIKE our leads in all the author's stories :)

So it's not bad - I swear!

Then why did I rate it 2 stars!? Because it's a VERY SHORT short-story.

I feel a positive it-was-quite-okay sensation than an actual "I liked it(3 stars)!"

---

### **Hayat says**

I've read a few of Viola Grace's short alien romance stories and I found them to be different, full of variety of alien worlds and cultures but this one was a bit bland with the typical alpha male/easily dominated female formula.

---

### **Gena says**

DNF. Hmm, I shouldn't have even started to read it. I didn't like the plot outline and the actual book was worse. A stereotypical gal and an alpha male that I disliked intensely ie in his mind the gal had no choice, he starts off thinking the worst of her and it's all downhill from there. I don't recommend this one.

---

### **Coyora Dokusho says**

I liked it better! Because it had the love interest's point-of-view as well. Also... typos and too simple, but don't mind reading it.
