## **AlligatorSmith loves to read says**

Ok set of mostly MC stories. Many of these stories were first sold as small parts of the full story with cliffhangers, so the best thing about this anthology is that readers aren't spending more money than the stories are really worth.

Many of the novels were excellent. The short stories needed not to them but we're good too.

## **Kaila says**

I really enjoyed this box set. Most the stories held my interest and the characters kept my attention through

the entire story. I loved how sexy the bikers were.. the men and the women.. loved the conflicts they had... loved how deeply they fell in love. i enjoyed that it wasn't just "fall in love.. no issues.. happy". very good set
