Everything's Coming Up Aces Jason Krumbine

“Everything is funny as long as it is happening to somebody else.”

~ Will Rogers

Marko the Magnificent is one of the greatest magicians Las Vegas has seen in the last fifteen years. And now, in the theater of Millennium Hotel and Casino, he's performed his greatest trick ever:

Marko the Magnificent has disappeared.

And not a single, solitary person knows where he went.

(And, yes, they checked the trap doors under the stage first.)

Since Alex and his crew have so much time on their hands, what with all the people that keep dying at the Millennium, naturally they've taken on this case as well. And where it leads them? Well, *that* may be Marko's greatest trick.

This is Book 2 in Alex Cherdon Volume 3.
