Forced Series Box Set Celia Aaron

Books 1-5 of the forced submission erotica series.

Forced by the Kingpin
Forced Series, Book 1

I've been on the trail of the local mob kingpin for months. I know his haunts, habits, and vices. The only thing I didn't know was how obsessed he was with me. Now, caught in his trap, I'm about to find out how far he and his local cop-on-the-take will go to keep me silent.

Forced by the Professor
Forced Series, Book 2

I've been in Professor Stevens' class for a semester. He's brilliant, severe, and hot as hell. I haven't been particularly attentive, prepared, or timely, but he hasn't said anything to me about it. I figure he must not mind and intends to let me slide. At least I thought that was the case until he told me to stay after class today. Maybe he'll let me off with a warning?

Forced by the Hitmen
Forced Series, Book 3

I stayed out of my father's business. His dirty money never mattered to me, so long as my trust fund was full of it. But now I've been kidnapped by his enemies and stuffed in a bag. The rough men who took me have promised to hurt me if I make a sound or try to run. I know, deep down, they are going to hurt me no matter what I do. Now I'm cuffed to their bed. Will I ever see the light of day again?

Forced by the Stepbrother
Forced Series, Book 4

Dancing for strange men was the biggest turn on I'd ever known. Until I met him. He was able to control me, make me hot, make me need him, with nothing more than a look. But he was a fantasy. Just another client who worked me up and paid my bills. Until he found me, the real me. Now, he's backed me into a corner. His threats and promises, darkly whispered in tones of sex and violence, have bound me surer than the cruellest ropes. At first I was unsure, but now I know – him being my stepbrother is the least of my worries.

Forced by the Quarterback
Forced Series, Book 5

For three years, I'd lusted after Jericho, my brother's best friend and quarterback of our college football team. He's never paid me any attention, considering me nothing more than a little sister he never had. Now, I'm starting freshman year and I'm sharing a suite with my brother. Jericho is over all the time, but he'll never see me as anything other than the shy girl he met three years ago. But that's not who I am. Not really. To get over Jericho – and to finally get off – I've arranged a meeting with HardcoreDom. If I can't have Jericho, I'll give myself to a man who will master me, force me, and dominate me the way I desperately need.

Sophia Triad says

There are five stories in the Box Sex and each one of them has an interesting plot in just a few pages.

1. Forced by the Kingpin: The local mob kingpin, the corrupted cop and the restless journalist.
2. Forced by the Professor: The married kinky professor and his rebellious student.
3. Forced by the Hitmen: The two mercenaries and the abducted innocent princess.
4. Forced by the Stepbrother: The stripteaser stepsister and her best customer.
5. Forced by the Quarterback: The quarterback and his best friend's little sister.

I liked some more than the others for personal reasons.

You may like them all, you may hate them all.

I think that if you like one of them, you will most probably like them all.

If you don't like one of them, you better stop reading because most probably you will not like any of them.

I have discovered Celia Aaron from Blackwood and the Acquisition series. If you have read only these books by this author, you need to realize that "Forced series" are completely different in subject matter and writing style. It kind of reminds me "Forced Submission" series by Alexa Riley (maybe the closest story is number 2 Taking What's Ours).

But "Forced series" have a more "adult" and "brutal" way of representing situations. Nobody is a virgin/innocent in these books. The stories are full of naughty characters –not necessarily bad/evil persons - who know what they want.

Timitra says

This boxed set is filled with some of the filthiest stories I've ever read. Saying I thoroughly enjoyed them might be a bit of an understatement as it doesn't fully encompass the pleasure I derived from reading them. They're not only smut filled but also have some plot that enhance the overall experience.

Charity says

This is a collection of 5 short stories in about 216 pages. It is basically book porn, down and dirty with little to no romance involved at all. There is a time and place for book porn so if that is what you are in the mood for then by all means, grab this up. It took me almost a month to finish this little anthology because I only read one story at a time, then read a book or two, then read another one from this set. Don't expect a story line worth mentioning, it's all about the sex, and sex that borders on noncon/taboo at that. So if that isn't your thing pass this by.

BEWARE !!!! These short stories of questionable consent are HOT and very enjoyable

Received from the author in exchange for an honest review via the BDSM Group on Goodreads

First i wanna say that i enjoyed those books so much they were certainly HOT and sexy but also short with out lacking, and i really wasn't expecting those twists

For the first book

Forced by the Kingpin

Forced Series, Book 1

I loved that one, it wasn't my favourite but i loved it and the twist really blow me off, since it is a short book, anything i say is ging to spoil it so I'm going to stick with the outline , its about a journalist chasing a crime boss and right at the beginning of the book she falls into a trap he prepared and it escalates from there.

The second one

Forced by the Professor

Forced Series, Book 2

Ok now this one is my favourite, it's really really HOT, it goes like that, a really hot college professor have had an eye all year for one of his students and when her behaviour really turns BAD he decide to give her a lesson.

The third one

Forced by the Hitmen

Forced Series, Book 3

This one might not be my favourite but it was certainly the hottest and the badassest unexpected twist of the five books.

It's about twohitmen who were contracted to kidnap a rich guy's daughter after he ran away with a lot of money that doesn't belong to him, after kidnapping the girl they decide to have fun with her till the guy comes in the morning to pick her up. And then the surprise.

Forced by the Stepbrother

Forced Series, Book 4

I didn't really like this one so I'm going to just say it wasn't for me.

Forced by the Quarterback

Forced Series, Book 5

I loved this book, my second favourite I would say. So after lustng onver her brother's best friend for years, Renna decides to findher hearts desire some wher else, Dom And sub chat rooms , looking for the perfect

dom for her and she finally invites him home after her brother leaves the house for a few days to attend a wedding, but she is in for a surprise.

Ana says

I'm not much of a MF reader, I generally prefer MM and that might interfere on my rating. That being said I really enjoyed the stories, at least most of them. I wasn't expecting linking it so much. Something that I noticed in all of them, was that the term "forced" might not be entirely true. It felt, at times, more like a roleplay. The twists that can be found in each story were a great touch. I also liked the alternating points of view.

Forced by the Kingpin This was a good introduction. It wasn't one of my favorites but it kept me hooked to the book. There are a few things I can say without giving some spoilers away, but it was a good one.

Forced by the Professor It was my least favorite, but it had a great moment, among them, a great spanking scene.

Forced by the Hitmen This one was one of my favorites, really good, I loved the female MC, she was the most entertaining and the plot was also the most intriguing. The turn of events was great.

Forced by the Stepbrother I liked it, but it was the story that I had more issues about. Mostly because I didn't like the female MC's attitude, it didn't seem realistic. It had great scenes but I felt particularly attracted by the plot and the ending just wasn't what I would expect.

Forced by the Quarterback It was nice, it didn't feel forced, it was more like roleplaying, which was ok, I liked this main character the most, this was the only male MC that I really care for. The ending felt a little rushed and I didn't like it that much, but I did enjoy the story.

Cyanure says

4??

Not everything is in the title. Forced, yes but never as it seems. A good surprise.

5+ Intelligently Arousing Stars

Forced Series Box Set has 5 extremely hot short novellas.

They were full of forbidden, kinky, dirty stories. BUT...They had more than that. Each story has their own twists. They were crafted beautifully and intelligently.

Celia Aaron managed to surprise me even with short stories.

These stories were more different than all I've read. These novellas have plot, twist and character improvement in a way.

All I can say is: Celia Aaron knows what she's doing.

1) Forced by the Kingpin

It's between Jessica, Jackson and Alexi. Jessica is a journalist who writes about the mobster in the city. And when she wrote something so close to the truth...Well, she needs some lessons from hot mobster Alexi and the police officer Jackson.

2) Forced by the Professor

Who can say no to the forbidden story between a teacher and a student?

Especially, if I assure you that it is HOT.

Ms. Finnegan is pushing all the wrong(or maybe right) buttons of Professor Stevens. And that brought us hot sex with a pleasurable twist ;)

3) Forced by the Hitmen

When you opened your eyes two men are waiting for you, kidnapping you. And with some luck, they give you the best sex ever! Umm...Should this be a bad situation?

This short story was my fav in all 5. Since I love them all, I think this must be something, right?

4) Forced by the Step-brother

Step-sibling relationship, some D/s actions, stripper, club...Do I need to say more?

It was hot and quick read. But I wanted more in this novella. Something was missing in this one. Maybe after reading all three stories with unexpected twists I was hoping more.

But surely, this one was very enjoyable.

5) Forced by the Quarterback

The best friend of the brother, secret fantasies and lots of lust...And a twist...

Celia Aaron found a way to put so many things in a short story and I loved her for it! This one was the last novella in the boxset and it was equally hot!

I didn't sleep till 4 am in the morning to finish this box set and it was worth it!

If you're after smartly created hot read go for it! This has five instead of one ;)

So perfect. Love the dirt.

This was perfectly filthy. It was beyond nasty but sweet. I love the tales of the way the story rounded out so well.

I liked the books they are short stories all stand alone they all have a twist in the plot and in all of them I couldn't have seen it coming at all.

They are short but they give the reader enough time to enjoy the raunchy plots.

I don't normally read short stories as sometimes you go away feeling like you have missed something but the writer has given just enough in each story and made a really good twist in each that i didn't feel like hollow after.

I won't go to much into detail about the plot of each book as because they are short it would spoil it for the reader

For the first book

Forced by the Kingpin

Forced Series, Book 1

This is about a crime boss who because a journalist has been chasing after him he sets a trap for her to punish her for writing news pieces about him.

The second one

Forced by the Professor

Forced Series, Book 2

This one is about a professor who has a student in his class which is always late and in his mind doesn't take

his class seriously so the professor goes out to teach the student a lesson. I enjoyed this book and found it to be very sexy.

The third one

Forced by the Hitmen

Forced Series, Book 3

For me this is my favorite in the series I really loved it and the twist at the end oh WOW i was not expecting it at all.

It's about a girl who gets kidnapped by 2 hitmen because her father ran away with lots of money. Once they see the girl they decide before finishing the job they can have a night of fun with her.

Forced by the Stepbrother

Forced Series, Book 4

I like this one it wasn't bad but I didn't love it.

This one is about a girl who works in a pole dancing club while putting herself through college she has a client that she sees weekly who she has a crush on her but she knows nothing can ever happen. One night she gets a call from her mum when she on the way back to see her that she has got married and will be leaving to go on honeymoon. But her stepbrother will be home. So she goes home to meet her new step brother.

Forced by the Quarterback

Forced Series, Book 5

I loved this book it would be my second favorite out of the 5.

Renna has had a crush on her brother's best friend for a long time. One day because she knows she can't have her heart's desire. She makes a choice to go on a Dom sub chat room to look for a Dom. She meets someone online and decides to invite him to her house.

This is an entertaining set of short stories filled with questionable relationships and despicable actions. If you like the sound of that then pick up this box set by the talented Celia Aaron.

3 stars

While Celia Aaron does have wonderful potential there are a few hurdles to get through with this set of stories. First is her overuse of the words; spend, knee walk/ed, and lashing. Second is her insistence on starting every sentence with; I, he, I, she, I, etc, et el. And last but most certainly not least is the constant repetitive explanations and descriptions of every minor detail.

On a positive note, they got much better as the stories progressed, to the point where I wasn't having to actively force myself to read every word.

Forced by the Kingpin ***

MMF. I had the hardest time with this story as the above points were in full force and I just wanted to slap her editor. Repeatedly. And often.

The story was ok, with the dialog incredibly forced and stilted, and weak sexual shenanigans.

Forced by the Professor ***

MF/FF/MFF. The story was a nice twist on the age-old professor/student line with some hot and kinky action. And while the dialog and narrative are annoying, Ms. Aaron's writing ability started to really show thru making a story that was fun to read.

Forced by the Hitmen ***

MMF. This was a fun story with lots of good hard sex from two not so good hard men and a nice twist at the end. Unfortunately, it does need editing in a few spots, however, that didn't detract from the enjoyment of Ms. Aaron's writing.

Forced by the Stepbrother ***

MF. This is a nice hot story with lots of kinky sex, low-level annoyance from the above points and a solid ending. I wouldn't mind reading more of Gray and Sadie's adventures.

Forced by the Quarterback ***

MF. The best in the bunch as far as story and writing are concerned. With lots of wonderful kinky sex from Jericho and Renna and some nice tension from the secondary character. AND I love a story that gets me all wet and bothered.

My Rating System:

* couldn't finish, ** wouldn't recommend, *** would recommend, **** would read again, ***** have read again.

Crystal Sams says

Let's be honest, the first 3 books (Kingpin, Professor and Hitmen) were like B Porn. They each started out right before the main sex scene with an already established backstory that we kind of blazed right through and got down to the dirty. The content and story didn't bother me, I just wish I'd have known that bit going in. The last 2 books (Stepbrother and Quarterback) were a little longer and had a little bit more depth to them. I enjoyed those 2 more, and actually wish they were even longer. I find that I'm curious to know how things ended up with those last 2 couples.

Erica says

So I had thought this was a full-length story, but it's actually 5 short stories. I read one and was left feeling underwhelmed.

Angela says

Hot sexy read of short stories that are border line taboo.
