**Hannah's Dream** Linda Ford

**From a fan favorite author with more than one million books sold, a heartwarming inspirational romance set in beautiful Wild Rose Country:**

Independent Hannah Williams left behind her controlling stepfather to make her own way. She can't imagine giving up her identity to "belong" to someone else and is determined to make a success of the hotel her late grandparents left her. She's got no time and even less interest in romance.

After his father's death, Jake Sperling took over the family ranch and everything that goes along with it. Right away, he's charmed by Hannah. He can't understand why she doesn't want his help. He's used to taking care of his family and the spread, too. Why can't Hannah let him take care of her?

A woman who is determined to be free and make her own choices. A man who is determined to care for every detail in her life. Will God make this match work?

**Loved it!**

The storyline is sweet and full of faith. I love the scriptures incorporated into the story. The strength of the characters and their faith in God made the story special.

**Great book**

I love the story line of discovering how God brings things clear to them. Didn't want to put it down.

**Read WRCB 1and 2**

And getting ready to read book 3 in series. Ms. Ford is an amazing author. Just enough personality for each character, so far conflict is realistic enough without over doing it (nothing more annoying than two people fighting almost the whole book and then proof love happened) and a perfect amount of scenery explanation to take you to a different place in time.

Lovely story!

This story told of how stubborn we can be and when to let go and let GOD loved it
