A F R A I D - A Novel of Terror

WELCOME TO SAFE HAVEN, POPULATION 907...

Nestled in the woods of Wisconsin, Safe Haven is miles from everything. With one road in and out, this is a town so peaceful it has never needed a full-time police force. Until now...

A helicopter has crashed on the outskirts of town and something terrible has been unleashed. A classified secret weapon programmed to kill anything that stands in its way. Now it's headed for the nearest lights to do what it does best. Isolate. Terrorize. Annihilate.

Soon all phone lines are dead and the road is blocked. Safe Haven's only chance for survival rests on the shoulders of an aging county sheriff. And as the body count rises, the sheriff realizes something even more terrifying - maybe death hasn't come to his little town by accident...

WELCOME TO SAFE HAVEN, POPULATION 907... 906... 905...

AFRAID by Jack Kilborn
Are you afraid of the dark? You will be.

T R A P P E D - A Novel of Terror

TERRIFIED...

It was supposed to be a harmless camping trip. Six wayward teenagers who'd run into trouble with the law, and their court-appointed guardians, Sara and Martin Randhurst. Three nights on a small, deserted island off of Michigan's upper peninsula. A time to bond, to learn, to heal.

Then Martin told a campfire story about the island's history. Of the old civil war prison hidden in there, and the starving confederate soldiers who resorted to cannibalism to stay alive. Everyone thought it was funny. They even laughed when Martin pretended to be dragged off into the woods.

But Martin didn't come back. And neither did Sara when she went in search of him.

Then the laughter stopped.

...TO DEATH

The group soon began to realize that this deserted island wasn't so deserted after all. And perhaps Martin's

ridiculous story had more truth to it than anyone thought.

What's the most horrifying thing you can imagine?

This is a hundred times worse...

TRAPPED by Jack Kilborn

It starts where other horror ends

E N D U R A N C E - A Novel of Terror

WELCOME TO THE RUSHMORE INN

The bed and breakfast was hidden in the hills of West Virginia. Wary guests wondered how it could stay in business at such a creepy, remote location. Especially with its bizarre, presidential decor and eccentric proprietor.

ONCE YOU CHECK IN...

When the event hotel for the national Iron Woman triathlon accidentally overbooked, competitor Maria was forced to stay at the Rushmore. But after checking into her room, she quickly realized she wasn't alone. First her suitcase wasn't where she put it. Then her cell phone was moved. Finally, she heard an odd creaking under the bed. Confusion quickly turned to fear, and fear to hysteria when she discovered the front door was barred and the windows were bricked over. There was no way out.

...YOU'LL BE DYING TO LEAVE

One year later, four new female athletes have become guests of the Inn. Will they escape the horrors within its walls? Or will they join the many others who have died there, in ways too terrible to imagine?

Linda says

All three of these novels were exceptional. Endurance was my favorite. It had so much tension, so much going on, so many kinds of endless horror. If you want to be horrified, read these 3 horror novels.

Karen says

Don't mistake the 2* rating. Of the three books, I'd rank them in the order they are listed. Afraid, by itself, would probably garner a 3* while Trapped would start with a 3*, falling into a 2* and Endurance would be a 2*.

Afraid had a great story line and I was hooked. I enjoyed the story although the ending seemed a tad...neat. Because, seriously, what happens when someone realizes an entire town is gone?

Trapped was good, complete with a tie-in to Afraid. However, it and Endurance feel into a contrived, "B" movie, plot line. I couldn't care about the characters in Trapped; there wasn't any development to get me interested in them. I did care a bit more for the characters in Endurance, but the story was too much.

Now don't get me wrong, I love horror movies - slashers, "B" movies, creep-you-out...etc. But I didn't expect to feel like I was reading a B horror movie, because that's exactly what it felt like.

Trapped an Endurance

These two books are the same story. Just two different Arthur's I don't like when they do this. Same but different.

RedemptionDenied says

I just remembered, I needed to update this, as the special offer is no longer applicable.

Anyway, I reviewed each book, separately. As a whole, I'd give this bundle 3★ because I enjoyed each novel, for the most part, but, due to the typos, formatting issues and continuity errors (which was more terrifying, than some of the things happening in these books. Slight exaggeration), my enjoyment fluctuated, every so often. I've still got a plethora of novels by this author to get through, but I'll be having a hiatus from reading any of his books, for awhile (indefinitely) - and it's not because of my current slump.

I assume it was reduced in price, due to the - less than copasetic, presentation. Luckily, I didn't have to pay

full-price for it.

Peter Ravlich says

Before the trilogy begins, the author thanks Stephen King, Dean Koontz and David Morrell for inventing the horrific thriller genre, and Jack Kilborn's storytelling can stand on equal footing with any of those masters.

I enjoyed the trilogy immensely: they were great page turners, true to the genre, and bundled in a good range of compelling characters. However, there were a few little issues that were compounded by the books being packaged as a trilogy:

The editing seemed to get noticeably worse as the three books progressed. The first book, *Afraid*, was fine on this front, but the following two introduced dozens of typos and other mistakes that an editor really should have captured.

Spoilers ahead

On the plot front, (view spoiler)

A more effective signature was (view spoiler)

There were also a couple of logical question-marks in *Endurance*, most notably (view spoiler) Again, the editor probably should have challenged such content, especially as it wasn't pivotal to the plot and could have been handled more lightly.

So, in summary, there's room for technical improvement across the trilogy, but I can't fault Jack Kilborn's style or tone, and all three books are well worth reading for a quick chill or two.

The Grim Reader says

Great stuff

Picked this up for 99c. Wow what a bargain. If you haven't read Kilborn/Konrath this is an excellent place to start. Strong stomach s only though.

amanda bailie says

Loved this trilogy. Richard Laymon, James Herbert, Stephen King and Dean Kootnz all rolled into one with a little Shaun Hutson threw in for good measure.

Darla Boyle says

Non-stop Horror

In *Afraid*, *Trapped* and *Endurance*, the action begins right away and doesn't stop until the end. J.A. Konrath has a knack for knowing people's worst fears and making them even more intense. And just when thought it couldn't get any scarier or any more gory, it does.

Each story is a stand alone but there is a crazy connection between *Afraid* and *Trapped*, like a wtf, my mind is blown, moment.

A Must read for horror lovers.

Beverly Knight says

This was one of the scariest books i have read, it was scary, gory, page turning good i loved it. I'm a Stephen king, willow rose, fan this rates right up there with them. Planning on reading more of his books.

Karen says

Creepy Stories

If you like horror stories, these are really good ones for you. Now I like horror movies but even these are little more than what I really like. Okay to read but not sure I could ever watch them if they were made into movies!!

Cathy says

Excellent trilogy! Each of these books will grab you and hold you hostage until you turn the last page. Each book is filled with characters that are interesting, complex and some are VERY disturbing! If you're looking for a book that you won't want to read at night but you may have to only because you're not going to be able to put this book down! Thank you for another excellent trilogy!

J.P. McLean says

Don't misconstrue the 3* rating; I highly recommend these books for those who love horror - not sure you'll find a better story-teller than Jack Kilborn. They were a bit gory for my tastes, but well written and packed with edge-of-your-seat tension. Throughout these books I found myself saying, "Surely things can't get any worse for these characters," and then Bam! - sure enough - they got worse.

Bill says

Jack Kilborn aka JA Konrath horror trilogy.
a lot going on in these stories. Not everyone has a happy ending

Kerry Cahill says**Makes Texas Chain Saw Massacre, look like Snow White!**

Great slasher, gore, and absurdly freaky books! This trilogy had me racing through the pages; mixing gut wrenching scenes, with a touch of humour. I was either gagging or laughing. Reminded me of the books I read by, Richard Laymon, and early Dean Koontz. I do enjoy a good Konrath book, tongue in cheek and very macabre. ? Enjoy!

Janet L. Barnes says**Thriller trilogy**

I am never disappointed with this author. Fabulous!!!!!! The characters are well defined and the stories excellently described. I highly recommend this book!
