Jasmine

Kathi S. Barton

Jasmine Kathi S. Barton

Jasmine or as Cain calls his sister, Jazzie is a best-selling romance author known as Jasmine Blackwell. No one in her family knows that is how she is supporting herself and she wants to keep that a secret not just from them, but from everyone who knows her.

Nathan is still working on his self-confidence. Since leaving the life of drugs and alcohol, his sister, Alyssa is helping him get back on his feet by having him work for her and giving him projects to be proud of.

Jazzie has made Nathan aware of himself. Not just as a person but as a man. He wants to be able to do to her, what her books say and he wants the same in return for himself. But when Jasmine's mom is around still causing trouble, will it be so easy for a relationship to bloom between Jazzie and Nathan?

Welcome back to the 5th book in the Waite family series. What does Genevieve Waite have up her sleeves this time for her children and their spouses? Will she finally get what's coming to her? With Ginny on her side, are they both unstoppable and able to get what they feel they both deserve? Someone knows their secrets.

Niki Driscoll says

I just knew the first time we were introduced to Nathan that he was going to end up with one of the Waite girls I just was not sure what one. Jasmine is always referred to as the flighty sister but I think they fell for her good ole girl routine way to easy. You could tell when she was around that there was more to her than what she let them see. Nathan had a bad hand and is working to make things right. I like he has a good relationship with his sister and when they referenced he seemed to run or be uncomfortable around Jazzie I just knew they were going to be an item. Some interesting twists to this storyline make some things come together and left me with a few questions. Cain as always is a great source of entertainment when it comes to the girls and relationships with men. He alone will make you smile when he loses control and Alyssa has to rain him in. I thought the story flowed well and keeps the reader on track with figuring out the who , what and why. The characters are well defined and you get to see how things are progressing in the other family members. With all the mystery around the attacks the last book should be quite a doozie and I for one can't wait to see how it ends.

I was given an ARC for an honest review

Cindy Barton says

Welp, Kathi Barton you have an awesome plot going on in this one. The further I got into Jasmine, the deeper and more complex it got. I think it is an excellent story that readers are going to get into. I think Jasmine has been one of my favorites in the Waite Family. The quietly independent young woman gets to start breaking out of her shell. Granted, she was pushed to do so, but I love how she does it. I also like that she doesn't let her mother push her around. She made a stand and didn't falter. Kathi Barton is delving into a really twisted mind in this one and she does it very well.

I was given a copy in exchange for a honest review.

Joy Whiteside says

I loved this book. It was an awesome read.

The book moved along at a great pace, had characters that you fall in love with and a fabulous story to go along with it.

Kathi S. Barton is an amazing author and I am thrilled to have discovered this amazing author. I look forward to reading more from her in the near future.

Denise says

I enjoy the story of Nathan and Jazzie
remind me of Bryan from the grants series which
by the way is a great story ,also I love the 3 is one
.. I was going to message you and ask that .. Can not
wait until gracie's story comes out .. I hope that will be soon .
You are such a great writer

Charlene Bauer says

I loved this book.

Jasmine is hiding a secret from everyone, including her family.

Nathan is fighting to stay clean after several years in rehab for drug abuse.

As they come together, her secret comes out, and they must deal with the repercussions.

All the while being stalked by a killer.

As they muddle through all this as well as their feelings for each other, the family takes another step closer to discovering who is out to cause all of them harm.

It's a riveting tale of love and intrigue. Jasmine

Jacquie Talento says

I received a copy from the author for an honest review.

I loved how the relationship between Jasmine and Nathan grew. These two have had very hard lives and finally will have each other if just her mother, Guinevere would stay out of it. Ugh!! Can't that woman just disappear? I mean really, who says their kids owe them? She needs a lesson in love like her kids have. Thanks for this one Ms. Barton.

Garmieturtel says

Well, this series just keeps twisting and turning! But thanks to this fact, I was able to let my issues with the erotic portions fall to the background. Some scenes were beyond my realm of comfort, but mental illness isn't an easy read for me anyway.

****Elle**Bee**Double U** says**

Jazzie is the restless sister. To her family she's flighty and hasn't settled down and found a career that works

for her. What they don't realize is Jazzie has a secret of her own and is doing quite well for herself. She's loved Nathan since the minute he came and started working for her sister-in-law. But he runs in the other direction when he sees her.

Nathan Howard is Alyssa's step-brother whom we met in the previous books. He has been an addict since he was 13 with the help and insistence of his mother and uncle (who we found out his his biological father). Jazzie makes him feel things he's never felt before.

Can these two figure out each other and come together before outside force them apart?

I voluntarily reviewed an Advance Reader Copy of this book

Can't that woman just disappear? I mean really, who says their kids owe them? She needs a lesson in love like her kids have. Thanks for this one Ms. Barton.

Carmen says

every book in this series is a keeper.

Patsy Hallam says

Jazzie to her family. She is described as wild as she doesn't hold down a job for more than a few weeks but she has secrets that even her family does not know about.

Nathan is Alyssa's stepbrother and has had a troubled life until he got sober and started to work for the family business.

Nathan and Jazzie are drawn together but fight their feelings as they were scared that their secrets would come out and no one would accept them.

We get to see a bit more in who is trying to kill the Waite family off and the romance between Nathan and Jazzie really come together.

iliana G says

So i am having difficulty saying which book is now my favorite...

Lilly pad and Sin and Quinn and Jazz are each an amazing book to read!

Donna Porter says

good read enjoyed the story
