## **Mikhail** Katie Dowe

A sexy billionaire romance by Katie Dowe of BWWM Club. Features another free bonus book.

Mikhail Antonovich is a ruthless Russian-American billionaire with shady links to the mafia underworld.

He's trying to cut ties and go straight, but that doesn't make him a nice guy.

Far from it - he's left a trail of enemies behind him, and he sees women as property, nothing more.

That is, until he meets Deandre Mason when she delivers pastries to his business.

After initial resistance, he falls fiercely in love with her, and the attraction's mutual.

Deandre has her reservations, but he promises he's changed.

Plus, the passion between them is red-hot, so she finds him hard to resist!

Everything's going well, until one of Mikhail's enemies kidnaps Deandre and begins a ruthless blackmail scheme.

Will Deandre - and their new found love - survive?

Find out in this hot page-turner of a romance by Katie Dowe of BWWM Club.

Suitable for over 18s only due to sex scenes so hot, you'll be looking for your very own alpha male.

## **From Reader Review Mikhail for online ebook**

### **Lynnai says**

#### **Meh**

This book was OK. I enjoyed some of the other books in this series more. There were too many side plots going on, and lots of editing mistakes. I did not really care for Mikhail he was too overbearing and forceful. Deandre was way too weak. This one wasn't my cup of tea.

---

### **Tracy says**

#### **Disappointed**

When I hear bad boy, I expect one. Mikhail talk the talk but what made him bad? Still waiting to find out. The spelling mistakes were too many, and it felt rushed.

---

### **Sonya says**

This book was interesting but needed an editor or a proofreader- a lot of spelling and grammatical errors. I loved her books about Matt and Cara but in this new series the emphasis is less on love and more about sex and then someone gets pregnant and they magically bond when you don't even think the characters like each other half the time and please describe your characters just saying they are beautiful and their friend is beautiful does not cut it or tell a proper story. I just feel like this is either a new author telling the newer line of stories or she needs to slow down and go back and find the magic that was in her original books and story telling.

---

### **Debra Spears says**

#### **By far the best one**

I've read a few that was ok. One I totally hated. This one.. I actually liked. I wish it was a longer book. I liked the characters well enough. They were a good match for each other. I will try to read the other books in the series.

---

### **Sonya Moreland says**

#### **Good**

It was a good read the books are getting better as I go through them. Loving these gorgeous alpha men

---

## **Van says**

### **Made It**

OK so I made it this far and am still enjoying reading them so far so happy Mikhail didn't allow anyone to push him around and he fought for what he wanted! The bonus book was excellent too so happy for that little treat.

---

## **Avid Reader says**

I gave up 3% into this book due to poor grammar, poor proofreading, and poor editing.

When will people stop using words for which they do not know the meaning or correct usage. The male lead is white and Russian as described by the author. Yet, two pages later she described him as "swarthy." Swarthy means "dark skinned," black or a person of color. Oh, and "learnt" instead of "learned." Geez!

---

## **Monique's booklist says**

bad, just bad!!

---

## **Kashi Ashley Lowe says**

So far Patrick and Mikhail are my fav books in this series

---

## **Brenda says**

Very good and intense. Loved it.

---

## **Deborah R. says**

### **Mikhail**

This book was full on intrigue and romance. An alpha male meets his match when comes up against a strong willed heroine. Instant overwhelming chemistry.

---

## **M says**

### **4stars**

Good read nice story line, nice drama with a little comedy. Just enough to keep you interested. Can't wait for the next book.

---

## **Betty L. Whittle says**

### **IMikhail (Members From Money Book 5) by Katie Do we, BWWM Club**

I am so enjoying Members From Money Books they all have very interesting plots. They are hot and heavy but the story keeps you turning the pages. I love Mikhail he was just so commanding and arrogant at the same time. These books are definitely for mature reader's. The bonus book Vasili (Her Ex Mafia Billionaire Lover was good but it ended with so many questions.

---

## **Maria Hammonds says**

### **Oh my!**

Talk about being swept off your feet! Once his eyes were set on her, he was relentless in the pursuit of her. Deandre's love for Mikhail was unwavering , touching, but was it realistic ? What precautions did he take to ensure nothing like that happens again. To be kidnapped twice because of the same person, that's a little much. All the story lines are wrapped up except for Charmaine's what do you do with her? Mmmmmmm! I feel a story coming on. Hint, hint!

---

## **Angela V. Herndon says**

This chapter of the series was very interesting!! Talk about opposites attract!! This unlikely match were more opposites than Bradley and Leesa, but just as loveable!! For me to say anything else will be letting the cat out of the bag!!
