Super cute. The baby is very appealing. This was one of my daughter's favorites when she was an infant.

Vicki says

Really fun to use in baby storytime with scarves -- hand those out to the parents before you read, and the babies will get a huge kick out of it.

Dana says

An interactive way to teach family members' names, and relations with a sweet surprise ending.

Chinook says

Recently we went to a SURJ meeting where we talked about diversity in reading. One point made was how it's easy enough to find POC characters in books about issues, like Rosa Parks or the Underground Railroad, but harder to find books with diverse characters just living normal, day-to-day life. And this is fabulous - Kait likes the peekaboo/guessing game aspect of the book and she loves books about babies.

Lauren says

my girl just loved this book!!! she had me read it over and over again!!!

Laura says

Perfect for my two year old that is utterly obsessed with peekaboo. Beautiful illustrations help a lot, too.

Gwen Marie says

The bright illustrations and large bold text make this book visually engaging for readers. Repetition of words enables parents to easily read along. Provides an opportunity to make a game out of the story with older readers.

Melissa Andrews says

This is a great book, especially when the child has started to identify the people around him/her and things in his/her environment. It's a simple book - but they love it! One page will say, "Peekaboo, I see..." - and then when the page is turned, mommy or daddy or grampa or train is revealed.

We (baby and I) absolutely love it. He can even "read" it by himself.

Leslie says

Sweet peekaboo book! Love the comments in reviews about using it in Storytime.

Casandria says

One of the very few books that actually works for baby story time! Soooo cute!

Erin Connolly says

Concept. I read this book for my author study. I probably wouldn't use it in class, but it's a cute book for kids at home.

Lynn Davidson says

A darling toddler plays peekaboo with the important people and things in his world in this boardbook.

Tiffany says

This was adorable!!

Cheryl says

Bad blurb, excellent book. Would be even better as a board book. Perfect for wobblies (one-year-olds, just starting to walk).
