The Family Next Door Heather D'Agostino

Does happily ever after truly exist, or is it some fantasy that we choose to believe in?

In *The Boy Next Door* we met Katie and Patrick, a couple who seemed like they were meant for each other.

A couple who seemed to be perfect.

But looks can be deceiving...

What happens when true love is put to the test? When secrets are formed, and the bonds of marriage are tested?

Can happily ever after survive, or will it wither away?

Katie and Patrick's story continues in *The Family Next Door*- book 5 in the *Second Chances* series.

This book is intended for audiences over the age of 17. It contains graphic sexual encounters and profanity.

Tracy Lundy-Munn says

The Family Next Door is the fifth book in the Second Chances series by Heather D'Agostino. Loved the storyline and the twist and turns that had me hooked from beginning to end. The characters once again had lots of depth, emotion, and lots of hot chemistry. Glad to see everyone got their happily ever after and I would highly recommend this series!!

Michelle Gabriel says

I liked this book just as much as the previous four in the series. I just like the writing style of this author. It makes for an easy, but exciting read. I like the characters and being able to believe their storylines.

Big thanks to Heather for an ARC copy for review.

Since the beginning of the Second Chance Series I became a big fan of Patrick and Katie. Through books one and two I felt like I was right living their lives right beside them, and that may sound corny, but I don't care. I just adore this couple, so when Heather announced that they were getting a sequel I was beyond thrilled. I will say this novel was everything I was hoping for.

Katie and Patrick are settling into their lives as newlyweds and with great medical careers ahead for both of them. But something is missing, and it's what Katie is very much wanting and leaving Patrick feeling like he is not sure he is ready yet, a baby. This had my feelings going up and down and all around. There were moments of joy, passion, doubtfulness, anger, heartbreak, sadness, love, and excitement. This couple had quite a bumpy road and there were certain times I wanted to throttle both of them, but in the end love and family is everything.

The ending closed this series perfectly and I loved that epilogue. Heather's Second Chance Series has been amazing and I enjoyed going on the journey with each of these characters. It will remain one of my favorites.
